

MSBA Application Murkland School

To: Members of the Lowell School Committee

From: Dr. Joel Boyd, Superintendent

Date: January 31, 2020

Re: Statement of Interest – Charlotte M. Murkland Elementary School

As you are aware, the City of Lowell is in the process of preparing applications for the Massachusetts Building Authority's (MSBA) Accelerated Repair Program (ARP), which aims to ease the financial burden of repairing or replacing large building systems which have gone beyond their useful life, including roofs, boilers, windows and doors. Part of the requirement of the application is a vote by the governing body and the School Committee of the municipality to take a vote to support the Superintendent of Schools to submit a Statement of Interest, which serves as the starting point for a possible invitation into the program. As such, I am recommending the following vote take place with regards to the Charlotte M. Murkland Elementary School, **which has roofing and boiler systems that are beyond their useful working life.**

Vote No. 9 – Charlotte M. Murkland Elementary School

Resolved: Having convened in an open meeting on February 5th, 2020, prior to the SOI submission closing date, the School Committee of Lowell, in accordance with its charter, by-laws, and ordinances, has voted to authorize the Superintendent to submit to the Massachusetts School Building Authority the Statement of Interest Form dated February 14th, 2020 for the Charlotte M. Murkland Elementary School located at 350 Adams Street, Lowell, MA 01854 which describes and explains the following deficiencies and the priority category(s) for which an application may be submitted to the Massachusetts School Building Authority in the future under Priority 5 Replacement, renovation or modernization of school facility systems, such as roofs, windows, boilers, heating and ventilation systems, to increase energy conservation and decrease energy related costs in a school facility; specifically pertaining to failures in the roofing and boiler systems which are past their working life; and hereby further specifically acknowledges that by submitting this Statement of Interest Form, the Massachusetts School Building Authority in no way guarantees the acceptance or the approval of an application, the awarding of a grant or any other funding commitment from the Massachusetts School Building Authority, or commits the City/Town/Regional School District to filing an application for funding with the Massachusetts School Building Authority.
