Extracts from the City's  
Zoning Ordinance

## **ARTICLE III DISTRICTS**

### **SECTION 3.1 ESTABLISHMENT**

For the purpose of this chapter and consistent with the goals and objectives of the City's Comprehensive Master Plan, the city is hereby divided into seven (7) types of Residential, six (6) types of Commercial and Mixed-Use and five (5) types of Office, Industrial, and Special Purpose Districts as follows:

#### **3.1.1 Residential Districts**

Three groupings of residential districts are established to reinforce the three types of neighborhoods that are found in Lowell: suburban areas, traditional neighborhoods, and urban communities.

1. Suburban Neighborhood Residential Districts are designed to preserve, promote, and enhance the neighborhood character of Lowell's newer residential areas. The SSF district emphasizes single-family homes, while the SMF encourages suburban-scale apartment and condominium developments.

SSF: Suburban Neighborhood Single Family  
SMF: Suburban Neighborhood Multi Family

2. Traditional Neighborhood Residential Districts are designed to preserve, promote, and enhance the pedestrian-scale character of Lowell's historic residential neighborhoods. All three encourage moderately-sized lots and prohibit large-scale developments. The TSF district emphasizes single-family homes, the TTF district also allows two-family homes, while the TMF also allows three-family homes and up to 6-unit multi-family developments by special permit. To encourage neighborhood stability and owner-occupancy, special provisions are provided for single-family developments in the TTF and TMF zones.

TSF: Traditional Neighborhood Single Family  
TTF: Traditional Neighborhood Two Family  
TMF: Traditional Neighborhood Multi-Family

3. Urban Neighborhood Residential Districts are designed to preserve, promote, and enhance the character of Lowell's neighborhoods and redevelopment areas where urban-scale development patterns are typical or appropriate. The USF district emphasizes single-family homes on smaller lots, while the UMF district also allows two-family and multi-family developments.

USF: Urban Neighborhood Single Family  
UMF: Urban Neighborhood Multi-Family

#### **3.1.2 Commercial Districts**

There are two general types of commercial districts proposed: retail and mixed-use. Retail districts are designed to promote and strengthen retail and related commercial development at key nodal areas where commercial uses should be specifically emphasized. Mixed Use Commercial Districts are designed to promote and sustain vibrant commercial activity by encouraging a balanced mix of uses that collectively create a viable market environment for commercial development and expansion. Unlike the retail districts that strictly limit non-commercial development in prime retail locations, mixed-use districts recognize and encourage complementary residential development alongside commercial uses. These districts are grouped to reinforce the same suburban, traditional, and urban development patterns that form the character of Lowell's neighborhoods.

1. Suburban Retail and Mixed-Use Districts promote the development of businesses that draw their markets from citywide and regional service areas, with the SMU district also allowing a balance of regional-retail and suburban-scale apartment and condominium developments.

RR: Regional Retail District  
SMU: Suburban Mixed-Use District

2. Traditional Retail and Mixed-Use Districts promote a vibrant business environment in Lowell's traditional neighborhood centers that enhances the character of the surrounding neighborhood. The TMU district is designed to promote a mix of residential and retail uses in secondary areas where neighborhood-scale commercial activity can enhance the character of the surrounding residential area.

NB: Neighborhood Business District  
TMU: Traditional Mixed-Use District

3. Urban Retail and Mixed Use Commercial Districts promotes the vitality of Lowell's historic downtown. The DMU is designed to promote a vibrant urban environment in the heart of Downtown Lowell. The UMU district focuses on revitalizing the commercial areas in the urban neighborhoods near downtown.

DMU: Downtown Mixed-Use District  
UMU: Urban Mixed-Use District

### **3.1.3 Office, Industrial, and Special Purpose Districts**

Office and Industrial Districts are designed to encourage the location of commercial and industrial activities in locations which best serve the needs of these land uses while also protecting the health, safety, and welfare of the occupants of residential properties for whom these activities may constitute nuisances. The OP district is designed to promote research and development as well as general office uses. The LI district allows a broad range of cleaner industrial uses as well as storage activities. The GI district allows most manufacturing and industrial uses, as well as most automotive uses. The HRC district promotes the continued development of mid-rise and high-rise commercial areas in areas that are well served by transportation infrastructure. The institutional mixed-use district is designed to capitalize on the development potential of the major institutional campuses in the City, while also serving to contain the impact of these campuses within designated areas.

OP: Office/Research Park  
LI: Light Industry, Manufacturing, & Storage  
GI: General Industry  
HRC: High-Rise Commercial District  
INST: Institutional Mixed-Use District

### **3.1.4 Planned Development Districts**

Planned Development Districts support the implementation of approved comprehensive development schemes for designated areas of the City as set forth in Article X.

PDMI: Planned Development – Medical/Institutional (PD-MI) – see Section 10.1

### **3.1.5 Overlay Districts**

In addition, there are several overlay districts, as set forth in Article IX.

### **3.1.6 Hamilton Canal District Form-Based Code**

The purpose of the Hamilton Canal District Form-Based Code (HCD-FBC) is to insure that the development of the Hamilton Canal District is consistent with the goals of the Hamilton Canal District Master Plan dated September 2008 and the Jackson Appleton Middlesex (JAM) urban renewal plan. The districts of the HCD-FBC are regulated through Section 10.3 of the Zoning Ordinance.

## **ARTICLE IV. USE REGULATIONS**

### **SECTION 4.1 GENERAL**

In each district, the use of land, buildings and structures shall be regulated as set forth in this Article IV and as provided elsewhere in this chapter.

### **SECTION 4.2 TABLE OF USE REGULATIONS**

See Article XII.

**4.2.1 Key.** A use listed in The Table of Uses is permitted as a right in any district under which it is denoted by the letter “Y.” It is prohibited if designated by the letter “N.” If designated in the table by the letters “SP,” the use may be permitted as a special permit only if the Board of Appeals determines and grants a special permit therefore as provided in Section 11.3, subject to the provisions of Section 11.3.2 and 11.3.2a, as well as any such further restrictions as the Board may establish. If designated in the table by the letters “PB,” the use may be permitted as a special permit only if the Planning Board determines and grants a special permit therefore as provided in Section 11.3, subject to the provisions of Section 11.3.2 and 11.3.2a, as well as any such further restrictions as the Board may establish. If designated in the table by the letters “CC,” the use may be permitted as a special permit only if the City Council determines and grants a special permit therefore as provided in Section 11.3, subject to such further restrictions as the City Council may establish. [Ord. 4-18-06]

**4.2.2 Definitions of Uses.** In the event of development on a site where a new use or structure is being added to an existing use or structure, the use regulations set forth in the table shall apply to both the existing and new uses and structures. [Ord. 4-3-07]

**4.2.3 Mixed-Use.** Projects integrating uses in a mixed-use development on a single lot must be in a zoning district in which each use is allowed on that lot, and must meet all zoning criteria for each use on that lot except as otherwise provided herein. Where different uses have different minimum criteria, (i.e. setbacks) the more prohibitive minimum will apply. Where different uses have different aggregate criteria (i.e. open space) the sum total will be applied. Aggregate parking requirements may be reduced per the shared parking regulations in Section 6.1.5(4). [Ord. 4-3-07]

### **SECTION 4.3 ACCESSORY USES**

**4.3.1 General.** The following accessory uses shall be permitted or authorized by special permit if on the same lot as the building or use to which it is accessory, as set forth in the Table of Accessory Uses, except as otherwise provided herein.

