RE: *Spotlight on the Dr. Wang Middle School Frozen Junior Performance*

On the evening of January 24th and the afternoon of January 25th, Wang Middle School students put on a performance of *Frozen Junior, the Musical* based on the movie *Frozen*. The students rehearsed for many weeks leading up to the show as there were numerous songs to sing and dance routines to learn for the show! Staff members and parents donated their time on many days after school to build the incredible sets and get all of the costumes ready in time for the show. Lastly, in addition to the extensive cast of over 40 students, we had an entire set-crew of students made up of current and former Wang students that "invisibly" changed the sets for each scene during the performances.

Wang School is always incredibly proud of our musical performances every year, and this was our second winter musical–usually we have a spring musical show. However, given that both shows were completely sold out like our spring shows usually are, it doesn't seem like the time of year matters, because our students do such an incredible job with these shows each and every year! We performed the show again this week during the school day for several elementary schools, so Elsa & Anna were on stage a few more times before all was said and done. A special recognition to Tricia Neary for her dedicated and incredible work on this show (like she does every year), but this is even more bittersweet for us at Wang School because Tricia will be retiring at the end of the year so this was her final performance as our director! She will be missed, but we hope to get her to come back and help out even after her retirement! However, we know her successor, Kellianne Grady, and the school clerk, Omayra Marcano, will carry on the tradition as they have been integral parts of the success of our shows every year.

Director: Tricia Neary *Choreographer: Cassandra Floor (LPS Teacher)*
Musical Director: Kellianne Grady *Sound Engineers: Andy Descoteaux*
Set, Stage, & Prop Director: Omayra Marcano *Lighting Engineer: Zeb McNall*

I would like to thank Matthew Stahl, Principal of the Dr. Wang Middle School, for providing the information contained within this report.

The report informed the Committee that evaluations for building services personnel were negotiated with the UTL in late summer and throughout the fall and it was determined that building services employees were the first priority in advancing evaluations in the system. No ultimate agreement was reached as the UTL took the position that it wanted to discuss evaluations for launch for the 2020-2021 school year after further bargaining the evaluation instrument in collective bargaining. Preliminary discussions have occurred with the SEIU for the Administrative Assistants and implementing an evaluation instrument. RE: Business Office Update for School Committee
Date: February 14, 2020

The Business Office update includes the following:

1) Quarter 2 for FY19/20 Update

Our midyear forecast remains consistent with our report from Quarter 1and we now have increased confidence that the previously projected balances from operational efficiencies in the FY19/20 budget will be realized by the end of the fiscal year. This will enable us to further invest in three important strategic areas:

1) Stabilize the district's revolving accounts to bring those balances back to pre-financial crisis levels;
2) Pre-order instructional materials and supplies to expedite the procurement process ensuring that all schools and classrooms are fully resourced on day 1 of next school year while offsetting a significant cost within the FY21 budget; and,
3) Increase the investment in the Renaissance Network with additional school based resources to further improve the climate of each building and support social-emotional learning for students. This will also expand and improve direct services for students with behavioral needs in the district's chronically underperforming schools.

Attached is a YTD Budget Report (See Projection G) depicting spending for the six periods ending December 31, 2019. Nearly 43% of the budget has been used including $14,232,678 in open purchase orders. The spending trends show surpluses in some of the budget buster line items with some shortages in others. Please see the anticipated balances available for opportunities below:

a) **Payroll** balance of approximately $734,363 due to vacancy savings (timing of hires). See Projection A.
b) **Transportation balance** of approximately $700,000 due to lower use of special education transportation. <u>This is a very volatile account that could change overnight due to increased need of special education or homeless transportation</u>. Original budget document listing number of vehicles and cost per vehicle is included. See Projection B.

c) **Substitute projection** shows a balance of $132,205 but this is expected to change since historical usage of subs increased during end of year period. See Projection C.

d) **Out of district tuition** is projected to have a balance of $893,117 based on current student counts. This, too, is an unpredictable account that could change instantly and drastically. This surplus can be offset by allowing the charges to remain on the local budget side (rather than moving to circuit breaker) which would increase the circuit breaker revolving account balance significantly. See Projection D.

e) The **Health Insurance** line item is expected to have a balance of nearly $500,000 due to lower than expected usage. It is recommended that we transfer these funds from fringe to out of district tuition to increase the charges to the local budget for out of district spending. See Projection E.

f) **Sick Leave Buy Back** line is already showing a shortage of $264,000. This is based on 39 formal notices of retirement/resignations which could increase over the next few months. Last year, there were over 70 retirements. Thus, this shortage may increase significantly and funds from other surpluses should be held to offset this risk. See Projection F.

