RE: Summer Foods Grant with Department of Education and Secondary Education

Lowell Public Schools Food and Nutrition Department has applied for and been granted \$10,755 to assist in planning and pre-operational activities for our 2019 Summer Food Service Program.

The funding will be used to support our Summer Kick Off Event as we partner with Project Learn at the Kids Summer BookFest on Tuesday June 11, 2019.

We will be providing summer dinner meals to over 500 students during the BookFest along with Harvest of the Month Sampling, Decorating Chef Hats, Fruit Flavored Waters and Nutritional Education.