**4.3.2 Table of Accessory Uses.** See Article XIII.

**4.3.3. Home Occupation - As of Right.** A home occupation may be allowed as of right provided that it:

1. work done on the lot is confined to within a dwelling and is conducted solely by the person(s) occupying the dwelling as a primary residence; [Ord. 4-3-07]
2. is clearly incidental and secondary to the use of the premises for residential purposes and is the only home occupation on the lot;
3. does not produce offensive noise, vibration, smoke, dust, odors, heat, lighting, electrical interference, radioactive emission or environmental pollution;
4. does not utilize exterior storage of material or equipment;

5. does not exhibit any exterior indication, including signs, of its presence or any variation from residential appearance;
6. does not produce any customer, pupil, employee or client trips to the occupation site and has no nonresident employees;
7. is registered as a business with the City Clerk.

**4.3.4. Home Occupation - By Special Permit.** A home occupation may be allowed by special permit issued by the Board of Appeals, provided that it:

1. fully complies with Sections 4.3.3. subsections 2, 3, 4, and 7, and is the only home occupation on the lot;
2. is conducted within a dwelling solely by the person(s) occupying the dwelling as a primary residence and, in addition to the residents of the premises, by not more than three (3) additional employees;
3. does not exhibit any exterior indication of its presence or any variation from residential appearance, except for a sign or name plate in compliance with Section 6.3;
4. a special permit for such use is granted by the Board of Appeals, subject to conditions including, but not limited to, restriction of hours of operation, maximum floor area, off-street parking, and maximum number of daily customer vehicle trips. Such special permit shall be limited to five years, or the transfer of the property, whichever first occurs.

**4.3.5 Special Rules.**

1 In all districts, the renting of rooms or the furnishing of table board by a resident owner to not more than two (2) non-transient roomers or boarders shall be considered as an accessory use provided no separate cooking facilities are maintained, and no sign or nameplate is displayed.

2. Provisions of a garage or parking space for occupants, employees, customers, or visitors shall be considered as an accessory use, provided where accessory to residential uses in Residential SSF, TSF, TTF, and USF Districts such garage or parking space shall be limited to the accommodation of five (5) passenger vehicles, or two (2) passenger vehicles for each dwelling unit, whichever is greater. The storage of any unregistered vehicle at residential properties is prohibited unless otherwise compliant with the provisions of this ordinance as follows:

1. A limit of 1 unregistered vehicle per property.
2. Any vehicle stored on a residential property must be covered with a tarp or similar material.
3. The vehicle must be parked on an impervious surface.
4. The vehicle must be in an operational condition.
5. No repair of vehicle on the property is allowed.
6. The owner of the vehicle must obtain an annual unregistered vehicle permit from the City.
  - a. Automotive repair facilities, including auto body or paint shops, shall be allowed to have unregistered vehicles on the premises provided that all servicing and repairs are carried out inside the building. The parking of registered or unregistered vehicles is allowed outdoors for this use, but must be screened in accordance with the conditions set forth in section 6.1.8 of this Zoning Ordinance. The number of unregistered vehicles allowed shall be up to 3 times the number repair bays. Stowed vehicle lots may also

store unregistered vehicles, but must be screened in accordance with the conditions set forth in section 6.1.8 of this Zoning Ordinance. [Ord. 3-22-2017]

3. In multifamily dwellings, hospitals or hotels with more than thirty (30) sleeping rooms, a newsstand, barbershop, dining room or similar service for occupants thereof, when conducted and entered only from within the building and no signs or advertising devices thereof are visible from outside the building, shall be considered as an accessory use.

4. In any district, the total area of uses accessory to the principal use, may not occupy more than twenty-five (25) percent of the floor area in a main building, and the total area of uses or buildings accessory to the principal use except for parking facilities and driveways may not occupy more than fifteen (15) percent of the entire area of the lot. In Residential Districts, an accessory building shall not be located nearer than ten (10) feet to the principal building or nearer than five (5) feet to any side or rear lot line or nearer to the front lot line than the minimum setback in the zoning district in which it is located.

5. In a Commercial, Mixed-Use, Special Purpose, Office, or Industrial District, an off-site parking area, as an accessory use, located within 1000 feet of a primary use on a separate lot and for the parking of passenger cars of employees, customers or guests of commercial or institutional establishments, provided no charge is made for parking, and no automotive sales or service operations are performed in the parking area, may be allowed by special permit.

6. Parking or allowing to stand any motor vehicle and/or motor vehicle attachment (excluding recreational vehicles) having a gross vehicle weight of twelve thousand (12,000) pounds or more, or exceeding 24 feet in length, or having three (3) or more axles, for more than one-half (1/2) hour, on any day, at any time, where parking or standing a vehicle is not otherwise regulated by traffic regulation; provided that this regulation shall not apply during actual service delivery, or in the case of an emergency, is permitted as of right in a GI or LI District only, and may be allowed in an OP or RR District by special permit. Such activity is prohibited in all other zones. Motor vehicles, regardless of size, owned or operated by the City of Lowell, the Commonwealth of Massachusetts, or the United States of America are hereby exempt from these regulations.

**4.3.6 Temporary Building or Use.** The commissioner of buildings may grant a permit for a temporary building or use incidental to a building development, which does not comply with the provisions of this ordinance, where reasonably required for such development. Such permit may be issued for an initial period of not more than one (1) year. In the case of a building, the application shall be accompanied by a bond and bill of sale to the city, effective in case the building is not removed prior to the expiration of the permit. Permits may be renewed by the commissioner of buildings for successive periods of not more than one (1) year each, not to exceed a total of three (3) years.

1. Construction trailers will be prohibited from being placed on construction development sites prior to sixty (60) days before construction begins.

2. Construction trailers must be removed from development sites within sixty (60) days after construction is completed.

3. Construction trailers shall be prohibited at any residential project site of six units or less.

[Ord. 10-22-13]

**4.3.7 Conditions.**

1. In a Residential District, an accessory use shall not involve the maintenance of a stock-in-trade or the use of signs, illumination, show windows, or displays, either exterior or interior, except such signs as are permitted by this ordinance.

2. No accessory building shall be used as a dwelling, unless otherwise allowed by Article XIII(n), except for the

**ARTICLE V. DIMENSIONAL REQUIREMENTS**

**SECTION 5.1 TABLE OF DIMENSIONAL REGULATIONS.** No building or structure shall be built nor shall any existing building or structure be enlarged which does not conform to the regulations as to maximum ratio of floor area to lot area, minimum lot sizes, minimum lot area for each dwelling unit or equivalent, minimum lot frontage, minimum setback dimensions of front, side and rear yards, minimum open space, and maximum height of structures, and all other dimensional requirements in the several districts as set forth in the Table of Dimensional Regulations, except as hereinafter provided. [Ord. 11-29-05, 4-18-06, 4-3-07, 9-27-11]

----Denotes no dimensional requirement.

\* Front setbacks in these districts shall be consistent with existing setbacks on the block.

† Side and rear yard setbacks in these districts must be at least 15 feet when abutting a residentially-zoned lot.

\*\* Minimum residential frontage in these districts may be reduced by special permit under the provisions of Section 5.1.1 (7).