We will have specific recommendations to fully leverage these balances from budgetary efficiencies for School Committee consideration at the next meeting in March including any required action items regarding budget transfers and/or permissions to enter.

2) FY20/21 Anticipated Funds – Per Attachment H, the Governor's House 2 budget recommendations were released and show a preliminary increase of $12,783,357. Chapter 70 will increase from $163,023,947 to $175,807,304. This increase will help offset the $5.4 million in step increases, potential raises, increase of over $1 million for health insurance costs, $2.6 million of "hold harmless commitments" with Fair Student Funding, etc. The City's required minimum contribution has also increased by $2,087,868. We have not yet been notified by the City CFO on how much of this increase will be in cash growth or maintenance of effort charge offs.

3) Fair Student Funding Update

The following segments have been completed with the consultants to prepare for our transitions to Fair Student Funding budgeting:

- Overall FY20/21 budget has been categorized as either centrally locked (controlled by central) or School Based Budget pool. Of the overall budget, approximately $137.6 million has been placed in the SBB pool. This equates to 67% of the budget and includes nearly $3 million in "hold harmless" funds to ensure that schools are not faced with hardship due to this transition.
- Met with Director of Special Education and Chief Academic Officer to discuss data capabilities for special education and ELL data.
- Developed a formula using weights for special education, ELL, poverty, early childhood, high school transition and both low and high performance.

RE: Update on Governor's FY2021 budget recommendations
Date: January 23, 2020

On January 22, 2020, Governor Baker's FY2021 budget recommendations (House 2) were released. House 2 recommends funding Chapter 70 school aid $303.5 million higher than the FY2020 in addition to increases to charter school reimbursements and new endeavors such as extending the circuit breaker to include reimbursements for special education transportation. Based on the preliminary cherry sheet estimates, Lowell Public Schools' Chapter 70 will increase from $163,023,947 to $175,807,304. This is an $12,783,357 increase. Charter school reimbursements also increased by $2,322,775 which will impact our maintenance of effort charges rather than increase cash flow to the schools. These are preliminary estimates that may change as the House and Senate deliberate on the budget. We have been advised to construct our local budgets with sufficient flexibility to accommodate the changes that may occur during the state budget process. The Commissioner will issue the official school spending requirements/budget when the Governor and Legislature approve the FY21 state budget.

The following is what to expect going forward with the budget process:

- January – School Based Allocations and Weights will be determined. These will be recommendation to the School Committee for vote in February. Governor's House 2 budget released.
- February – Tools for the Fair Student Funding for schools will be developed in February and preliminary school based allocations will be released to schools.
- March – School leaders will work with school site councils to allocate their budget to reflect their identified priorities and programs.
- April – Schools will present their budgets to central office for review. Once approved, the individual budgets will be rolled into master budget.
- May – Superintendent's recommended budget is presented which will be aligned with goals delineated in the strategic plan. Up to two public hearings will be held between presentation date and budget approval date. Budget is submitted to the City Manager.
- June – The City Council will vote to approve the budget.

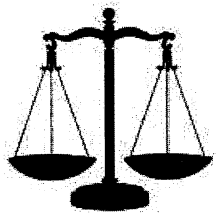
Fair Student Funding:
Weights and Baseline Policies

Fair Student Funding (FSF) can help us accomplish three goals with our funding system



Equity

Resources are distributed equitably based on student need

"Dollars follow the student"

Transparency

Clear and easily understood rules for where, how, and why dollars flow

"The formula tells you what you get"

***Site-based Budgeting**

Flexibility

School leaders define the resources they need to drive student achievement

"Principals own their budgets"

Our FSF formula weights priority student characteristics to promote equity

Categories	Measured by	Reasoning
Students from low-income families	State direct certification reports	Provide additional resources to help student from low-income families succeed
Student performance - Low performance	5th and 9th graders' performance on previous year's MCAS	Provides resources for student who need additional support to master content
English learners	ACCESS levels ACCESS levels	With resources for English Learners in the FSF formula, we must ensure that schools have the resources we are legally required to provide
Students with disabilities (SWD)	Individual Education Plans	With resources for SWDs in the FSF formula, we must ensure that schools have the resources we are legally required to provide
Priority grades - PreK-3rd Grade - 9th Grade	Projected enrollment by grade	Our strategic plan highlights priorities around early learning and college and career alignment.

