Chairperson Martin called the meeting to order at 6:00 p.m. The following agenda item was discussed:

1. **Job Description – Career & Innovation Pathways Specialist**

Ms. Doherty asked Ms. Desmond to address the Subcommittee. Ms. Desmond spoke about the proposed job description and stated that it was written into a small grant to help manage and support the deliverables. Ms. Desmond asked LZ Nunn, Project Learn to address the Subcommittee regarding the proposed job description and Project Learn's partnership. Ms. Nunn stated that they applied for competitive funding from the Department of Elementary and Secondary Education (DESE) and they requested the maximum which was $50,000. Through funding from Project Learn they were able to add up to an additional $25,000 to support the position.

Ms. Doherty asked about it being a one (1) year grant.

Ms. Nunn stated that the grant ends in August.

Ms. Clark asked if there is a possibility to spend the grant money through August and then spend the Project Learn monies.

Ms. Nunn stated that the money ends from Project Learn in June 2020.

Ms. Desmond stated that is a very small grant with it only being $50,000.

Ms. Clark stated that this sounds like a very important position and if successful we should look at possibly keeping this when budget time comes.

Ms. Doherty stated that she thinks there will be a need to continue this and we should have a plan in place to continue this with the contacts that have been established.

Ms. Martin stated that the person who used to do this should be included in this process. She stated that there is already someone at the high school that has these relationships with these companies.

Ms. Martin stated that the items that speak about assisting students should be removed in the posting as well that the position is temporary with no benefits and is not a full year.

Ms. Doherty stated that adjustments should be made to the grant.

Ms. Doherty made a motion to accept and approve the job description with the changes made; seconded by Ms. Clark. 3 yeas APPROVED

Ms. Doherty made a motion to adjourn at 6:31 p.m.; seconded by Mr. Clark. 3 yeas APPROVED

Policy Subcommittee Meeting

Wednesday, March 4, 2020
City Hall – Council Chamber
5:30 p.m.

Subcommittee Members Present:	Chairperson Jackie Doherty, Mike Dillon Jr. and Connie Martin
School Committee Members Present:	Andy Descoteaux, Robert Hoey and Hilary Clark
School Department Personnel Present:	Latifah Phillips, Chief Equity & Engagement Officer Attorney Michael Ortiz, Staff Counsel

---

Chairperson Doherty called the meeting to order at 5:38 p.m. The following agenda item was discussed:

1. **Policy on Students Who Become Non-Residents of Lowell During the School Year**

Ms. Doherty asked Ms. Phillips to address the Subcommittee. Ms. Phillips spoke about the proposed policy and informed them that this policy will only be offered to high school seniors. The policy allows the Superintendent to make the final decision if the student is to remain enrolled at Lowell High School for the remainder of the school year if the student moves before the end of the school year. She also stated that the policy has been revised based on feedback she has received. The version online states that if the student has moved after the first marking period they may be allowed to remain enrolled and that language has been deleted and the new language is that a student starting at the beginning of the school year may be allowed to remain enrolled.

Ms. Martin asked if there is an impact on any sports participation etc. in terms of not being able to play on a sports team.

Mr. Dillion stated that if the school rules a student could play the MIAA generally adheres to the school rules and the student could live out of town.

Mr. Ortiz stated that he believed Mr. Dillon was correct that the MIAA would follow the district's decision similar to school choice (Chapter 75, section 5).

Mr. Dillon asked why the date was pushed back.

Ms. Phillips stated that it would be best to begin at the beginning of the school year as not to conflict with marking periods of other districts.

Mr. Doherty asked if we would still get the funds even if the student left.

Mr. Ortiz stated that is correct, because they fall into our count after October 1st.

Ms. Martin made a motion to accept the new policy recommendation; seconded by Mr. Dillon. 3 yeas APPROVED

Ms. Martin made a motion to adjourn at 5:47 p.m.; seconded by Mr. Dillon. 3 yeas APPROVED

Student Opportunity Act Update: Aligning the Requirements of the State Mandated Plan with the District's Long Term Strategic Priorities

Equity. Excellence. Empowerment.

March 18, 2020

LOWELL PUBLIC SCHOOLS

We have extraordinary students and there are great things happening in all of our schools, but not all children are benefiting from the full range of opportunities in LPS.

With our current improvement trajectory, if nothing changes, it will take almost 40 years before we reach a point where every child is achieving at or above grade level expectations.

Lowell Public Schools

Agenda

1. Overview of the Student Opportunity Act
2. Core Beliefs and Fundamental Commitments
3. Review of LPS' Long-Term Strategic Priorities
4. Alignment of Priorities and Allowable SOA Expenditures
5. SOA-Approved Program Areas and Resource Needs
6. Remaining Budget Considerations
7. Next Steps for SOA Plan Submission to DESE in April

The Student Opportunity Act Changed How Chapter 70 Funds are Allocated to Districts

- Governor Baker signed the Student Opportunity Act (SOA) into law on November 26, 2019, increasing the overall state aid to school districts and directing more money to districts that serve higher need populations
- The increase in Chapter 70 aid provided to districts as a result of SOA functions the same as any other **increase in operating revenue** and **must account for the increased operating expenses** that districts experience each year
    - In FY21, **LPS will receive $12.7 million**, approximately $800 per student, through the first year of SOA rollout, a similar increase to what LPS received in FY20 Chapter 70 aid prior to SOA
    - At the same time, LPS will experience an **increase in fixed costs of $6.5 million** due to embedded step increases in collective bargaining agreements and increases in healthcare premiums, leaving ***a difference of $6.2 million*** or approximately ***$400 per student*** for strategic investments in the classroom

Every Decision We Make is Guided by Our Core Beliefs & Fundamental Commitments

Core Beliefs

1. A high-quality education is a **fundamental civil right** of every child we serve.
2. Teaching and Learning are at the **core of our work**. Everything we do must support what happens in the classroom.
3. Families are our partners. They are our students' **first teachers in the home**.
4. There is no silver bullet to improving our schools. Sustainable school improvement requires **hard and steady work over time**.
5. Every adult in the system is accountable for the success of our students. Putting every child on a path to college or career success is the **responsibility of the entire community**.

Fundamental Commitments

1. **Eliminate** the racial, ethnic and linguistic **achievement and opportunity gaps** among all students.
2. Provide **equitable funding and resources** among the district's diverse schools.
3. **Engage all families** with courtesy, dignity, respect and cultural understanding.

The LPS Budget is a Funding Plan for the District's Overarching Educational Plan

Based on eight months of listening to and learning from stakeholders across the community, four strategic priorities for long-term improvement have emerged and continue to be validated by the data:

1. Increase access to early learning opportunities for children from birth to age 5 through a coordination of services with community partners to ensure that every child in Lowell is academically, emotionally and socially prepared for Kindergarten.

2. Increase access for all students to high performing seats through the continuous improvement of all schools, the expansion of high demand programs, and an intensive focus on turning around historically underperforming schools.

3. Align secondary school curriculum and programs for all students with post-secondary opportunities so that they are college, career, and life ready upon graduation.

4. Leverage the rich diversity that defines the Lowell community through a fundamental commitment to equity so that all students access the full benefits of growing up in a truly global community.

The Student Opportunity Act Requires Districts to Provide DESE with a Full Accounting of the Planned Use of Additional Chapter 70 Revenue by April 1

[District Name]

Student Opportunity Plan: SY 2021-2023

→ Commitment 1: Focusing on Student Subgroups

Which student subgroups will require focused support to ensure all students achieve at high levels in school and are successfully prepared for life?

→ Commitment 4: Engaging All Families

How will your district ensure that all families, particularly those representing the student subgroups most in need of support, have the opportunity to meaningfully engage with the district regarding their students' needs?

[Insert text here]

DESE encouraged districts to commit to a small number of high-impact, evidence-based programs to close opportunity and achievement gaps among student subgroups. A completed Student Opportunity Plan should **not** look and feel like a comprehensive strategic plan. The Student Opportunity Plan is a chance to highlight the most critical initiatives underway and deepen them or add a few new programs that will best support student needs. Long form districts are encouraged to focus primarily on how they will spend incremental Chapter 70 funds to adopt new evidence-based programs or deepen current efforts. **However, long form districts not expecting to receive significant new funds can focus their narratives more on current programs underway that are focused on improving outcomes among student subgroups.**

The Student Opportunity Act within the LPS Context

- In the past, it may been more straightforward to determine how funding would translate to school-based resources due to the prior centrally-controlled decision-making model.
- However, beginning with FY 21, LPS is moving to **site-based budgeting** in which more of the decision-making has shifted to the schools through **collaborative processes** that include newly reconstituted site school councils.
- In doing so, LPS is ensuring the **staff and families have a voice** in identifying each school community's budgetary priorities while **maintaining the oversight** and checks necessary to ensure accountability and **systemic alignment**.
- Through allocation of pooled funds based on total number of students and individual student needs, **educators working directly working with students**, are able to determine the optimal supports for their building community.

The List of Allowable Expenditures Provided by DESE Under SOA Align with Our Long-Term Strategic Priorities

Enhanced Core Instruction

1. Expanded access to full-day, high-quality pre-kindergarten for 4-year-olds, including potential collaboration with other local providers
2. Research-based early literacy programs in pre-kindergarten and early elementary grades
3. Early College programs focused primarily on students underrepresented in higher education
4. Supporting educators to implement high-quality, aligned curriculum
5. Expanded access to career-technical education, including “After Dark” district-vocational partnerships and innovation pathways reflecting local labor market priorities (I)

Targeted Student Supports

6. Increased personnel and services to support holistic student needs
7. Inclusion/co-teaching for students with disabilities and English learners
8. Acceleration Academies and/or summer learning to support skill development and accelerate advanced learners
9. Dropout prevention and recovery programs

Talent Development

10. Diversifying the educator/administrator workforce through recruitment and retention
11. Leadership pipeline development programs for schools
12. Increased staffing to expand student access to arts, athletics, and enrichment, and strategic scheduling to enable common planning time for teachers
13. Strategies to recruit and retain educators/administrators in hard-to-staff schools and positions

Conditions for Student Success

14. Community partnerships for in-school enrichment and wraparound services
15. Parent-teacher home visiting programs
16. Labor-management partnerships to improve student performance
17. Facilities improvements to create healthy and safe school environments

SOA Allowable Program Area: Enhanced Core Instruction

{Aligned LPS Strategic Priorities: Increase Access to High Performing Seats; Align Secondary Programming with Post-Secondary Opportunities}

Supporting educators to implement high-quality, aligned curriculum

TOTAL RESOURCE NEED: $7,900,000

SOA Allowable Program Area of Focus: Enhanced Core Instruction

Supporting educators to implement high-quality, aligned curriculum

- LPS current enrollment 15,368
- 57.7% of LPS students economically disadvantaged
- 24% of LPS students are English Learners
- 31.3% of LPS students speak a language other than English in the home.
- 74% of LPS students are designated as “High Needs” by the DESE.

