HEALTH

Well-being. Done Well.

Presenting **HIGH TECH – HIGH TOUCH SOLUTIONS FOR BALANCING YOUR WORK AND LIFE**

AllOne Health's ongoing commitment to evolving technologies allows us to continually improve upon user experience and efficiency for our clients. Employees, students, and family members can access the AllOne Health's services **24/7/365** through telephone, video counseling, and mobile app options.

Individuals will have direct toll-free access to a live-answered representative whenever they call, access to a counselor for information on a plethora of topics, and access to our services in the palm of your hands through our new mobile app. Furthermore, our state-of-the-art technology affords our clients best-in-class reporting and statistics to aid in program review and evolution.

As society continues to evolve and individuals become increasingly busy and on-the-go, we are excited to continue to launch innovative new channels for service delivery.
