

Grant Award to Lowell STEM Club

TO: Jeannine Durkin, Acting Superintendent

FROM: Robin Desmond, Assistant Superintendent

DATE: February 12, 2019

I wish to inform you that Greater Lowell Community Foundation has committed funds in support of Lowell Public Schools' STEM Club pending acceptance by the Lowell School Committee.

This financial support is for a total of \$1,000.00 and will be used to help support students who participate in the Science and Engineering Fair as part of STEM Club. The funding will help cover student costs such as transportation, refreshments and resources. STEM Club, and the resulting Science and Engineering Fair, encourages students to expand their interest in STEM by providing an atmosphere of innovative thinking and creating.

If the members of the Lowell School Committee are in favor of accepting this donation, I recommend the following action/vote be taken:

To accept the donation of \$1,000.00.

I would like to thank Martha Cohn, Coordinator, PreK-12 Science and Social Studies, in securing this donation.