**5.1.1 Notes to Dimensional Table.**

1. The following abbreviations are used in table 5.1: Max. is maximum. Min. is minimum. DU is dwelling unit. FAR is floor area ratio. LA/DU is the lot area required for each dwelling unit on a lot. UOS is usable open space as described in section 5.3.2.

2. A portion of the façade of a primary building on a lot, including its front door, must be located between the minimum and maximum front yard setbacks. Where multiple primary buildings on a lot are built within the maximum front yard setback, each must have a front door on the street-facing façade of the building that is located between the minimum and maximum front yard setbacks. [Ord. 11-29-05] Covered front porches may fall within the minimum front yard setback but must be set back at least the distance listed under “porches.” Projections which conform to the requirements of section 5.1.7 may be located as close to the front lot line as the distance listed under “projections.” All residential garage doors visible from the public way must be set back from the front lot line at least the distance listed under “garages.”

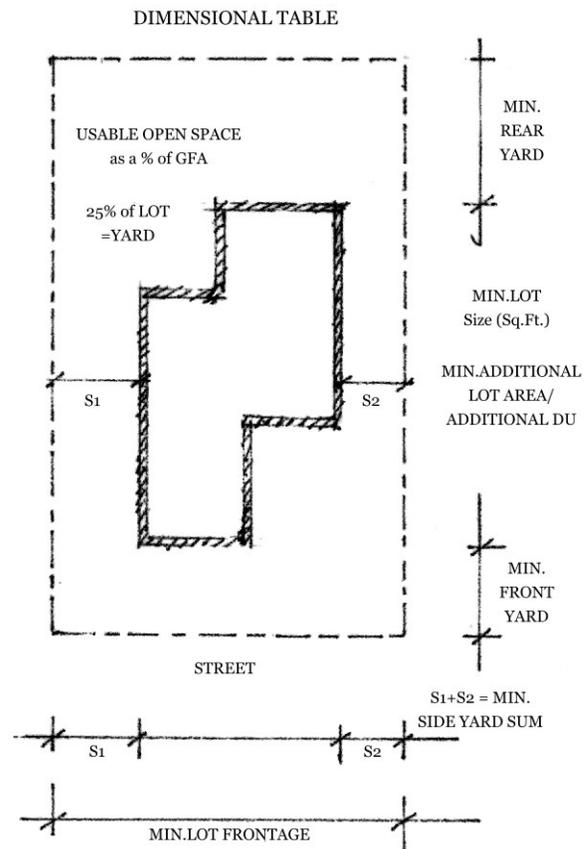

3. In the suburban and traditional neighborhood districts, the lot coverage for a residential dwelling shall not exceed thirty-five (35) percent of the lot area.

4. Rear yards in a RR district may be reduced to ten (10) feet by special permit provided there are no residential abutters to the rear of the property and the property does not abut a residential zoning district to the rear.

5. When an existing building, having been constructed more than sixty (60) years ago, is converted to residential use outside the boundaries of the Artist Overlay District, it is subject to the provisions of Section 8.1.1. When an existing building, having been constructed more than sixty (60) years ago, is converted to residential use within the boundaries of the Artist Overlay District, it is subject to the provisions of Section 9.2.5. [Ord. 07-13-04]

6. A lot with a preexisting nonconforming structure that complies with the required sum of the two side yard setbacks but encroaches on the minimum yard requirement to one side may not be divided in such a manner as to leave the structure on a smaller lot that no longer meets the required sum of the two side yard setbacks. [Ord. 11-29-05]

7. In the SSF, SMF, SMU, TSF, TTF, TMF, TMU, USF, UMF, and UMU Zoning Districts, the minimum frontage required for residential uses may be reduced by as much as fifteen feet (15'-0") below the minimums listed in the Table of Dimensional Regulations with a special permit issued by the Lowell Planning Board if the

Planning Board finds that the proposed development satisfies the criteria established in Section 11.3.2a. The Planning Board shall consider the nature of the proposed development on the lot as well as the nature of the lot or proposed lot before granting a special permit under this section 5.1.1(7). The Planning Board ~~[Prior]~~ shall not grant a special permit under this section 5.1.1(7) prior to receipt of written design review comments from the Department of Planning and Development or forty-five (45) calendar days following the termination of the public hearing, except in cases where the project is subject to the review and approval of the Lowell Historic Board. [9-27-11]

### **5.1.2 Computation of Lot Area.**

1. The lot or yard areas required for any new building or use may not include any part of a lot that is required by any other building or use to comply with any requirements of this chapter, nor may these areas include any property of which the ownership has been transferred subsequent to the effective date of this ordinance if such property was a part of the area required for compliance with the dimensional requirements applicable to the lot from which such transfer was made.
2. At least ninety percent (90%) of the lot area used to satisfy the minimum lot area per dwelling unit or minimum lot area requirements must not be designated wetlands, used for a surface drainage system, or have a grade in excess of eight percent (8%).

**5.1.3 Lot with Multiple Buildings.** In the case of multiple buildings on a lot in single ownership, the distance between such buildings shall comply with the requirements of the State Building Code. In the TMF, USF, and UMF residential districts, the distance between multiple residential buildings on a lot in single ownership must meet or exceed twice the minimum side yard dimension in that zoning district. [Ord. 11-29-05]

**5.1.4 Grandfathered Lots.** Lots lawfully laid out shall be governed by the provisions of G.L. c. 40A, s. 6, para. 4.

**5.1.5 Lots in the HRC District.** In the HRC District, a lot may consist of one (1) or more contiguous lots of record. Lots shall be considered contiguous even though the lots or portions thereof are separated from each other by roads, railroads or waterways, so long as any lot or portion of a lot so separated is within three hundred (300) feet of the remaining lot or portion of a lot and so long as said land (lot or lots) is held in common ownership.

**5.1.6 Yards.** In all Suburban and Traditional Neighborhood Residential Districts at least twenty-five (25) percent of every lot area shall be yard areas. Every part of a required yard shall be open to the sky and unobstructed except for ordinary projections of the belt courses, cornices, sills, skylights and ornamental features projecting from the building not more than twelve (12) inches. Awnings, arbors, fences, flagpoles, recreational and laundry drying equipment and similar objects shall not be considered obstructions when located within a required yard. Open or lattice-enclosed fire escapes for emergency use only are permitted. In measuring a yard for the purpose of determining the width of a side yard, the depth of a rear yard, or the depth of a front yard, the minimum horizontal distance between the corresponding lot line and the building shall be used. The following shall be allowed to be placed within the minimum side and rear yard requirements, as defined in the provisions of section 4.3.5(4), but are subject to all applicable front yard requirements [Ord. 12-12-17]:

1. One story accessory buildings up to 200 square feet and 16 feet in height; [Ord. 12-12-17]
2. Detached above ground pools. [Ord.12-12-17]
3. One deck or patio per dwelling unit, up to 200 square feet in area, may be placed within the rear yard only. This deck may be no closer than five (5) feet from the rear lot line in the SSF, TSF, TTF, TMF and TMU district. Decks greater than five (5) feet in height above the mean ground level must be at least ten (10) feet from a rear lot line in the SSF, TSF, TTF, TMF and TMU district. Unroofed porches or decks are subject to all applicable side yard requirements. [Ord. 4-3-07, Ord. 12-12-17]

## **ARTICLE VI. GENERAL REGULATIONS**

### **SECTION 6.1 OFF-STREET PARKING**

**6.1.1 Intent of Parking Requirements.** It is the intention of this Section that all structures and land uses be provided eventually with sufficient off-street parking space to meet the needs of persons making use of such structures and land uses.