Supporting educators to implement high-quality, aligned curriculum

LPS must make a significant investment in SOA funds to support rising personnel costs to provide the best learning environment for our children.

- One teacher for every 25 students in elementary schools
- One teacher for every 30 students in middle schools
- Every elementary school with 400 students funded for a Literacy Specialist
- Every middle school with 500 students funded for an Instructional Specialist
- Leveling caseloads for equity

FY21 Cost to Maintain Current Class Sizes and Caseloads at Each School = $6,500,000

Supporting educators to implement high-quality, aligned curriculum

LPS must make a significant investment in SOA funds to increase technology hardware to move toward achieving a 1:1 student to device ratio.

- 1-to-1 student to device ratio will decrease inequities among students and schools.
- Students device use improves the writing process, expanding the genres and formats
- Student-centered, individualized, and project-based learning increases engagement
- Student-teacher communications often increases.

FY 21 cost for 4,600 additional student devices and required accompanying software to improve the current ratios to 1:1 for grades 4-12 and 1:2 for grades K-3 = $1,400,000

SOA Allowable Program Area: Early Learning

{Aligned LPS Strategic Priority: Expand Access to Early Learning, from Birth to Age 5}

Expanded access to full-day, high-quality pre-kindergarten for 4-year-olds, (including potential collaboration with other local providers) alongside robust research-based early literacy programs in pre-kindergarten and early elementary grades.

TOTAL RESOURCE NEED: $3,600,000

SOA Allowable Program Area: Early Learning

Expanded access to full-day, high-quality pre-kindergarten for 4-year-olds, (including potential collaboration with other local providers) alongside robust research-based early literacy programs in pre-kindergarten and early elementary grades**.**

- *Research demonstrates that students who attend high-quality preschool programming enter kindergarten with greater pre-reading skills, larger vocabularies, and stronger math skills than those students who do not* attend a high-quality preschool program.

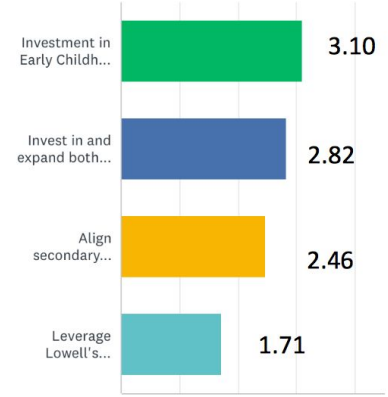
LPS currently serves 504 four year-olds and 141 three year-olds. LPS strives to provide high quality programming opportunities for all four year-olds in Lowell.

Expanded access to full-day, high-quality pre-kindergarten for 4-year-olds alongside a research-based early literacy programs in pre-kindergarten and early elementary grades

Current District Investment:

- Cardinal O'Connell Early Learning Center
- Every 12 Pre-K students will get a half day Pre-K teacher
- Every 24 Pre-K students will get 1 Pre-K teacher
- Every Pre-K classroom will get 1 para

A recent UTL member survey showed that members felt investing in early learning is an important focus area



Additional Resources:

LPS has recently allocated funds to launch a feasibility study on Pre-K expansion. We will be mapping the current programming within LPS, the community, and with our community partners to identify gaps in access as well as areas of opportunity for expansion.

Anticipated FY21 cost to add 400 full day preschool seats to the current partial day offerings to ensure that all 4 year-olds within our community have access to early learning opportunities = ~$3,600,000.

SOA Allowable Program Area: Targeted Student Supports

{Aligned LPS Strategic Priority: Increase Access to High Performing Seats}

Increased personnel and services to support holistic student needs

TOTAL RESOURCE NEED: $2,800,000

Lowell Public Schools

SOA Allowable Program Area of Focus: Targeted Student Supports

Increased personnel and services to support holistic student needs

The Renaissance Network is the strategic grouping of our chronically underperforming schools.

All of the schools have created a DESE turnaround plan and are in the implementation stages.

LPS is working to differentiate supports to these schools based on readiness and accountability percentiles

Increased personnel and services to support holistic student needs

- LPS has identified 7 schools in need of targeted interventions for subgroups
  - 4 middle schools (Sullivan, Robinson, Butler, Stoklosa)
  - one pre k- 8 (Bartlett)
  - one elementary (Greenhalge)
  - Lowell High School
- Students at these schools are performing at lower levels than at other similar schools in the district, with average scores for all subgroups more than 10 points lower than other schools in the city.

LPS recognizes that seven of our schools require additional time, attention, support and services to dramatically change their trajectory and course of action. LPS is setting the stage for long-term improvement by focusing on academics and student achievement at every school site and investing in targeted and intensive support for chronically underperforming schools.

The Robinson School was the only school of these seven to receive significant financial support from the state, receiving more than $300,000 each year for the current fiscal year as well as FY21 and FY22.

The FY21 cost to provide the Sullivan, Butler, Stoklosa, Bartlett, Greenhalge and LHS with a similar additional supplement to their school-based budgets as the Robinson, enabling each Renaissance school to have similar access to additional administrative and social emotional learning supports and increased time for professional development = $1,800,000

Lowell Public Schools

SOA Allowable Program Area of Focus: Targeted Student Supports

Increased personnel and services to support holistic student needs

- SEL/School Climate Support
- PBIS
- First Step/Open Circle Curriculum
- Restorative Justice
- Help Zones

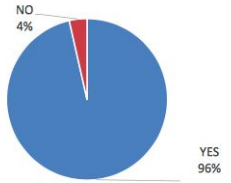
Increased personnel and services to support holistic student needs

In-school alternative programming at each comprehensive K-8, middle and high school

- Social Emotional Curriculum across schools
- Restorative Justice Model
- Help Zone to provide staff and students in need with social emotional supports.

Based on a recent UTL member survey, 95% of members believe SEL services are extremely important for the success of the school.

Q22: Would a lack of social-emotional services and supports be a critical factor in addressing the social-emotional health of our students, especially those students who are in crisis?



FY21 cost to add within school alternative programs to nine schools, including an additional full-time teacher and paraprofessional to provide support for at-risk students at every traditional school serving grades 5-12 = $1,000,000

Commitment 3: Monitoring Success with Outcome Metrics and Targets

DESE outcome metrics:

- ELA achievement
- Mathematics achievement
- ELA mean SGP
- Mathematics mean SGP
- Dropout rates
- Graduation rates

District metrics:

- Student engagement survey (MCIEA)
- Family satisfaction survey (MCIEA)
- iReady results
- Average Daily Attendance rates

Commitment 4: Engaging All Families

- An LPS core belief is that *families are our partners*.
- LPS has convened a Superintendent's Steering Committee that is comprised of representatives from a host of internal and external stakeholders who will serve 6-month or 12-month terms and meet with the superintendent and leadership team on a monthly basis to vet ideas and initiatives as a sounding board meant to emphasize inclusivity in the district's decision-making processes.
- LPS has focused on the revitalization of School Site Councils at each of our school sites.
- School site councils will advise school based administration on school initiatives such as the fair student funding allocations, curriculum, and school-based budget.
- LPS has hired new district-based Bilingual Parent Liaisons to complement existing staff to provide translations in Khmer, Spanish, Portuguese, Arabic, and Swahili to allow for better access for all families.
- Lowell has been recently accepted into the MA DESE's cohort of districts to be trained in the research-based ***Parent Institute for Quality Education*** (PIQE) model. Lowell staff will be trained in the model in May 2020 and LPS anticipate launching parent series at a number of schools this fall.

Commitment 4: Engaging All Families (and All Stakeholders)

- Through the strategic planning process, 20 of 28 schools were visited for facilitated conversations around the developing strategic plan in order to obtain feedback from educators on the strategic priorities and to incorporate input from frontline LPS educators on those priorities.
- Remaining eight schools were scheduled in the final weeks of March and will have the opportunity to participate (at least) electronically along will all other LPS staff during the state-mandated closure with data from surveys and questionnaire data being obtained prior to the conclusion of the closure.
- Over 100 individual meetings and listening sessions with employees, community members, and non-profit leaders.
- 100+ visits to schools, including visits to more than 100 classroom visits by the superintendent in the first 100 days of SY 19-20.

Remaining Budget Considerations

- In FY21, **LPS will receive $12.7 million**, approximately $800 per student, through the first year of SOA rollout.
- This increase in Chapter 70 aid functions the same as any other **increase in operating revenue** and **must account for the increased operating expenses** that districts experience each year.
- LPS will experience an **increase in fixed costs of $6.5 million** due to embedded step increases in collective bargaining agreements and increases in healthcare premiums - **an expense which will be met without any associated cuts to school budgets, ensuring that class sizes and caseloads can be maintained at all schools.**
- The remaining ***$6.2 million,*** or approximately ***$400 per student,*** can be used for strategic investments in the classroom.
- Based on a review of data and the priorities we have gathered from internal and external stakeholders, there is an **additional immediate need for resources within schools of $7.8 million**, as outlined within the current preliminary draft SOA plan.

Remaining Budget Considerations (cont.)

- To maximize the use of the remaining $6.2 million, **an additional $2 million has been provided directly to schools through Fair Student Funding** to empower principals, teachers and parents at each school site to play a greater role in tailoring their schools' budgets and the resources within their schools to meet the needs of students.
- With the remaining $4.2 million, following school-based decisions, we anticipate there will be $5.8 million of additional prioritized resource needs in order to fully meet the current year 1 goals within the draft SOA plan. Thus, as anticipated, additional decisions will need to be made regarding district priorities ahead of our full budget proposal.
- A full balancing of the budget (i.e. revenue to expenses) will be completed in alignment with our full strategic planning process which we expect to complete in April with a draft budget presented to the SC in May.
- **Important note: none of the cost estimates presented within the current preliminary draft SOA plan account for or include any increased salary costs that may result from collective bargaining** (***there would be an additional cost of approx. $1.3 million to the FY21 budget for every 1% of salary increase*)

Dr. Joel Boyd, Secretary
Lowell School Committee
155 Merrimack Street
Lowell, MA 01852

Dear Dr. Boyd:

In accordance with Article XXVI, Section A, of the Collective Bargaining Agreement between the United Teachers of Lowell (U.T.L.) and the Lowell School Committee, the U.T.L. would like to place an item on the School Committee Agenda for the March 4th meeting. The Agenda item would be for the purpose of distribution of, and discussion of, a survey of teachers and paraprofessionals conducted by the U.T.L. A copy will be distributed to the School Committee prior to the meeting.

