January 16, 2018

Dr. Khelfaoui,

I am requesting permission for an out of state field trip to Yellowstone National Park. This is an exciting opportunity that the Robinson Middle School has been fortunate in which to participate before.

Summer Star Foundation has generously agreed to provide a grant to send twenty 7<sup>th</sup> grade students and five chaperones to Yellowstone National Park to participate in Expedition Yellowstone! From April 15, 2018 to April 21, 2018, which is the week of spring break. The group will spend 2 nights in hotels and the remainder of the nights in Yellowstone National Park at the Youth Conservation Corps facilities. Expedition Yellowstone! Provides two park rangers who facilitate the week's activities throughout the park. All costs are covered by the Summer Star Foundation grant and no school will be missed as the trip takes place during spring break.

The trip will be chaperoned by Dan Sargent (a veteran of the trip), Jen Frasier, Caroline Burrows, Tadd Allen, and Tyler Bedford.

Thank you for your consideration in this matter.

Sincerely,

Kevin McLaughlin