**6.1.2 Applicability.** No permit shall be issued for the erection of a new structure, the enlargement of an existing structure or the development of a land use, unless the plans show the specific location and size of the off-street parking required in compliance with the regulations set forth in this article and the means of access to such space from public streets. In the event of the enlargement of an existing structure, the regulations set forth in this article shall apply to both the area added to the existing structure and the existing structure. [Ord. 4-3-07]

#### **6.1.3 Special Regulations.**

1. Any use in existence or lawfully begun on the effective date of this ordinance is not subject to these parking requirements, but any parking facility thereafter established to serve such use may not in the future be reduced below these requirements.
2. Changes of use of a structure that does not conform to these parking requirements are permitted without being subject to these requirements provided that, the new use does not require more parking than the former use and the property has been vacant or unoccupied for no more than three (3) years. If these conditions are not met and the reuse of an existing structure or building is subject to these parking requirements, required parking may be provided on a separate lot as long as the required spaces are no more than four hundred (400) feet from the entrance to the use they serve.
3. Where the computation of required parking spaces results in a fractional number, shall be counted as one (1).
4. Required off-street parking facilities which after development are later designated as and accepted by the city for off-street parking purposes shall be deemed to continue to serve the uses or structures to meet the requirements for which they were originally provided.

b. Art/Craft Studio	Where Permitted	1 space per 1000 sq ft			100	75	10	100	75	10

**6.1.5 Notes to Parking Table.**

1. Residential developments (including mixed use developments) with 10 units or more may provide either of the following alternative transportation amenities in exchange for a reduction in total parking requirements

- a. Car Share parking facilities  
Car share parking spaces may be utilized to reduce the project’s parking requirement at a rate of 4:1, by a maximum of up to 25% or 20 spaces, whichever is less.

[Ord. 12-12-17]

2. Where no fixed seats are used in a place of assembly whose parking requirements are based on seating, each twenty (20) square feet of public floor area shall equal one (1) seat.

3. Where an institution provides dormitory residence accommodations, the number of parking spaces furnished for the purpose may be deducted from the requirements established for the educational buildings normally used by students in residence.

4. Two or more uses may meet their parking requirements by sharing a common shared parking area, provided that the shared spaces are held in common ownership with all uses being served through easements or fee title, that all spaces are located within four hundred (400) feet of all uses they serve, and that the total number of spaces conforms with the Shared Parking Requirements outlined in section 6.1.4. Shared parking requirements for multiple uses are calculated using the following worksheet.

**Multiply required spaces by percentage in Shared Parking Chart**

		<b>Weekdays 8AM-5PM</b>	<b>Weekdays 6PM- 12AM</b>	<b>Weekdays 12AM- 6AM</b>	<b>Weekends 8AM- 5PM</b>	<b>Weekends 6PM- 12AM</b>	<b>Weekends 12AM- 6AM</b>
<b>Use A:</b>							
Req. Spaces _____		_____	_____	_____	_____	_____	_____
<b>Use B:</b>	+						
Req. Spaces _____		_____	_____	_____	_____	_____	_____
<b>Use C:</b>	+						
Req. Spaces _____		_____	_____	_____	_____	_____	_____
<b>TOTAL:</b>		_____	_____	_____	_____	_____	_____

**The largest of the totals is the combined parking requirement in the shared lot to serve all uses.**

5. Parking requirements for restaurants and take out restaurants may be reduced to 1 space per 500 square feet in the UMU, TMU, NB and INST zones, and 1 space per 250 feet in all other permitted zones, by special permit issued by the ZBA, if the applicant can prove that on-site parking will sufficiently serve the size of the facility. [Ord. 4-3-07]

**6.1.6 Location and Layout of Parking Facilities.** Unless otherwise allowed herein, required off-street parking facilities shall be provided on the same lot as the principal use they are required to serve, subject to the following exceptions:

- 1. In the case of new construction of a multifamily residential building in a Commercial or Mixed-Use District, or a UMF Residence District, the required parking facilities may be provided on lots not more than four hundred (400) feet away from the building to be served.

2. In HRC Districts, the required off-street parking may be provided on the same lot as the principal use it is required to serve. However, any other lot or lots within the same HRC District which is or are not more than one thousand five hundred (1,500) feet away from the entrance of the building to be served, may be used to meet the requirement for off-street parking.

3. In Industrial Districts and in the case of institutional uses in any district, the required parking facilities may be provided on lots not more than one thousand (1,000) feet away from the building to be served.

4. In the case of a dormitory of a nonprofit educational institution the required parking facilities may be provided on lots not more than one thousand five hundred (1,500) feet away, measured along a traveled way, from the dormitory to be served.

5. In the UMU, TMU, INST and NB districts and for residential uses in the DMU district, all parking requirements may be met by leasing spaces in publicly-owned off-street parking facilities located within one thousand five hundred (1,500) feet of an entrance to the use. [Ord. 4-18-06]

6. In the UMU and UMF districts, non-residential parking requirements are reduced by fifty percent (50%) if a publicly-owned off-street parking facility is located within one thousand five hundred (1,500) feet of an entrance to the use. In the UMU and UMF districts, residential parking requirements may be reduced by as much as fifty percent (50%) if a publicly-owned off-street parking facility is located within one thousand five hundred (1,500) feet of an entrance to the use by special permit if the Planning Board finds that said public parking will accommodate the parking demands of the proposed project. [Ord. 4-18-06]

7. In the TMU, INST and NB districts, non-residential parking requirements are reduced by fifty percent (50%) if a publicly-owned off-street parking facility is located within four hundred (400) feet of an entrance to the use. In the TMU, INST, and NB districts, residential parking requirements may be reduced by as much as fifty percent (50%) if a publicly-owned off-street parking facility is located within four hundred (400) feet of an entrance to the use by special permit if the Planning Board finds that said public parking will accommodate the parking demands of the proposed project. [Ord. 4-18-06]

8. All non-residential uses in the DMU district and/or within the boundaries of the Artist Overlay District are exempt from the listed parking requirements if a publicly-owned off-street parking facility is located within one thousand five hundred (1,500) feet of an entrance to the use. [Ord. 4-18-06, Ord. 11-16-10]

9. Take-Out Restaurants and Service Businesses in the TMU, UMU, NB and INST districts shall be allowed to count on-street parking toward their parking requirement so long as both of the following are met:

- a. Parking is allowed on the same side of the street as the proposed business location
- b. On-street parking outside the property is metered parking

[Ord. 12-12-17]

All privately-owned off-site parking facilities shall be under the same ownership or be leased to the same ownership as the building or buildings which they serve. Where a certificate of occupancy has been issued conditional to the maintenance of off-site parking facilities, such certificate of occupancy shall lapse in the event of the sale or conveyance of the land used for such parking facilities for the required parking, or if said land is otherwise no longer available for such use. Parking spaces satisfying these requirements need not be in the city.

#### **6.1.7 Standards.**

1. Required off-street parking facilities may be enclosed in a structure or may be open. If such facilities are open, they shall be graded, surfaced with tar, asphalt, concrete, or other nondusting paving, drained and suitably maintained to the satisfaction of the Building Commissioner and the City Engineer to the extent necessary to avoid the nuisances of dust, erosion or excessive water flow onto public ways or adjoining property.