Thank you for your attention to this matter.

Sincerely,

Paul Georges

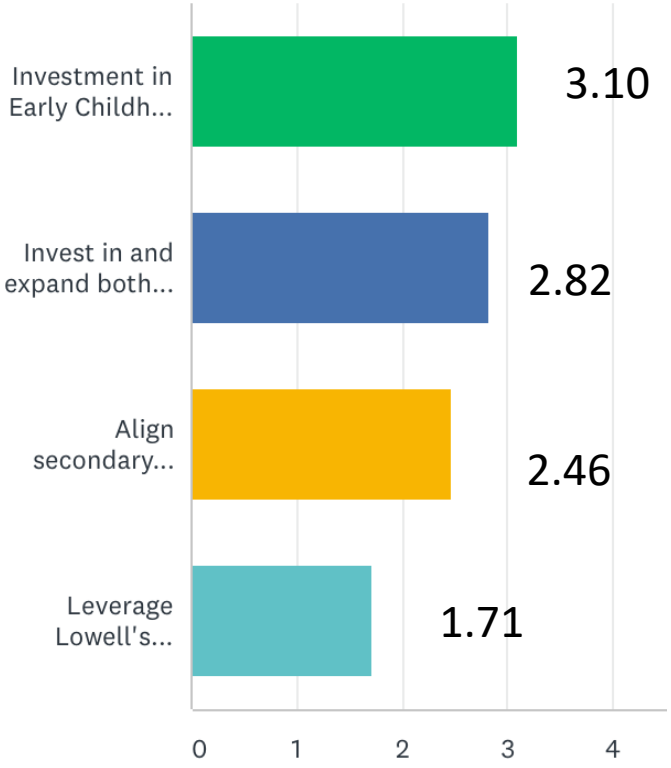
District Proposed Priorities

- Investment in Early Childhood education (Ages Birth to 5) to encompass First 2000 Days and include Universal Pre-K through work/partnerships with community partners. This investment closes opportunity gaps and ensures every child is ready for Kindergarten on Day 1.
- Invest in and expand both high performing and high demand programming by increasing the number of available seats. Invest in and target intense support for chronically underperforming schools (Currently identified as the 7 LPS Renaissance schools: Bartlett, Butler, Greenhalge, LHS, Robinson, Stoklosa & Sullivan).
- Align secondary school programs (middle/high school) to better prepare students for college or careers in the 21st Century (explore including access to programs at Greater Lowell Vocational Technical High School to LHS students).
- Leverage Lowell's greatest asset - diversity - and invest in and take advantage of the opportunity to become a global community through a renewed commitment to equity.

District Proposed Priorities

Q4 Results



Q5 Do you agree that these four statements reflect current priority needs in the Lowell Public Schools.

43% replied YES

57% replied NO

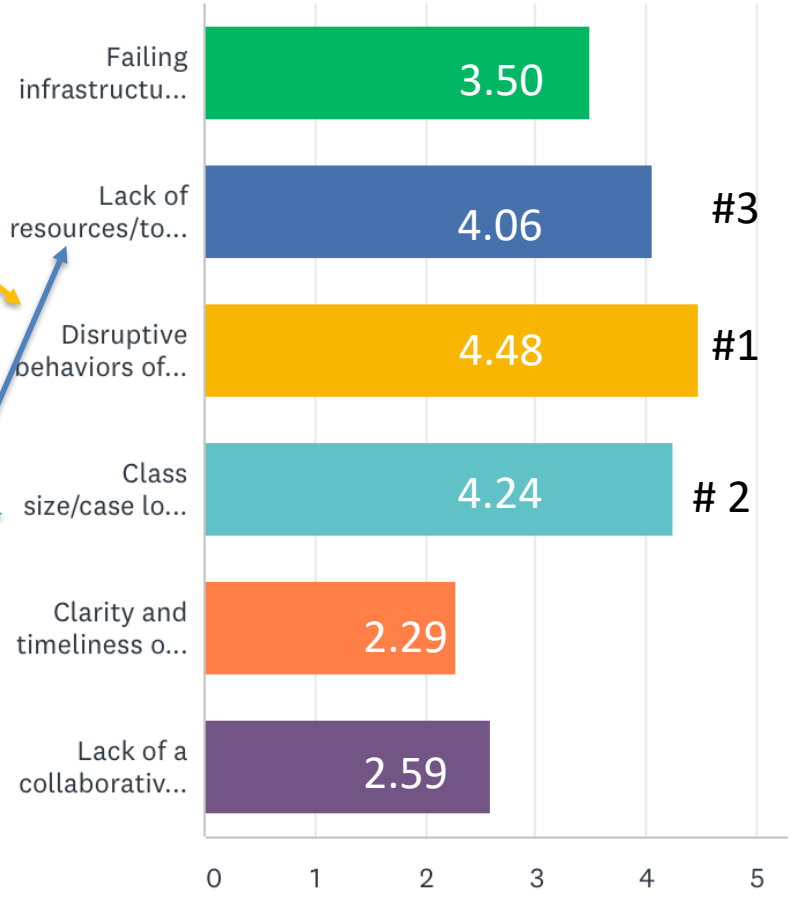
Q6: Identifying Impediments to Students Learning and Teachers Teaching

Thinking about your classroom and school, rank the following as possible impediments to teachers teaching and students learning. Rank the choices from 1-6 with 1 being the greatest impediment.

- Failing infrastructure
- Lack of resources/tools needed on a daily basis for teaching
- Disruptive behaviors of students
- Class size/case loads and lack of personnel supporting students in your classroom
- Clarity and timeliness of school and district communications
- Lack of a collaborative environment which includes staff and teachers decision-making

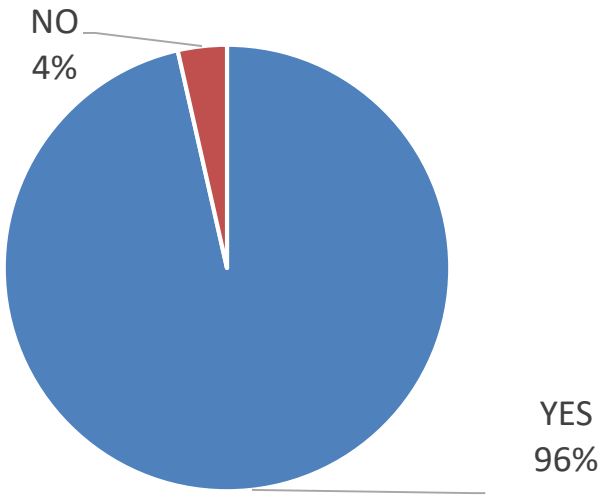
Q6: Identified Impediments to Students Learning and Teachers Teaching

1. Disruptive behavior of students
2. Class size, caseload and lack of personnel supporting students in the classroom
3. Lack of resources/tools for the classrooms on a daily basis



Disruptive Behaviors & Social-Emotional Support

Q22: Would a lack of social-emotional services and supports be a critical factor in addressing the social-emotional health of our students, especially those students who are in crisis?



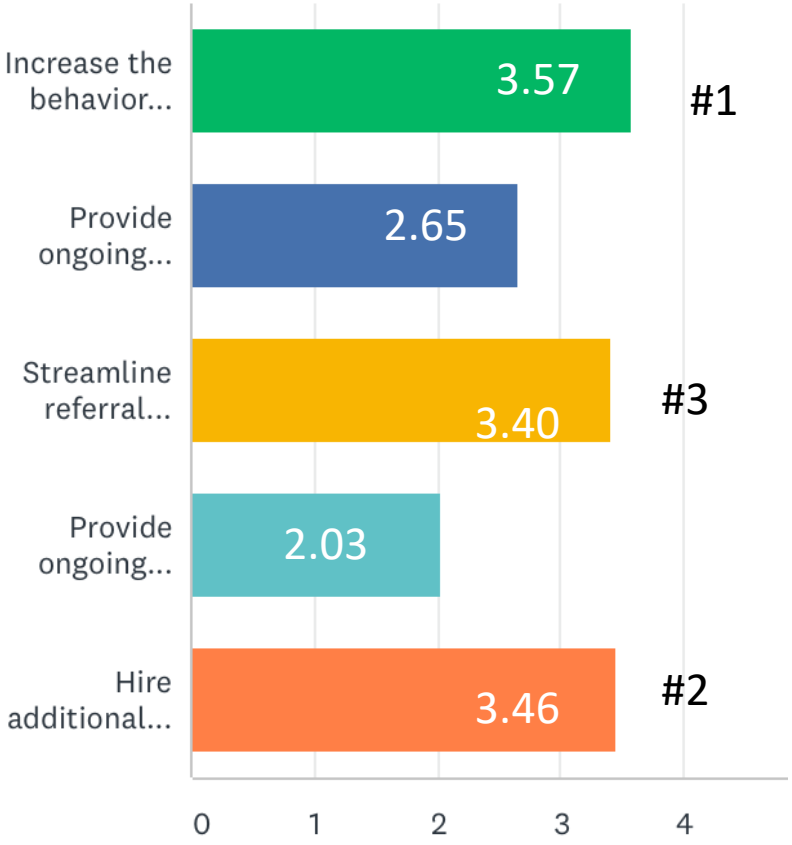
Disruptive Behaviors & Social-Emotional Support

Q23: Thinking about Social Emotional Learning (SEL) supports for your students, please rank the following items 1-5 (1 most important).

