

City of Lowell  
Commercial and Residential  
Development Data Report  
Q3 and Q4 2012

## City of Lowell Department of Planning and Development Development Data

The Commercial and Residential Development Data Report keeps an update of commercial and residential being developed in the City of Lowell. This data is reported on a quarterly basis and is distributed to various city departments (or within the Department of Planning & Development) City department and the general public. This information tracks development progress from permitting and construction to completion. Criteria for the data report are:

- Commercial projects totaling over 10,000 square feet.\*
- Residential projects of four or more units that are new construction or rehab/renovation projects.

Projects meeting the criteria will be categorized by status, which include:

- Board Project Review/Approval = development under review or approval by Planning Board, Historic Board or Zoning Boards of Appeal
- Permitting = building permit under review by Building Department
- Under Construction = development received Building Permit
- Complete = project received Certificate of Occupancy (CO) or Temporary CO.

Any questions or comments about the Development Data Report to:

Theresa Park

Director of Economic Development

City of Lowell Department of Planning and Development
