

**CITY OF LOWELL
PETITION**

TO THE
CITY COUNCIL

*Lena Pen
122 Wannalancit St
Lowell MA*

Regarding parking

In City Council

February 26, 2019

Read and

Clerk

To The City Of Lowell Or Whom it may concern,

My name is Leena Pen and I am writing on behalf of myself and my parents who own the property on 122 Wannalancit st in Lowell. We are writing in regards to an ongoing parking issue that has been happening. This dead end street leaves my tenants and I the option to park only in front of our home. Across from my home are 3 other houses that all have parking in front of their home along with a driveway. Recently, they decided to remove their back yard fence and turned it into parking. My tenants and I are now left with limited parking space. Since the fence has been removed the tenants of the home across from mine are now choosing to park in the back which was once a fenced off backyard. This now creates another issue regarding our trash bins where our neighbors across from us are calling the city to move our trash bins to in front of our home, which the trash men will not take because it is a dead end street with no way to turn the truck around. I would like to mention, the trash bins were not blocking their backyard that they turned into a driveway but just along a fence which left me confused on why the city of lowell was called. Like mentioned previously, we are only now limited to park in front of our home, if we aren't able to place our trash bins across from us, where are we to pull our trash cans to? I would like to solve this issue not only for myself and my parents but for my tenants who should be able to have parking in front of their own home.

Sincerely,
Leena Pen