- Increase the behavior teams/support staff available to address students who are in crisis
- Provide ongoing professional development to all staff in the area of Social Emotional Learning (SEL) based on the program in use in our school (Restorative Justice, PBIS, etc.)
- Streamline referral process for students who need critical support, particularly in terms of placements in alternative programs inside or outside of your school
- Provide ongoing professional development for paraprofessional staff in the areas of Social Emotional Learning (SEL) and/or behavior management
- Hire additional social workers, behavior specialists (decrease current caseloads and increase access to Social Emotional Learning (SEL) support specialists both inside and outside of your school)

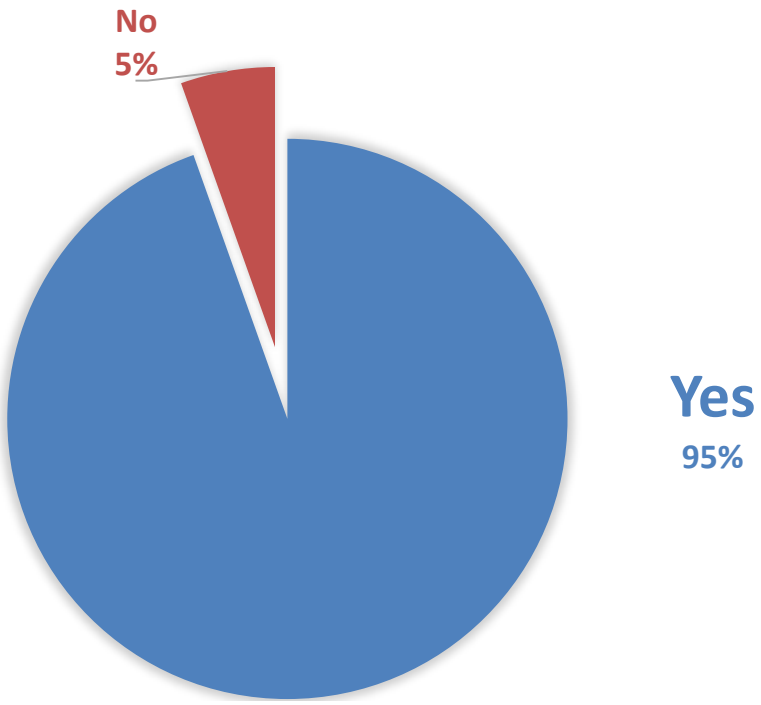
Disruptive Behaviors & Social-Emotional Support

- **Increase behavior/support teams**
- Ongoing PD for behavior program/SEL used in each school
- **Streamline referral process**
- Provide PD in SEL for paras & other staff
- **Hire additional SW, Behavior staff**



Disruptive Behaviors & Social-Emotional Support

Q24: Would expansion of alternative placements in a program inside or outside of your school be a benefit to the students with whom you come in contact?

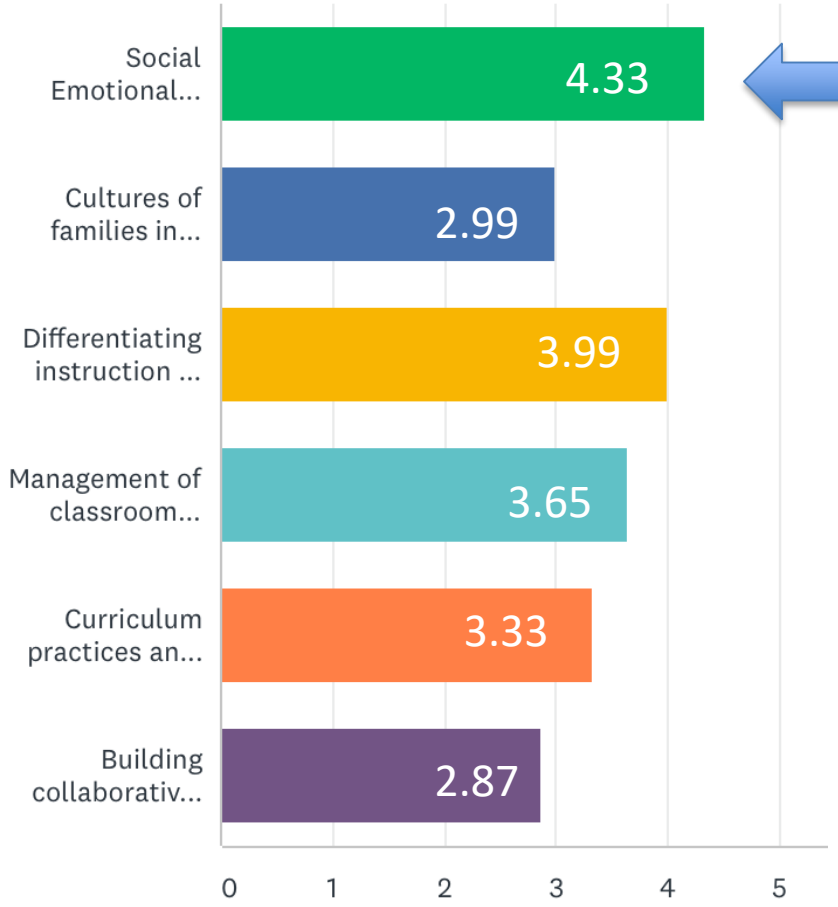


Disruptive Behaviors & Social-Emotional Support

Q29: I would like more professional development on the following topics:

- Social-Emotional Learning
- Cultures of Families in Lowell
- Differentiating Instruction to accommodate special needs
- Management of classroom behaviors
- Curriculum practices and content practices
- Building collaborative cultures and a collaborative approach to decision-making

Disruptive Behaviors & Social-Emotional Support



Identified by staff as top priority for PD

In their own words:

- We need programs for students who are in crisis and disrupt the learning of others in the school.
- PBIS does not address students in crisis or students with atypical behavior problems.
- We only have one part-time social worker. This does not come close to being adequate.
- Educators are not trained social workers/therapists. We need more staff who are licensed in these areas to deal with social-emotional issues

In their own words:

- I don’t believe that alternative placement is right for most disruptive students. I would love to see support staff push IN and support them in the regular classroom. That way, they get the experience of the regular classroom without shutting it down every time there’s a problem.
- Too many students are misplaced in the regular ed. classroom when they need to be in an adjustment class or mental health facility.

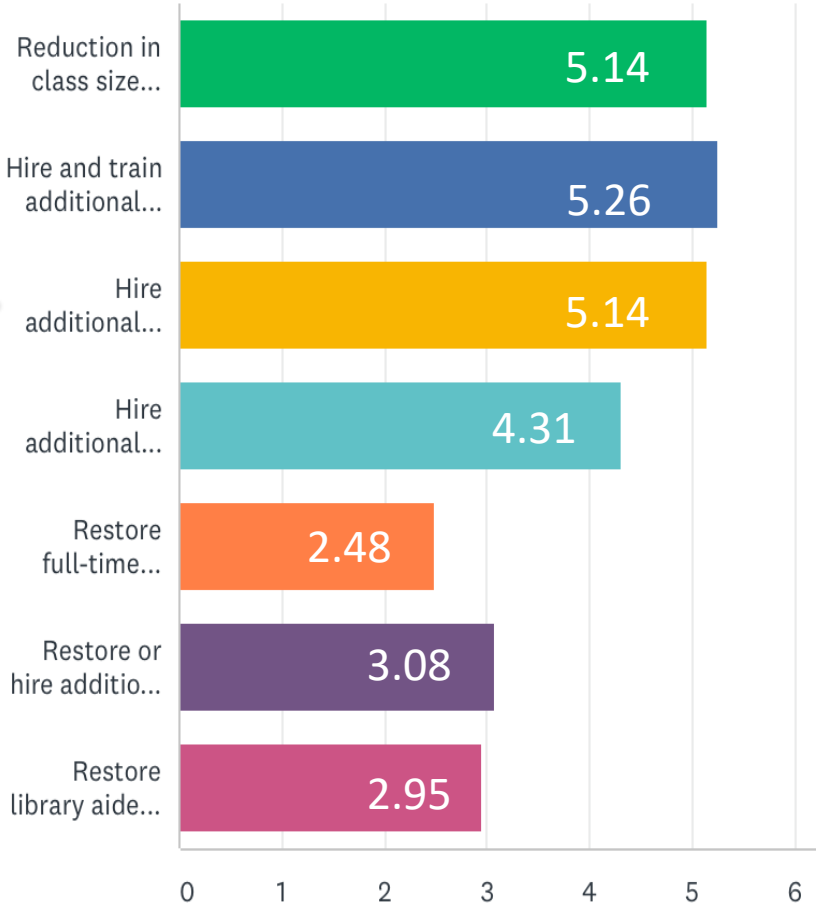
Staffing Needs

Q13: Rank the following items. Rank the items 1-7 with 1 being the most important. Thinking about staffing needed to support your students, please rank the following items 1-7 (1 most important).

- Reduction in class size achieved by hiring additional teachers
- Hire and train additional classroom paraprofessionals and 1:1/SpED paraprofessionals
- Hire additional Special Education teachers and Allied Health staff (SLP, OT/PT. etc.)
- Hire additional English Language Learner (ELL) teachers to support ELLs
- Restore full-time parent liaisons/community engagement staff
- Restore or hire additional allied arts instructors, instructional technology specialists, or curriculum/content coaches
- Restore library aide positions

Responses to Staffing Questions

- **Hire more teachers (reduce class size)**
- **Hire more paras**
- **Hire more SpED/Allied Health**
- Hire more ELL teachers
- Restore parent liaisons
- Restore/hire Allied Arts, Content, ITS
- Restore Library aides



Responses to Staffing Questions

Q17: As Allied Health or as a Special Educator do you feel the caseload in your current situation is

- Too high/large
- Just about right
- Too small/few

Q17 Allied Health and SpED Staffing Results

	Number of Responses	Percentage
Too High/large	203	77%
Just Right	61	22%
Too Small/few	1	1%

Responses to Staffing Questions

Q18: The ratio of Special Education staff is adequate to meet the needs of students as outlined on IEP's.

