Michael Q. Geary, Acting City Manager
Joseph Cady, Engineer
Lowell City Councillors
375 Merrimack Street, City Hall
Lowell, MA 01852

Hello Lowell city officials,

This letter is a request for the city of Lowell to abandon Edgewood Paper Street. This was advised by our meeting with Michael Geary and City Engineer Joseph Cady. We received a request from the City of Lowell for some 86 sf and also 852 sf of our 863 Andover St. land. Prop 6' CEM SW CONC STEPS PROP HMA Walk to MEET EXIST PARCEL TE-1. See copy #1 Andover St. and River Rd. new traffic lights at Tewksbury/Lowell town line. Joe came to see the Edgewood Paper Street and explained the new project to start in 2020.

I spent 2 years as a member of the Board of Appeals in the 1970's. City regulations require 10,000 square feet for a house lot. This is similar to the new 11 Dancause St. house. Brenda and I have 5 grandsons and in the future one might want to build a house next to Edgewood Paper Street land. The sale of 86 sf could prevent the City of Lowell the approval of a new FUTURE house lot.

Our neighbors are Joe and Marianne Gaspari at 841 Andover Street. We both would like to own our driveways. We have maintained the Edgewood flowers and trees since 1971. We would like to share the Edgewood Paper Street land. The city of Lowell will then increase assessment and we understand that it will lead to paying extra real estate taxes. See photo #2 aerial view of 863 & 843 Andover/Edgewood Streets house lots.

When the city of Lowell approves the new Edgewood plan, we can then hire a surveyor that will supply the city Engineer with exact boundaries. City Engineer Cady said that this Rt#133 new traffic lights project will begin in 2020. The telephone poles will be removed away from PROP (5' or 6') CEM CONC WALK.

We all agree to have a safer road for both motorists and residents. This is a main entrance to a beautiful Belvidere and a busy downtown Lowell.

Best Regards

Manuel & Brenda Freitas