### **SECTION 8.3 RESIDENTIAL DEVELOPMENT IN AN HRC DISTRICT**

**8.3.1 General.** Certain residential developments may be permitted by special permit granted by the Zoning Board of Appeals in the HRC District, as set forth in the Table of Uses, Article XII.

**8.3.2 Criteria.** In addition to the criteria set forth in Section 11.3, the ZBA shall consider the following:

1. The Applicant shall demonstrate that the combination of the direct net municipal fiscal impact of the proposed residential development and the quantifiable added value that the proposed development brings to adjacent commercial or industrial properties equals or exceeds the direct net municipal fiscal impact of the potential "highest and best use" industrial or commercial development of the same site.

2. In making this determination, the ZBA shall consider fiscal impacts upon:

- Public education
- Transportation infrastructure (including roadway construction, maintenance, and traffic control)
- Water and sewer infrastructure
- Public safety
- Solid waste disposal
- Other public works
- General municipal services

**8.3.3. Burden of Proof.** The burden of proof shall be upon the Applicant to demonstrate that the requisite finding may be made by the ZBA. In order to meet this burden, the ZBA may require the Applicant to engage a qualified economic analyst.

**8.3.4 Technical Review.** Where the Applicant has been required to submit an economic analysis, the ZBA may establish an escrow account, pursuant to G.L. c. 44, s. 53G, and require the Applicant to fund same. The ZBA may use such funds to engage a technical consultant to perform a peer review.

## **NEW SECTION 10.3**

### **10.3 Hamilton Canal District Form-Based Code (HCD-FBC)**

#### **10.3.1 Purpose and Intent**

The purpose of the Hamilton Canal District Form-Based Code (HCD-FBC) is to ensure that the development of the Hamilton Canal District (HCD) is consistent with the goals of the Hamilton Canal District Master Plan dated September 2008, adopted by the City council on September 23, 2008 and the Jackson Appleton Middlesex (JAM) Urban Revitalization and Development Plan, adopted by the City Council March 28, 2000, as amended through August 26, 2008. The intent is to set forth administrative standards to facilitate timely and comprehensive review of Development Proposals within the Hamilton Canal District.

The HCD-FBC consists of two parts. The first part is this Section 10.3 of the Lowell Zoning Ordinance. This part is designed to work in conjunction with the second part of the HCD-FBC which has been adopted by the Lowell Planning Board as Appendix A of the Subdivision of Land Standards of the City of Lowell (hereinafter, the Subdivision Standards)

The HCD-FBC is designed to reinforce the key goals and objectives of the Hamilton Canal District Master Plan, which are to:

- Develop an exciting new extension of Downtown Lowell to support new local residents and employees.
- Provide a viable, safe and comfortable pedestrian experience that links the Gallagher Terminal to Downtown Lowell.
- Develop a new signature site that draws from the successful loft reconstruction downtown, while including a variety of old and new buildings that will complement the existing historic fabric.
- Successfully develop a residential component that appeals to consumers seeking an urban experience with access to Downtown Lowell, rail access to Boston or highway access to the Route 3 and Interstate 495 corridors.
- Create a new place that respects the urban character of the City with buildings that meet the sidewalks and active first-floor uses.
- Acknowledge and reflect the historic Canals as a significant amenity which is integral to the Hamilton Canal District.
- Continue progress to make this area of the City even safer, by creating an active street presence, and encouraging a significant population who will provide 'eyes on the street' during both day and evening hours.
- Support significant pedestrian amenities including upgrades to streets, sidewalks, street trees and lighting.
- Develop sites around the Canal Walks that will make the walkways more inviting and interesting, while also creating origins and destinations along the walkways.
- Significantly increase the City's employment base and tax revenues from the Hamilton Canal District.
- Integrate the Hamilton Canal District with related planning and development initiatives and/or projects in the area including the upgrading of Middlesex Street, improvement of pedestrian connections to the Gallagher Terminal, the development of the Canal Walks, as well as the proposed expansion of transit to support downtown circulation.
- Incorporate planning for energy efficiency and sustainability in the

redevelopment of the Hamilton Canal District, including, where feasible, the use of renewable energy sources, green building construction, and operational standards.

For this reason, the HCD-FBC regulates some items (build-to lines, façade Fenestration, use of Open Space, etc.) more specifically than other items (particularly use). This is designed to reinforce the need for a quality urban design while allowing the flexibility for the district to evolve while continuing to meet the goals of the Hamilton Canal District Master Plan for the development and the JAM Urban Revitalization and Development Plan.

### **10.3.2 Definitions**

Definitions in Section 2 of the Lowell Zoning Ordinance shall apply within the Hamilton Canal District. Where a term defined below is also defined in Section 2, the definition below will apply within the HCD-FBC. Additional definitions provided below also only apply within the Hamilton Canal District.

**Building Façade:** Any exterior face of a building other than its roof.

**Building Form Standard (BFS):** Regulations controlling the configuration, features and functions of buildings. Setbacks, build-to lines, Heights, minimum and maximum Parcel Coverage and all other standards established by the BFS are mandatory standards for construction on the identified Parcel.

**Build-To-Line (BTL):** A line along which a Building Façade must to be located. Projections and Encroachments may cross the minimum BTL. The Build-to-Line is expressed as a range of minimum and maximum distances from an adjacent Property Line. The intent of the BTL is to create a predominant 'Street Wall' within the HCD. On a given side or a portion of a side of a Parcel indicated within a Building Form Standard, the Street Wall Percentage shall dictate the minimum percentage of that side or portion of a side indicated which shall contain a Street Wall between the minimum and maximum BTL. The portion of a Street Wall that is required to meet the minimum Street Wall Percentage shall be at least equal in Height to the minimum Height indicated along that side, and no greater in Height than the maximum Height indicated on that side. If there is additional Street Wall along a side or portion of a side indicated, it need not meet the maximum BTL requirement, but must be set back no greater than the Maximum Setback if one is specified in the Building Form Standard.

**Canal:** For the purpose of the HCD project the term Canal shall apply to the Merrimack Canal, Pawtucket Canal, Hamilton Canal and Lower Pawtucket Canal.

**Canal Frontage:** The edge of a Parcel that fronts on a Canal or a Canal Walk.

**Canal Walk:** A pedestrian oriented walkway along a Canal in the Hamilton Canal District. Canal Walks are typically built on land owned by the Commonwealth of Massachusetts over which the recreational rights are controlled by the National Park Service. Canal Walks are specified on the Open Space Regulatory Plan for the Hamilton Canal District. These walks are to be designed into the pedestrian pattern within the Hamilton Canal District.

**Development Parcel:** A Parcel within the Hamilton Canal District where a Development Proposal may be proposed and developed in compliance with the HCD-FBC.

**Development Proposal:** The erection, extension, or modification of any building or part thereof, or the change in use of any building or land, for which the applicant is required to obtain a building permit, except as follows:

- Modification to the interior of a structure
- Change of use from one allowed use to another allowed use without modification to the exterior of the structure or the land.
- Fit-out of interior retail space without modification to the location, type or form of Fenestration.
- Maintenance and/or repair projects without modification to the structure, including but not limited to replacement of roofs and repair of windows.

**Encroachments:** Elements of a building that extend beyond the Parcel, with the appropriate permissions. . Unless otherwise specified (See 10.3.11 (14b)), Encroachments shall be at least 10 feet above the level of the sidewalk, or immediate adjacent property.

