

Nicolás H. Bosonetto, P.E.
City Engineer (Interim)

Date: August 3, 2017
TO: Kevin J. Murphy, City Manager 
VIA: Tom Bellegarde, Assistant City Manager/DPW Commissioner
FROM: Nicolás H. Bosonetto, P.E., City Engineer (Interim)

SUBJECT: 7.2. 4/25/17 C. Leahy - Req. City Mgr. provide City Council with a street paving plan for major roads throughout the City, including the downtown area.

Please find attached the latest Street and Sidewalk Capital Improvement Plan as of August 2017. Due to the generous funding for roadway improvements by the Council, DPW is on target to complete \$6.9 Million of improvements to the city's roadways and sidewalks in 2017.

To date the following projects have been substantially completed or are underway:

- \$2,250,000 – Lawrence and Church Street improvements.
- \$ 820,000 – Various streets in the Christian Hill, South Lowell, Belvidere, and Centralville neighborhoods.
- \$1,500,000 – Bridge Street Corridor from VFW Highway to Willard Street.
- \$ 500,000 – Concrete repairs to Andover Street.

During the late summer and fall of 2017 the following streets and sidewalks will also be rehabilitated:

- \$ 620,000 – Merrimack Street Cobblestone replacement and Downtown Sidewalk Repairs. This project will also add network connectivity between various downtown traffic signals and parking kiosks.
- \$1,200,000 – Repaving of 14 streets throughout the city. (see attached list)

Streets and Sidewalk Capital Improvement Program