92% say Ratio of sped staff is inadequate to meet the needs of students as outlined on IEPs

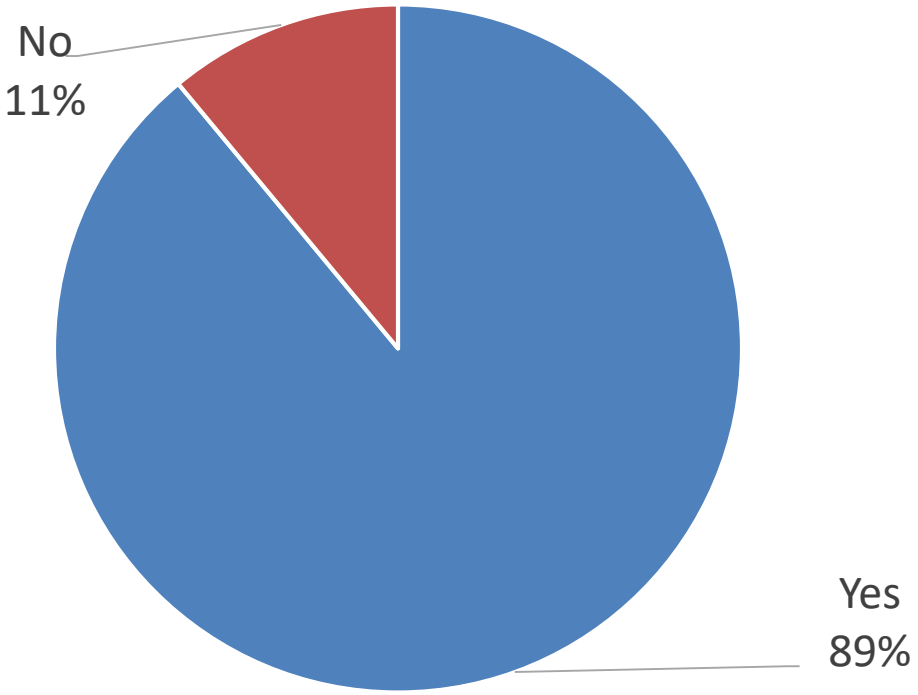
Restoring Previously Eliminated Programs

- About 84% identified staffing **Alternative school settings** as a top priority (*Example*: McHugh School)

- Over 65% identified restoring fully staffed and functioning **School Libraries** as a priority

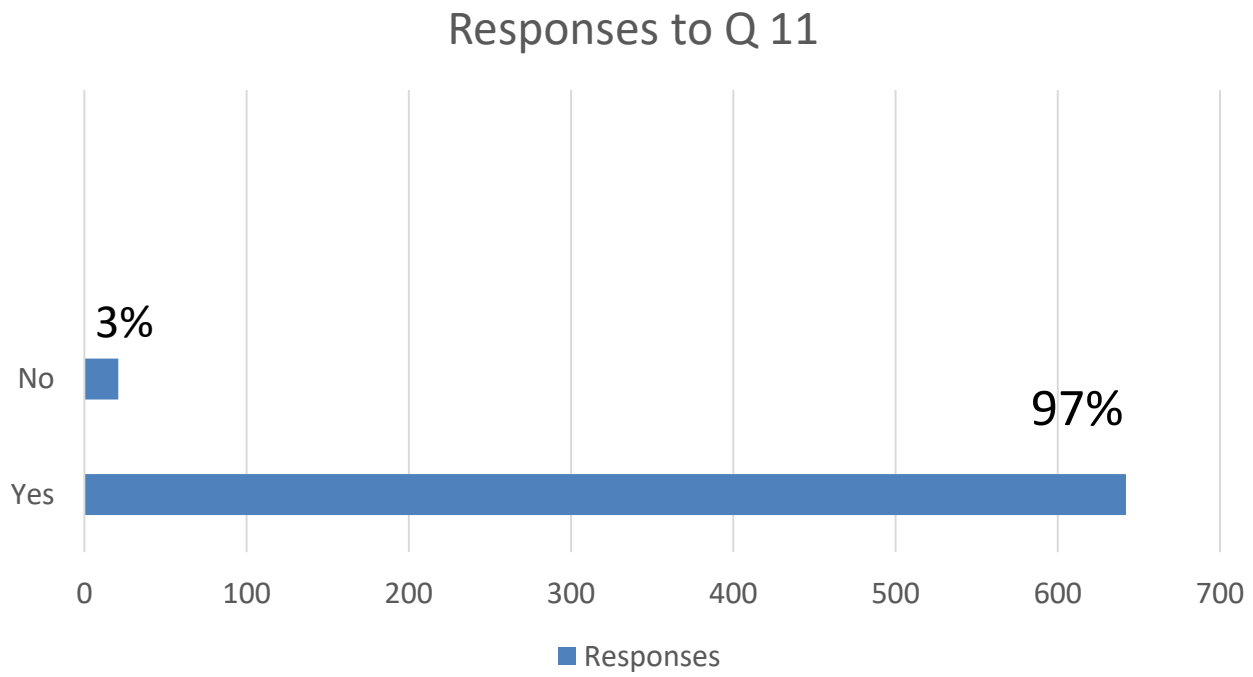
Restoring Newcomer Classrooms

Q19: Is it important to increase and establish more newcomer classrooms in the Lowell Public Schools?



Resources:
Personal Monies to Fund Classrooms

Q11: Do you spend your own money to provide supplies for students in your school building?



Other Issues That Were Identified Through The Survey

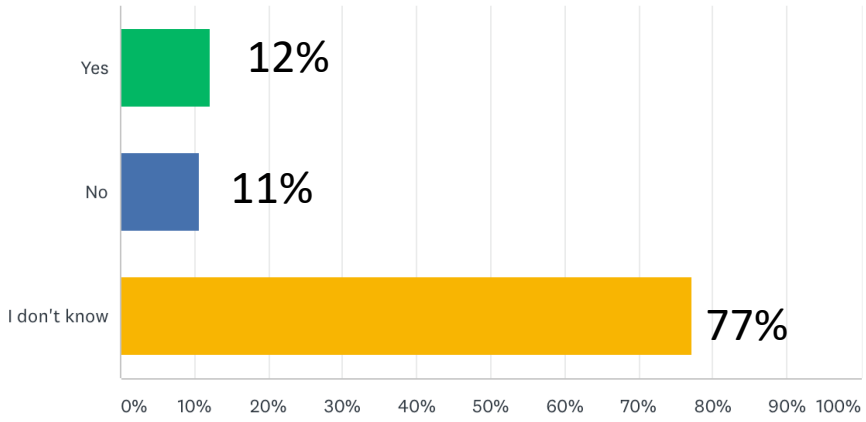
We also gathered information about:

- School Site Councils
- Determining Professional Development Needs
- Standardized Testing
- Conditions of buildings
- How Improving Conditions Impact Educator Perceptions

Understanding School Site Councils

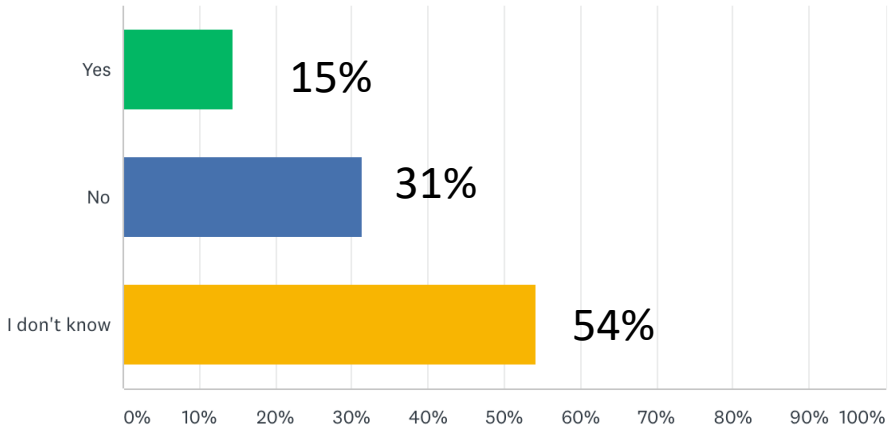
Parity in SSC Membership (12% were aware of this requirement)

Question 38



Teacher Members are elected by peers (15% were aware of this requirement)

Question 36



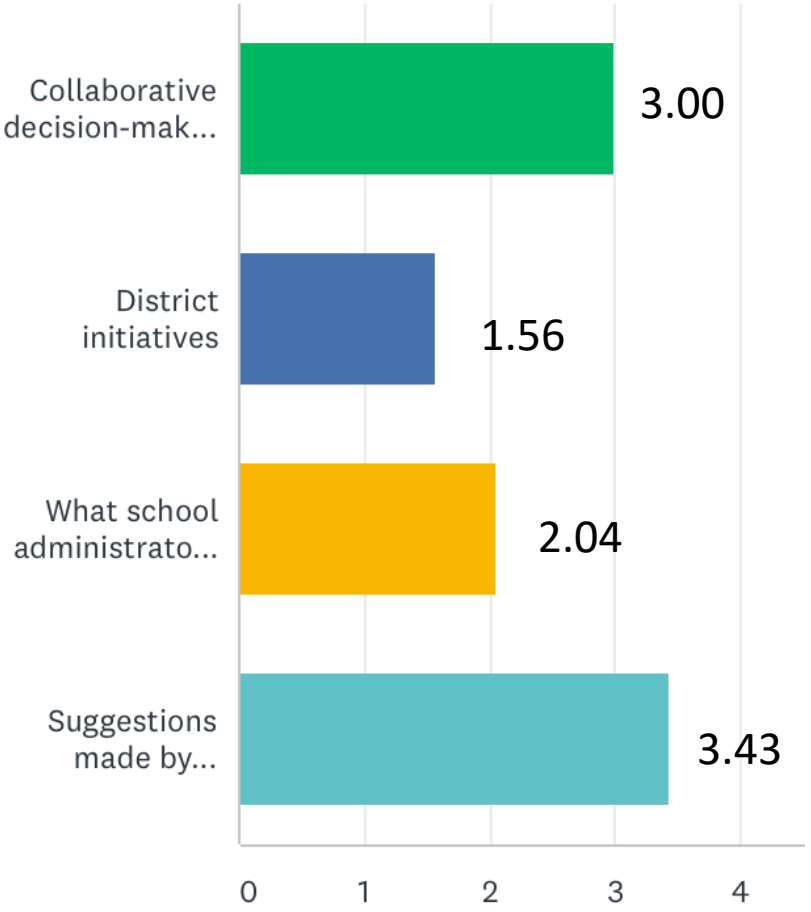
Educator Voice:
How PD Needs Are Best Determined

Q31: Thinking about professional development opportunities available during early release days, rank the items 1-4 with 1 being the most important. *I would like more professional development/training that is based on*

- Collaborative decision-making within my school
- District initiatives
- What school administrators believe is important in our school
- Suggestions made by teachers at the school level