**Fenestration:** The arrangement, proportioning and design of windows, doors and openings.

**Functional Design Standards (FDS):** Section 10.3.11 of the HCD-FBC. Standards related to the orientation and configuration of buildings as they are viewed from streets and public places. The FDS promote high quality, pedestrian-oriented sustainable development that adapts to changing conditions over time without dictating architectural style.

**Garage Entry:** The vehicle entrance into an above-grade, at-grade, or subsurface parking facility within a building.

**Green Wall:** A wall as a part of a building that is substantially covered with vegetation, either climbing plants growing directly on the wall or vegetated panels attached to a structural wall.

**Green Roof:** A Rooftop Rainwater Retention Facility as defined in this HCD-FBC.

**Ground Floor Treatments:** A Building Façade's elements and features to be incorporated into the design of the first story of the building. Ground Floor Treatments are subject to the Standards of Section 10.3.11(14). The standards are designed to enhance the pedestrian experience by creating attractive, active and safe experiences along the sidewalk, Canal Walk, park or other Open Space along the ground floor of a given structure.

**Hamilton Canal District (HCD):** The area within the boundary on the Zoning Map sheet of the Regulating Plan, including the seven Hamilton Canal Zoning Districts, as well as the Open Space and streets on the Regulating Plan. The Hamilton Canal District is not a district as defined in G.L. c. 40A, s 4. Also see Hamilton Canal Zoning Districts.

**Hamilton Canal District Form-Based Code (HCD-FBC):** The development regulations for the Hamilton Canal District, consisting of this section (10.3) of the Zoning

Ordinance for the City of Lowell, and Appendix A of the Subdivision Standards of the City of Lowell.

Hamilton Canal District (HCD) Master Plan: The document from which the Hamilton Canal District Form-Based Code is created, based upon the series of public vision sessions completed in 2007 and 2008, and approved by the Lowell City Council on September 23, 2008

Hamilton Canal District Review Group (HCDRG): The review group established in the provisions of 10.3.5(2) and 10.3.5(3) to review Development Proposals for compliance with the provisions of the HCD-FBC.

Hamilton Canal Zoning Districts: The seven districts within the HCD-FBC for the purpose of zoning regulations. These are zoning districts as defined within G.L. c. 40A s. 4.

Height: For the purpose of the HCD-FBC, except as otherwise noted, Height shall be defined as building Height in Section 2 of the Zoning Ordinance, except that when the mean ground level is calculated, buildings with Canal frontage shall not calculate the mean ground level at the Canal but instead use all other sides of the building. Height shall not include mechanical penthouses or other rooftop equipment.

High Technology Manufacturing, Assembly and Processing: Manufacturing, assembly and/or processing subject to the following standards: 1) all noise and vibration shall be limited to the interior of the structure; 2) the use emits no odors, dust, gas, radiation, broadcast interference, glare, or hazard; and 3) the nature of the business is such that products developed require employees with technical knowledge of the process and product.

Historic: A site, building or object at least fifty years old that is significant in the local, state or American history, architecture, archeology, engineering or culture. For the purpose of the HCD-FBC, exemptions for 'Historic' buildings and walls shall be for those that meet this definition and are all or a portion of a building standing as of January 1, 2003.

Jackson Appleton Middlesex (JAM) Urban Revitalization and Development Plan (JAM Plan): The plan adopted by the City Council on March 28, 2000, amended through, August 26, 2008 under the provisions of G.L. 121B to manage development within the plan area, including the Hamilton Canal District.

Live/Work, Live/Sell Space: A structure or portion of a structure that combines a commercial activity allowed in the zoning district with a residential living space allowed in the zoning district. The residential living space shall be for the owner of the commercial or manufacturing business, or the owner's employee(s), and that person's household. The commercial activity shall be the responsibility of the resident owner or employee, and the activity conducted shall be subject to all applicable regulations and licenses associated with the activity and the premises. Within the HCD, the Live/Work and/or Live/Sell space need not meet the requirements of an "Artist live/work space" identified within Section 2 of the Lowell Zoning Ordinance. Allowance of Live/Work or Live/Sell space shall not allow an individual or family to live within a retail storefront designed exclusively for commercial use.

Loading/Service Area: The portion of a building where delivery pickup and drop-offs take place, either by trucks or other automobile, including those supporting commercial and/or retail uses and for the removal of trash and recycling.

Material Change Order: Any deviation in the Development Project from the plans submitted to the HCDRG and approved in a Definitive Certificate of Consistency.

Open Space: Parcel of portions thereof that are to be kept free of permanent structures (not including public art and/or landscape features) from the ground to the sky. These areas shall be designed and used in accordance with Appendix A of the Subdivision Standards.

Parcel: The standard development unit with the zoning districts in the Hamilton Canal District. A Parcel is identified on a Building Form Standard. A Parcel within the Hamilton Canal Zoning Districts meets the definition of a lot under Section 2 of this Zoning Ordinance. Parcels cannot be divided, but can be developed with one or more buildings. Parcels can be Development Parcels, upon which all or a portion of the Parcel may be developed with buildings or Open Space Parcels, which are not to be developed with buildings, but improved according to the Open Space regulations in Appendix A of the Subdivision Standards.

Parcel Coverage: The area of a Parcel that is occupied by a building or buildings.

Pedestrian Pathway: Public ways or ways open to the public through easements which allow access for pedestrians but do not provide access for motorized vehicles other than public safety vehicles.

Projections: As defined in Section 2 of the Zoning Ordinance. Projections within the HCD may project beyond the BTL as indicated in the BFS, but shall remain within the Parcel.

Property Line: Lines defining Parcels within the HCD, and separating these Parcels from one another, from public rights-of-way, and from Parcels in separate ownership.

Regulating Plan: A series of three maps regulating the Hamilton Canal District:

Zoning Map / BFS Regulation Plan: Document designating the Zoning Districts within the HCD as well as providing a key to where the BFS apply.

Open Space Standards Regulating Plan: Document designating the Open Space Parcels within the HCD as they are regulated in Appendix A of the Subdivision Standards.

Street Standards Regulating Plan: Document designating the streets allowed within the HCD and indicating the street types required for each street. Street types are indicated in Appendix A of the Subdivision Standards.

Rooftop Rainwater Retention Facilities (Green Roof): Vegetation or soil or a growing medium planted on a roof over a waterproofing membrane, such that it filters and retains all or a portion of stormwater run-off from the roof in addition to potentially achieving other environmental benefits such as reducing building heating and cooling needs. Green Roofs should meet the standards outlined in Volume 2, Chapter 2 of

the Massachusetts Stormwater Handbook by the Department of Environmental Protection.

**Rooftop Clean Energy Facilities:** A facility mounted on a building roof that generates energy from natural resources such as sunlight, wind or rain.

**Setback Area:** Any area of a Parcel not otherwise occupied by a building that is located between a Parcel line along a Primary Street and the façade of a building on that Parcel.

**Setback, Maximum:** Maximum distance behind a Property Line on a given side indicated within the BFS at which any portion of a Building Façade in excess of the Minimum Street Wall Percentage must be located. If no building façade is located along a section of a Parcel line in excess of the minimum Street Wall Percentage, no Maximum Setback shall apply.