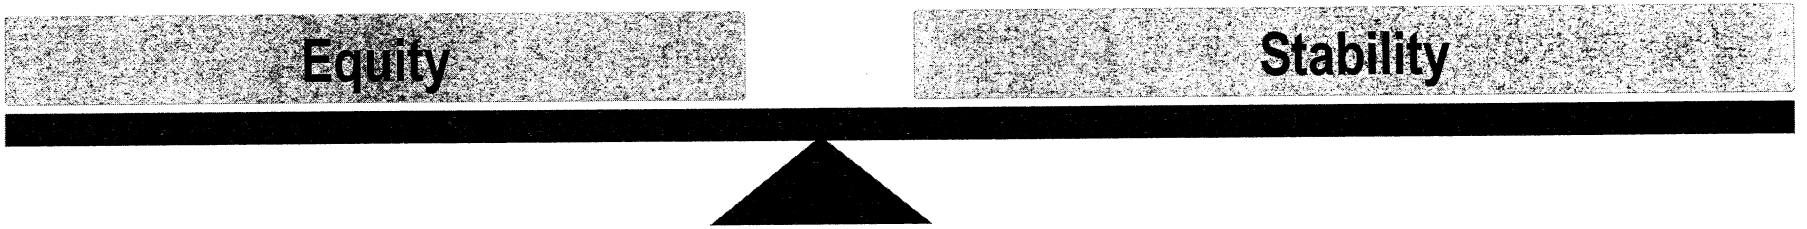
Combining these weights with additional policies will help us increase equity while maintaining stability

Weights:

- ***Base weight-*** minimum that a school will receive per student
- ***Student Need Weights-*** add'l funding based on the needs of students

Policies:

- ***Baseline Services*** ensures all schools are able to provide a minimum level of services
- *(Next time)* **Transition policy** ensures schools do not see large swings year over year



Our baseline policy ensures that all schools have enough to provide an education that meets a minimum standard

Position	Allocation
Principal	1 per school
Assistant principal	1 per 400 students

Compliance with Chapter 71, Section 69

To: Dr. Joel Boyd, Superintendent of Schools

From: Dr. James P. Hall, Chief Operating Officer

Date: February 14, 2020

The following report is a response to the motion by Robert Hoey:

[by Robert Hoey] Request the Superintendent provide the committee with a report on the District's compliance with Chapter 71, Section 69. Are flags provided and properly displayed in compliance with the law, and is each teacher in the District leading the class in a group recitation of the "Pledge of Allegiance to the Flag?"

The Chief of Schools surveyed the principals in regard to compliance with Chapter 71, Section 69. The Chief of Schools also reminded the principals of the requirement to lead a group recitation of the "Pledge of Allegiance to the Flag" each day in each classroom. It was reported that some schools needed new classroom flags, flag holders, and nylon flags. Those requests were routed to the Area Facility Managers. We had 43 flags on hand to fully provide needed flags and replacement flags to Lowell High School. The Facilities Department ordered additional classroom flags, flag holders, and nylon flags. This order should arrive over school vacation week.

It was also discovered that the flag pole at the Washington Elementary School was in need of repair. It will be repaired over the next few weeks.

I will provide a further update next month on this motion.

Dear Dr. Boyd:

I am requesting permission for Krista Earley to attend College Board's Advanced Placement Program in Kansas City from June 10-18, 2020. AP Readers testify that the AP Reading offers a rare and enriching professional development experience where they develop teaching approaches and ideas through close interactions with a diverse group of exceptional colleagues.

Purpose/Objective

Experiencing the AP Reading leads to positive changes in the classroom.
AP Readers develop proficiency in applying rubrics.
AP Readers are exposed to the full universe of student responses.
AP Readers can earn Continuing Education Units (CEUs) and Professional Development hours (PDHs) (These may be applied to professional development requirements mandated by states, districts, and schools).
AP Readers enjoy the experience -97 percent of educators responding to our survey in 2019 said they had a positive experience.

Budget/Funding Source

All costs are covered by the 2020 AP Reading College Board's Advanced Placement Program.
No Substitute is needed. No cost to Lowell Public School Department.