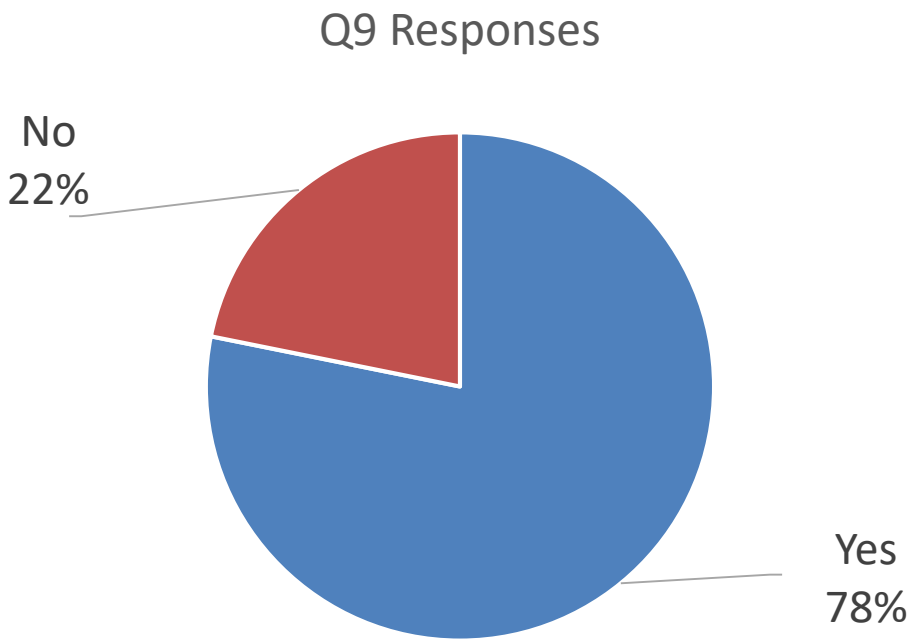
Educator Voice: How PD Needs Are Best Determined

- **Collaborative decision-making within my school**
- District initiatives
- What school administrators believe is important in our school
- **Suggestions made by teachers at the school level**



Time and Focus on Standardized Testing

Q9: Please respond to the following statement: *There is too much focus and time committed to standardized testing in my school*.



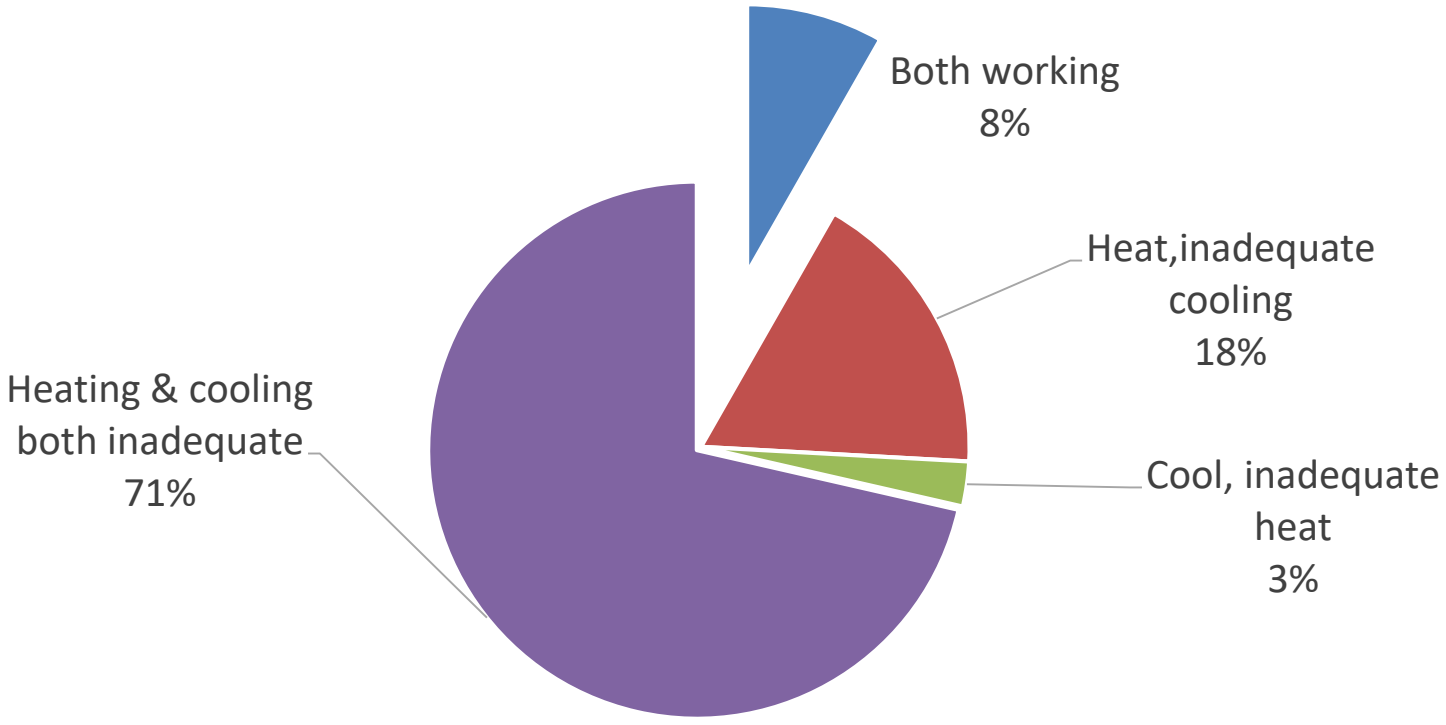
Conditions of Buildings

Q33: Building and facility issues are, in general, funded through MSBA (Massachusetts School Building Authority) and not through Chapter 70, regarding the HVAC (heating, cooling, ventilation) system in the building in which you work:

- The HVAC System in my workspace seems to be working consistently for both heating and cooling.
- The HVAC System in my workspace heats the area adequately, but cooling is a problem.
- The HVAC System in my workspace cools the area adequately, but heating is a problem.
- Both heating and cooling in my workspace are problems.

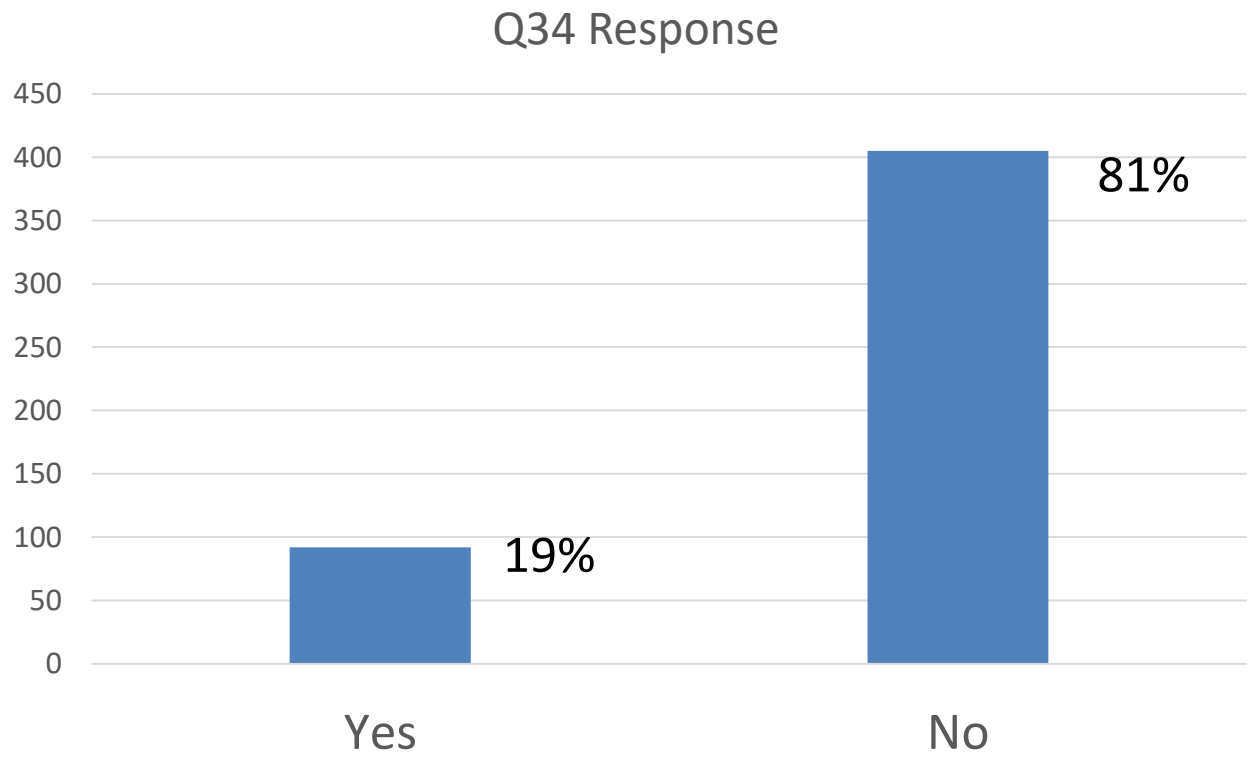
Conditions of Buildings

92% of staff identified heating issues, cooling issues or both within their building as ongoing problems.



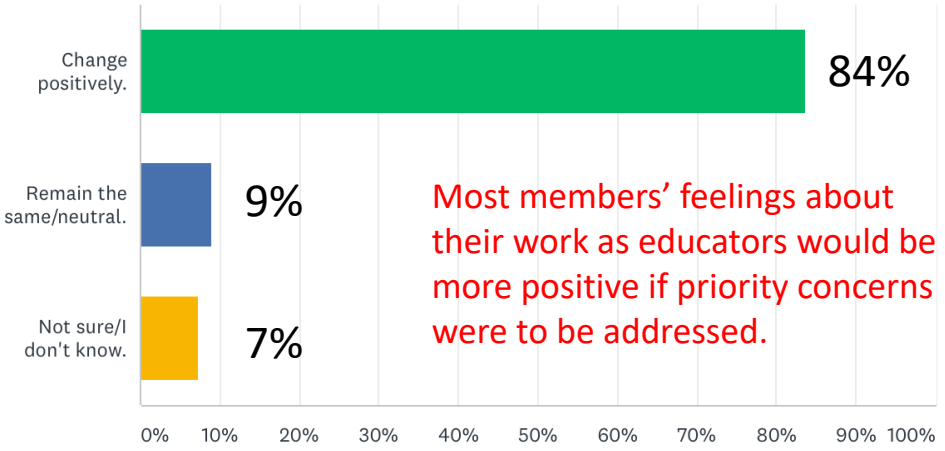
Conditions of Buildings

Q34: In the case of a classroom space that is too cold or too warm, I have an option to move to another available space within my building.



Students Learning and Teachers Teaching: Impact of Addressing Concerns

Q44: If my areas of concern were addressed or improved upon, my feelings about job satisfaction would:



Most members' feelings about their work as educators would be more positive if priority concerns were to be addressed.