**Stepback:** A setback of the building façade above a specified Height or number of stories.

**Story:** Where used within the BFS, the term 'Story' or 'Stories' shall be as it is defined in Section 2 of the Zoning Ordinance.

**Street Furniture:** Objects and pieces of equipment installed along streets to serve pedestrians, including but not limited to bike racks, trash bins, newspaper boxes, transit shelters and seating.

**Street, Primary:** Streets identified as types 1A, 1B, 2A, 2C, 2D, 3A, 3C or 6 according to the Appendix A of the Subdivision Standards of the City of Lowell

**Street, Secondary:** Any street within the HCD which is not a Primary Street.

**Street Wall:** A wall within a Development Parcel which forms the outside edge of a building along a street, Pedestrian Pathway, Canal Walk, or adjacent Parcel.

**Street Wall Percentage:** The minimum percentage of a given side or a portion of a side indicated on the BFS that must have a Street Wall between the prescribed minimum and maximum BTL. This Street Wall shall have a Height within the Height range indicated on the BFS. (Also see the definition for Build-To-Line)

**Treeway:** The area between the curblines of a street and the clear section of a sidewalk. This area is used primarily, but not exclusively, for street trees, street lights, parking meters and/or Street Furniture.

**Zoning Ordinance:** The Lowell Zoning Ordinance adopted by the City of Lowell on December 7, 2004, as amended, including this Section 10.3.

### **10.3.3 Establishment of Districts**

#### ***1. Zoning Districts***

The HCD-FBC covers the 25 acres of the Hamilton Canal District Master Plan, as

shown on the zoning map. The area is divided into seven (7) HCD Zoning Districts. Within the HCD Zoning District, the regulations of this code shall apply.

The zoning districts are:

- HCD-A: HCD Core District  
This is the central zoning district of the HCD with mixed-use mid-rise buildings. This district is designed to promote preservation of Historic buildings and remnant walls and to reflect historic scale of buildings, with the development of a contemporary millyard.
- HCD-B: HCD Signature District  
This zoning district along the point of the peninsula between the Hamilton and Pawtucket and Lower Pawtucket Canals is ideally suited for a signature building that will highlight the identity of the district. This district is designed to maximize the benefits of the Canal views and create a focal point from many vantage points.
- HCD-C: HCD Park District  
This zoning district is suited for development of structured parking with retail lining Primary Streets. This district is designed to provide parking if required but allow other appropriate uses consistent with the HCD Master Plan.
- HCD-D: HCD Canal Point District  
This small uniquely shaped zoning district on the confluence of the Merrimack and Pawtucket Canals is well suited for construction of small structures with a lower Height than the remainder of the district. This district is designed to promote a welcoming use that complements nearby national park uses and the remainder of the district.
- HCD-E: HCD Revere Street District  
This zoning district on the southeast corner of Jackson and Revere Street is well suited to a building that will effect a transition between the Historic mill buildings to the east and the courthouse to the west. This district is designed to promote economic development of the Jackson and Middlesex Street areas.
- HCD-F: HCD Courthouse District  
This zoning district covers the site identified by DCAM for construction of the Lowell Trial Court. This district is designed to promote development of a civic building that serves the public, serves as an entry point into the district and links the district closer to the Gallagher Terminal.
- HCD-G: HCD Gateway District  
This district is designed to promote downtown economic development. The district can accommodate commercial, research, retail and/or residential uses in buildings linked together and adjacent to adequate nearby structured parking.

No buildings may be constructed on any land within the Hamilton Canal District that is not within one of the zoning districts established above. All remaining areas within the boundary of the HCD are streets or Open Space as shown on the Street Standard Regulating Plan and the Open Space Standard Regulating Plan in Appendix A of the Subdivision Standards.

## ***2. Dimensional Standards for HCD Zoning Districts***

Dimensional standards within the zoning districts are summarized in the dimensional table in Section 10.3.8(2) and detailed in the Building Form Standards in Section 10.3.8(3).

## ***3. Use Regulations for HCD Zoning Districts***

Uses are regulated within these zoning districts by the table in Section 10.3.10 (4).

### **10.3.4 Application of the District**

Because the provisions of the HCD-FBC encompassed in this Section 10.3 provide comprehensive substantive and procedural requirements applicable to Development Proposals in the Hamilton Canal District, the provisions of the HCD-FBC supersede and replace those contained in the Zoning Ordinance, except as follows:

- Purpose and Authority of the Zoning Ordinance, as established in Article 1.
- Definitions in Section 2 of the Zoning Ordinance, except as modified by Section 10.3.2.
- Regulations for home occupations as specified in Section 4.3.3 and 4.3.4 of the Zoning Ordinance.
- Regulation of non-conforming uses and structures in Section 4.5 of the Zoning Ordinance, except as hereinafter noted.
- Special permit regulations for telecommunications as specified in Section 7.6 of the Zoning Ordinance.
- Section 9.5 of the Zoning Ordinance, as it applies to the Priority Development Site shown on the Zoning Map.
- Administration regulations as specified in Section 11.1 of the Zoning Ordinance.
- Regulations governing the process for variances as specified in Section 11.2 of the Zoning Ordinance.
- Regulations governing the process for special permits as specified in Section 11.3 of the Zoning Ordinance.

Where there appears to be a conflict between this HCD-FBC and other requirements of the Zoning Ordinance, the requirements set forth in the HCD-FBC shall prevail.

### **10.3.5 Application Process, Administration, Enforcement & Appeals**

#### ***1. Projects Subject to Review***

Development Proposals, as defined in Section 10.3.2, shall be subject to the review process in this Section 10.3.5 (2) through 10.3.5 (12).

Buildings, structures or signs erected, substantially altered, moved, or changed in use and land altered or changed in use shall be subject to the applicable zoning and to the administration and enforcement provisions of Section 10.3.5 (12).

#### ***2. Establishment of the Hamilton Canal District Review Group***

To assist in the review and administration of Development Proposals submitted under

the HCD-FBC, there shall be a Hamilton Canal District Review Group (HCDRG) composed of the following City officials:

- a. The Director of Planning and Permitting within the Division of Planning and Development, who shall be the chairperson of the HCDRG;
- b. The Building Commissioner, within the Inspectional Services Department; and
- c. The Urban Renewal Project Manager within the Division of Planning and Development.

Each member of the HCDRG may appoint a City official or staff member as a designee to act in their place. If the position of any member of the HCDRG is eliminated, that official's membership on the HCDRG shall be assumed by the City official or staff member to whom the responsibilities of that position are assigned, as follows:

- Director of Planning and Permitting: position assumed by the official or staff member responsible for coordinating and developing amendments to the Zoning Ordinance
- Building Commissioner: position assumed by the administrator of the Zoning Ordinance, as intended by Section 11.1.1 of this Zoning Ordinance
- Urban Renewal Project Manager: position assumed by the official or staff member responsible for coordination of the JAM Plan or, in the absence of such plan, the official or staff member responsible for the coordination of urban redevelopment projects

### **3. *Responsibilities and Functioning of the HCDRG***

- a. The responsibilities of the HCDRG shall include:
  - i. Reviewing and approving or denying an application for a Preliminary and a Definitive Certificate of Consistency referred to it by the Building Commissioner pursuant to Section 10.3.5(6) and 10.3.5(8);
  - ii. Providing its recommendation to the Planning Board on any application for a HCD Special Permit pursuant to Section 10.3.5(10);
  - iii. Providing its recommendation to the Board of Appeals on any application for a variance from the zoning provisions of the HCD-FBC pursuant to Section 10.3.5(11); and
  - iv. Providing its recommendation to the Building Commissioner regarding any action to enforce the provisions of the HCD-FBC pursuant to Section 10.3.5(12).
- b. The HCDRG shall meet upon the call of the chairperson as required to respond to requests for HCDRG action under this HCD-FBC.