In Their Own Words

Lowell as a city has lost the universal buy-in to education commitment between teacher student and parents. All 3 must be on the same page and we are far from as a whole city. Until that improves nothing will significantly

I love my students, I love my team, and I love teaching. Overly large classes and lack of support and resources makes it difficult to love my job. I feel like as a classroom teacher, I am given all of the responsibility but none of the power.

If I were able to decrease the number of students on my caseload, and decrease the workload that comes with it, I would better be able to service the students on my caseload who really NEED my professional expertise and consistent support

In Their Own Words

The emotional workload of a teacher has exponentially increased since I began about 13 years ago. In the course of one school day we are behavioral specialists, social workers, nurses, psychologists, parents, custodians, differentiators of curriculum - and somewhere in the day between dodging a chair being kicked at us, drying the tears of multiple students, getting screamed at, pushed, kicked, bitten, or hit we must also find the time to teach.

We must find the time to inspire a love of learning, foster curiosity, and support every child in making at least a year worth of growth. The emotional toll is heavy and not a day goes by that I don't go home and feel the weight of it all. I wonder every day, what more could I have done today? How could I have better supported my students? I am grasping at straws trying to support the individual needs of every student. I love these children dearly and want the best for them. With every year that passes, I feel less able to provide that for them. It is soul crushing. This school year, we have not made it one day without tears, screaming, a tantrum, or other emotional outburst.

Report- Summer School Programs 2020

To: Members of the Lowell School Committee

From: Robin Desmond, Assistant Superintendent for Curriculum and Instruction

Date: March 12, 2020

In response to the following motions we are providing the following information:

[by Mayor John Leahy]: Request the Superintendent provide the committee with an update on IDEA Camp

[by Mayor John Leahy]: Request the Superintendent provide the committee with an update on Summer School Programs

Preparation is well underway for 2020 summer programming. We are pleased to report that due to increased grants to the district we will be providing more summer learning opportunities for youth than in past years.

IDEA Camp: With support from the district and our partners Project Learn and UMASS Lowell, the 2020 IDEA Camp will once again be offered to our students in grades 5-10. Operating for 3 weeks from July 6-24th, IDEA Camp provides students with the opportunity to immerse more deeply into STEM topics such as: robotics, coding, architecture, underwater robots, and drones. Scholarships are available for LPS students at a reduced rate of $40 per week.

The **21st Century Community Learning Center** grant will provide up to 1200 students with a 4 to 6 week program at the following schools:

Lowell High School (Freshman Academy)
Butler Middle
Sullivan Middle
Stoklosa Middle
Robinson Middle
Shaughnessy Elementary
Morey Elementary
Bartlett Community Partnership
Lincoln Elementary
Murkland Elementary
McAvinnue Elementary
McAuliffe Elementary

The district also has received an **After School and Out of School Time (ASOST)** grant for the Reilly and Pyne Arts Elementary. Both schools will run a 4 week summer program for their students (up to 300 slots).

The **Career Academy and Lowell High School** will be operating a 4 week summer program to assist students with credit recovery.

Lowell High School was awarded a **Gateway Cities English Learner Academies** grant to provide up to 100 newcomer and EL students with a 4 week, 6 hrs. per day program to support language acquisition.

Early Childhood Program The district has applied for funding to run a 6 week program for students in pre k and for students entering kindergarten with no prior school experience. This program was funded by DESE in FY20 and we are optimistic that the funding will continue this summer. The program will serve up to 60 students and will be housed at the Lincoln Elementary.

Special Education Summer Programs will provide up to 400 Lowell students with summer learning. The half day program will be held Monday –Thursday July 6-August 6th

IDEA CAMP WORKSHOPS

Crime Science—Week 1 & 3 - Grades 6-7
Solve crime with fingerprints, blood types, fibers, bone analysis and extract DNA!

Wire Your Bedroom—Week 1 - Gr 5-6
Design your own bedroom security system, secret candy safe and more.

Video Game Makers—Week 1, 2 & 3 - Gr. 5-7
Learn the basics of 2D video game design and programming.

Architects Studio—Week 1 & 2 —Grade 7-9
Learn how to design, draw and build a 3D scale model of your dream home.

Sea Perch—Week 1 & 2- – Grades 7-9
Build and program an underwater robot.

Robotics—Week 2—High School Only
Week 3—Grade 7-8
Build and program Lego Robots to overcome obstacles and find their way through mazes.

Flight School—Week 3 – Grades 5-7
Design and build rockets, hot air balloons and more.

Carnival Contraptions—Week 2 Gr. 5-6
Design and build awesome carnival inventions: spin art machine, electric carnival games and launchers

Coding—Week 2 – Grades 5-8
Week 3—High School Only
Coding empowers you to do many things, web design, program and app development.

Farm to Table (Got Dirt?) - Week 3 - Grades 5-10
Students connect STEM content to their food and environment with farm visits and cooking. Learn the science of food as they examine organic, GMO and preparation.

Broadcast Journalism—Week 2 - Gr. 8-10
(New Lead by LTC)
Broadcast journalists will research, investigate and present news and current affairs content for television. They will work at the LTC studio and have access to their equipment to develop their news story.

INVENT, BUILD, EXPERIMENT

IDEA CAMP offers a range of science, design, and computer workshops.

IDEA CAMP is a summer enrichment program for students entering grades 5-10*. Although hosted by Lowell Public Schools, enrollment is open to students from other cities and towns.

You will know how things work, learn how to use tools, build models of your ideas, learn new technology and a **whole lot more!**

All workshops will be on the North Campus of UMASS Lowell.

This is an exciting opportunity for students to work in actual college classrooms, engineering labs and other key locations across the campus.

Drop off and pick up will be in the bus area off Riverside Street at the top of the parking lot.

⇒ Additional forms will be required. Emergency information forms, media releases and more will be sent to you once you complete your registration.

Proof of immunizations will be required for all students to attend

For more information visit: www.lowell.k12.ma.us or http://lowellrec.com. You may also email ideacamp@lowell.k12.ma.us

Report- Summer School Programs 2020

To: Members of the Lowell School Committee

From: Robin Desmond, Assistant Superintendent for Curriculum and Instruction

Date: March 12, 2020

In response to the following motions we are providing the following information:

[by Mayor John Leahy]: Request the Superintendent provide the committee with an update on IDEA Camp

[by Mayor John Leahy]: Request the Superintendent provide the committee with an update on Summer School Programs

Preparation is well underway for 2020 summer programming. We are pleased to report that due to increased grants to the district we will be providing more summer learning opportunities for youth than in past years.

IDEA Camp: With support from the district and our partners Project Learn and UMASS Lowell, the 2020 IDEA Camp will once again be offered to our students in grades 5-10. Operating for 3 weeks from July 6-24th, IDEA Camp provides students with the opportunity to immerse more deeply into STEM topics such as: robotics, coding, architecture, underwater robots, and drones. Scholarships are available for LPS students at a reduced rate of $40 per week.

The **21st Century Community Learning Center** grant will provide up to 1200 students with a 4 to 6 week program at the following schools:

Lowell High School (Freshman Academy)
Butler Middle
Sullivan Middle
Stoklosa Middle
Robinson Middle
Shaughnessy Elementary
Morey Elementary
Bartlett Community Partnership
Lincoln Elementary
Murkland Elementary
McAvinnue Elementary
McAuliffe Elementary

The district also has received an **After School and Out of School Time (ASOST)** grant for the Reilly and Pyne Arts Elementary. Both schools will run a 4 week summer program for their students (up to 300 slots).

The **Career Academy and Lowell High School** will be operating a 4 week summer program to assist students with credit recovery.

Lowell High School was awarded a **Gateway Cities English Learner Academies** grant to provide up to 100 newcomer and EL students with a 4 week, 6 hrs. per day program to support language acquisition.

Early Childhood Program The district has applied for funding to run a 6 week program for students in pre k and for students entering kindergarten with no prior school experience. This program was funded by DESE in FY20 and we are optimistic that the funding will continue this summer. The program will serve up to 60 students and will be housed at the Lincoln Elementary.

Special Education Summer Programs will provide up to 400 Lowell students with summer learning. The half day program will be held Monday –Thursday July 6-August 6th

INVENT, BUILD, EXPERIMENT

IDEA CAMP offers a range of science, design, and computer workshops.

IDEA CAMP is a summer enrichment program for students entering grades 5-10*. Although hosted by Lowell Public Schools, enrollment is open to students from other cities and towns.

You will know how things work, learn how to use tools, build models of your ideas, learn new technology and a **whole lot more!**

All workshops will be on the North Campus of UMASS Lowell.

This is an exciting opportunity for students to work in actual college classrooms, engineering labs and other key locations across the campus.

Drop off and pick up will be in the bus area off Riverside Street at the top of the parking lot.

⇒ Additional forms will be required. Emergency information forms, media releases and more will be sent to you once you complete your registration.

Proof of immunizations will be required for all students to attend

For more information visit: www.lowell.k12.ma.us or http://lowellrec.com. You may also email ideacamp@lowell.k12.ma.us

DATE: March 13, 2020

RE: UTL Article XXIV

Per Article XXIV of the current UTL Collective Bargaining Agreement noted below, each school responded to the request for materials. To this end, this is the Central Administration collaborated with the UTL to extend dates to allow schools adequate time to collect requests from staff. Each school's response is reflected in the attached document for their review. The total estimated amount requested is ***$405,741.17***.

ARTICLE XXIV

Curriculum Improvement

A. MATERIALS-SUPPLIES-LIBRARY MATERIALS

The Committee recognizes the need for providing adequate supplies, equipment, and materials to teachers and for providing adequate books and materials for school libraries so as to assist teachers in the effective achievement of their responsibilities. In recognition of this need, it is agreed that by December the fifteenth of each year all teachers will be given an opportunity to express in writing their needs for supplies, equipment, materials, and library books and materials for the following year. Their request for same will be given to their immediate supervisor who will compile all of the requests for his department or school and forward them Intact to the Superintendent. The Superintendent will compute the total cost of all requests and present the total request to the Committee no later than January the fifteenth for its consideration.

Article XXIV requests – DALEY SCHOOL

Karrie Chan-Lam:

Below is my request of
Teaching Materials & Supplies for Music Classes 2020-2021
2 Pianos tuning $190
2 Portable Keyboards (replace
the 2 brokens) $400
35 Headphones $70
Portable wireless speaker
for laptop (replace the current broken one) $50
Total Request: $710

Grade 5 Teachers:

The Grade 5 ELA team have met and discussed some items we would like to submit for order next year.

Our typical supplies that we gather from the supply closet every year are as follows:
1 240 Blue notebooks
2 240 black (Composition) marble notebooks
3 Black Expo-brand dry erase markers
4 Cap Erasers
5 180 x 5 different colored 2 pocket folders = total of 900 folders, preferably equal amounts of 5 varied colors (if possible)
6 Multi-color packs of highlighters (green, pink, orange, yellow, etc.)
7 Colored printer paper
8 Post-It Anchor Chart Paper Pads
9 Student sets of scissors
10 Glue sticks (these run out very quickly)

Loftier goals would include:
1 Replacement headphones for laptops
2 Tissues
3 **Wireless projection for ELA classrooms**
4 Flocabulary subscription (we currently split that fee between the 6 homeroom teachers)
5 A continuation of Brainpop subscription
6 Colored cardstock

Patty Sciacca:

List of items for Math Applications for the 2020-2021 school year.

1. Pencil sharpener designed for colored pencils (colored pencils clog the typical pencil sharpener and it often breaks)
2. Chart paper (with or without lines)
3. Yard sticks – qty 5
4. Markers- classroom set
5. Calculators- classroom set
6. Individual whiteboards – (or dry erase re- usable pocket sleeves and cardstock to create student whiteboards)
7. Rulers- classroom set
8. Individual whiteboard erasers (or felt to create them)
9. Graph paper 1 cm x 1 cm
10. Graph paper (small squares- 4 squares per inch)
11. Pencil sharpener for #2 pencils
12. White lined paper
13. Pencils
14. Erasers
15. Colored pencils
16. Individual whiteboard markers (blue)

Technology items/display items

1. Laptop/chromebook/tablet cart
2. Universal projector mount (to mount projector to the ceiling to free up space in the room), or interactive whiteboard
3. White boards for the back of the room or whiteboard paint to create whiteboards in the back of the room

Heather Green:

Peardeck (for interactive slidedecks to use with ela and geography lessons that allow students to interact with the material); $149.99/year.
Kara Wilkins has been talking this up in her tech classes, so there may very well be others in the building who might use it, or the potential for district pricing.
https://www.peardeck.com/pricing

Splashtop (an app which allows the teacher to control the computer from anywhere in the room, which is called sand is $16.99 for a year).

To Whom It May Concern:

The faculty of the McAvinnue Elementary School was asked to generate an individual list of needed supplies and materials that would allow them to meet the needs of their students. Lists were obtained from approximately 35 teaching faculty at the McAvinnue Elementary School over a period of approximately 2 weeks. The faculty were permitted to include all needed items that included supplies, materials, sensory furniture, and motor support items. Technology and furniture needs were not included in the list generated from each of the teaching faculty members.

After complying the request list for approximately 35 teaching faculty members, McAvinnue Elementary School's overall materials and supplies total was $20,775,53. When averaged across all 35 teaching faculty members, it was determined that each teaching faculty member would require approximately $600 to meet their need to better support their students.

If you would like to speak to me directly regarding each of the teaching faculty member's specific request lists, please do not hesitate to contact me directly.

Sincerely,

Michael A. Domina

Pawtucketville Memorial Elementary School

Elementary Art Supplies 2020-2021

I teach art to about five hundred students at the Pawtucketville Elementary School with a five hundred dollar budget. This budget does not cover the basic art making materials that we need for the school year: paper, pencils, paint, and clay. To maintain a functional art education program, I need to supplement with my own money, PTO money, and Donors Choose. This supply list would support the art program for the 2020-2021 school year.

LOWELL
PUBLIC SCHOOLS

Coronavirus (COVID-19) Response

- The Lowell Public Schools has been following the Coronavirus (COVID-19) situation closely since the beginning of March.
- The district has taken part in conference calls with DPH and DESE, and has been in regular communication with Lowell Health Department.
- Prior to closing, the district kept families and staff informed with COVID-19 email updates sent on March 3, 5 and 11. There were also additional updates shared on social media and on the district website.

LOWELL PUBLIC SCHOOLS

Coronavirus (COVID-19) Response

- On Sunday evening, Governor Baker declared all schools in the state would be closed for 3 weeks. The district had already announced on Friday (3/13) that all schools would be closed for 2 weeks; now all schools will be closed for at least 3 weeks.
- Prior to this closure, the district canceled all out-of-state domestic school-related travel and all school-organized international trips for student groups, following the recommendations of Governor Baker and DESE.

LOWELL PUBLIC SCHOOLS

Coronavirus (COVID-19) Response

- STILL PROVIDING LUNCH
  - The district continues to provide lunch for students during the weekdays at nine sites while schools are closed: Bartlett, Butler, Greenhalge, Lincoln, Moody, Murkland, Pawtucketville, Robinson, and STEM (Rogers).
    - All students ages 2-18 are eligible for lunch.
    - Given the circumstances, students are not required to be present to pick up meals. Parents or neighbors can pick up meals for students.
    - Students/families are only able to take one day of food at a time.

LOWELL
PUBLIC SCHOOLS

Coronavirus (COVID-19) Response

- INSTRUCTION
  - The district is not offering remote learning during this time.
  - The district will be providing enrichment activities and resources on the website for each grade level.

LOWELL PUBLIC SCHOOLS

Coronavirus (COVID-19) Response

- **CENTRAL OFFICE & FAMILY RESOURCE CENTER:**
- The Central Office and FRC were both open on Monday, with a reduced number of essential staff reporting.
- As of Tuesday, both locations are closing, with all staff working remotely.
- While schools are closed and central office departments are working remotely, families can still access both offices via phone:
  - Central Office - 978-674-4320
  - Family Resource Center - 978-674-4321

LOWELL
PUBLIC SCHOOLS

Coronavirus (COVID-19) Response

- **REGISTRATION DELAYED:** School registration for preschool was scheduled to start on March 16, and registration for kindergarten was scheduled to start on March 30. The district is delaying both registration periods and will provide you with more details once new dates are finalized.

- **KNOWLEDGE BOWL FINALS DELAYED:** The Knowledge Bowl Finals were scheduled on March 16 and have been postponed. The district will announce once a new date has been set.

Re: Workforce Continuity, Payroll, and Staffing Plan

Background:

-On March 13, 2020, you decided that school would be closed until March 30, 2020.

-On March 13, 2020, you decided that central office employees, whose physical presence was not essential at central office, would telework and be supervised remotely until March 30, 2020, or until further notice. These non-hourly, full-time employees, who are able to work remotely shall do so and be available for teleconferences and phone calls, and to physically appear as needed. These employees are to check-in with their supervisors on a daily basis to go over required work. Such employees were told that this procedure was subject to daily review and the needs of the organization. Full-time employees shall not travel or vacation during this time period unless prior authorization has been granted and vacation time is approved. Employees found to be in violation of this policy will be subject to discipline. Such unapproved travel or vacation would be inconsistent with the purpose of this remote work procedure- which is to prevent the spread of the virus.

-On March 15, 2020, Governor Baker determined that school would be closed for three weeks and reopen on April 6, 2020.

-Hourly employees, such a tutors, should contact their department heads or principals to discuss the potential to work remotely up to their weekly hourage cap to produce curriculum, lessons, and to correspond with students and families. If supervisors are able to certify that the work was done as approved in advance with the hourly employee, we anticipate being able to approve these timesheets.

-We have dozens of long-term substitutes who are subbing for employees who are out for maternity leaves and other personnel reasons. We are treating these days like snow days or vacations days, and continuing their pay. It is to our advantage to continue their pay as we need to ensure that they are available, and have not taken other jobs, during this temporary situation.

-Our custodians will continue to clean schools as needed while buildings are closed. Extensive cleaning is underway. Consistent with this effort, rentals of our facilities

ceased Friday night. Custodians are taking this opportunity to focus efforts on debris which has accumulated outside of the buildings over the winter. Additionally, prior to schools reopening, the custodians will undertake a deep cleaning of our buildings in the five days preceding our reopening. I would like to commend the custodial staff for their work over the last month, as their dedication and attention to detail has had a significant, positive impact on our community's health.

-Our busing contracts likely prohibit payment when school is not in session. Thus, it is up to these corporations to make payroll determinations for their drivers.

-We will attempt to pay Cafeteria employees at the rate which they are paid while they are on vacation, i.e. the rate at which they were hired into positions. For example, a person may be a 18-hour cafeteria employee, but may have more hours of work after weekly "call-in" hours. These employees will only be paid for 18-hours, i.e. the hours for which they were hired. We will attempt to call these employees for work related to producing meals for the 9 meal pickup locations below. Presently, the cafeteria at the STEM Academy will be producing these meals for pick-up in front of the schools below unless otherwise indicated:

Greenhalge:	10:30 am-11:00 am	
Robinson:	11:15 am-11:45 am	
Pawtucketville:	12:00 pm-12:30 pm

Re: MOA- Advisor Stipend

Enclosed for the Committee's consideration is a Memorandum of Agreement which would fund an additional advisor position for the following club at LHS this Spring:

Spring Strength and Conditioning.

It is anticipated that 50-100 students would participate in this club. It would be offered for 1-2 hours per day and run until June 30, 2020. Large numbers of students who participate in football, soccer, basketball, field hockey, and other Fall and Winter Sports will likely participate, however, it will be available for all students even if they are not on athletic teams.

Given that the position will have extensive hours just for one season, this position seems most comparable to a coaching position, although it is technically an advisor position. So that the committee can compare compensation for other positions, I have enclosed:

1. The proposed Memorandum of Agreement;
2. Advisors' Salary Scale; and
3. Coaches Salary Scale.

MEMORANDUM OF AGREEMENT

This **AGREEMENT** (hereinafter "the Agreement") is being entered into by and between the Lowell School Committee (hereinafter, "the School Committee") and the United Teachers of Lowell (hereinafter, "Union") only for the 2019-2020 school year in order to adjust advisor positions in order to best accommodate student interest in clubs only for the 2019-2020 school year.

WHEREAS, the Union and the School Committee are parties to a Collective Bargaining Agreement (hereinafter, "the Contract");

WHEREAS, the parties, given student interest, agree to provide the following advisor position with the below listed compensation just for the 2019-2020 school year:

Spring Strength & Conditioning	$2,500.00

IN WITNESS WHEREOF, all parties have set their hand and seal to this Agreement as of the dates indicated below.