### **4. *Recommended Pre-Application Conference***

Parties intending to submit an application for approval of a Development Proposal governed by the HCD-FBC are strongly encouraged to meet with the Director of Planning and Permitting in the Division of Planning and Development prior to the submittal of the application to identify and anticipate any issues of concern in advance of submittal.

## **5. Preliminary Certificate of Consistency: Application Requirements**

A Development Proposal may be submitted for a request of a Preliminary Certificate of Consistency. The Preliminary Certificate of Consistency review process is optional. An application for a Preliminary Certificate of Consistency in conformity with the HCD-FBC shall be submitted to the Building Commissioner, and shall include the following:

- a. A brief narrative describing the Development Proposal;
- b. Six (6) sets of plans for the Development Proposal at a level of detail sufficient to determine consistency with the HCD-FBC, at a scale sufficient to read prepared by a Registered Professional Engineer, Registered Land Surveyor, Architect, or Landscape Architect, as appropriate, and including the following information, which shall be submitted on the following sheets:
  - i. Existing conditions.
    - A. Location of all existing natural features, including Canals, Canal walls, building remnants, ponds, brooks, streams, wetlands, elevations and topography, proposed and existing contours.
    - B. Owners of record of all abutting lots as of the most current City of Lowell Tax Assessors' records and the approximate locations (may be based on City of Lowell GIS data or aerial photography) of all buildings or structures on abutting lots that are located within 30'-0" of the lot lines of the proposed Development Proposal site
  - ii. Site layout.
    - A. Location and dimensions of all proposed buildings and other construction;
    - B. Internal roadways and accessways to adjacent public roadways;
    - C. Location of trash dumpsters and recycling containers; and
    - D. Paths of safe emergency egress from all proposed buildings to the public right-of-way.
  - iii. Parking.
    - A. Location and dimensions of all parking areas, Loading/Service Areas, walkways, and driveways.
  - iv. Landscaping and lighting.
    - A. Location and type of external lighting; and
    - B. Location, type, dimensions and quantities of landscaping and screening.

- v. Utilities.
  - A. Location and dimensions of utilities, including water, surface drainage, sewer, fire hydrants and other waste disposal.
- vi. Architectural plans and drawings.
  - A. Architectural plans, which shall include all levels of the proposed building; and
  - B. Architectural elevation drawings of all proposed buildings, sufficient to determine consistency with the Functional Design Standards.
- c. A completed Hamilton Canal District Code Preliminary Review Checklist, the form of which shall be developed, maintained, and made available by the Director of Planning and Permitting in the Division of Planning and Development, demonstrating compliance with the provisions of the HCD-FBC; and
- d. Any other documents and/or materials required by the HCDRG to determine consistency with the HCD-FBC

**6. Preliminary Certificate of Consistency Review**

An application for a Preliminary Certificate of Consistency in conformity with the requirements of Section 10.3.5(5) shall be reviewed according to the following process:

- a. Within three (3) days after receipt of application materials, the Building Commissioner shall refer the application to the HCDRG.
- b. The HCDRG shall meet within ten (10) days after the building commissioner's date of referral of the referred application to determine whether to issue a Preliminary Certificate of Consistency stating that the Development Proposal, as shown, complies with the provisions of the HCD-FBC.
- c. If the HCDRG finds that the application includes sufficient information to determine consistency with the HCD-FBC, and that it is in all respects consistent with the HCD-FBC, it shall issue a Preliminary Certificate of Consistency for the Development Proposal within three (3) days of its meeting.
- d. The Preliminary Certificate of Consistency shall be valid for twelve (12) months from the date that the Certificate is issued.
- e. If the HCDRG finds that the application is not in all respects consistent with the HCD-FBC, or if insufficient information is available to determine consistency with the HCD-FBC, it shall refuse to issue the Certificate of Consistency and, within three (3) days of its meeting,

shall refer the application back to the Building Commissioner with a list of sections of the HCD-FBC for which the Development Proposal is not consistent and/or a list of sections of the HCD-FBC for which consistency cannot be determined.

- f. Within 14 days of receiving a determination on an application for a Preliminary Certificate of Consistency from the HCDRG, the Building Commissioner shall forward this determination to the parties that submitted the application for the Preliminary Certificate of Consistency.
- g. The Preliminary Certificate of Consistency shall not be sufficient to issue a building permit.

### ***7. Definitive Certificate of Consistency: Application Requirements***

An application for approval a Definitive Certificate of Consistency, demonstrating conformity with the HCD-FBC shall be submitted to the Building Commissioner concurrently with the application for building permit for a Development Proposal. In addition to the materials and information required by the Building Commissioner for the building permit application, the application shall also include:

- a. A brief narrative describing the Development Proposal;
- b. Six (6) sets of completed plans for the Development Proposal at a scale sufficient to read prepared by a Registered Professional Engineer, Registered Land Surveyor, Architect, or Landscape Architect, as appropriate, and including the following information, which shall be submitted on the following sheets:
  - i. Existing conditions.
    - A. Location of all existing natural features, including Canals, Canal walls, building remnants, ponds, brooks, streams, wetlands, elevations and topography, proposed and existing contours.
    - B. Owners of record of all abutting lots as of the most current City of Lowell Tax Assessors' records and the approximate locations (may be based on City of Lowell GIS data or aerial photography) of all buildings or structures on abutting lots that are located within 30'-0" of the lot lines of the proposed Development Proposal site
  - ii. Site layout.
    - A. Location and dimensions of all proposed buildings and other construction;
    - B. Internal roadways and accessways to adjacent public roadways;
    - C. Location of trash dumpsters and recycling containers; and
    - D. Paths of safe emergency egress from all proposed buildings to the public right-of-way.

- iii. Parking.
  - A. Location and dimensions of all parking areas, Loading/Service Areas, walkways, and driveways.
- iv. Landscaping and lighting.
  - A. Location and type of external lighting; and
  - B. Location, type, dimensions and quantities of landscaping and screening.
- v. Utilities.
  - A. Location and dimensions of utilities, including water, surface drainage, sewer, fire hydrants and other waste disposal.
- vi. Architectural plans and drawings.
  - A. Architectural plans, which shall include all levels of the proposed building; and
  - B. Architectural elevation drawings of all proposed buildings.
- c. A completed Hamilton Canal District Code Definitive Review Checklist, the form of which shall be developed, maintained, and made available by the Director of Planning and Permitting in the Division of Planning and Development, demonstrating compliance with the provisions of the HCD-FBC; and
- d. Any other documents and/or materials required by the HCDRG to determine consistency with the HCD-FBC.

**8. *Definitive Certificate of Consistency Review***

An application for a Definitive Certificate of Consistency in conformity with the requirements of Section 10.3.5(7) shall be reviewed according to the following process:

- a. Within three (3) days after receipt of application materials, the Building Commissioner shall refer the application to the HCDRG.
- b. The HCDRG shall meet within ten (10) days after the building commissioner's date of referral of the referred application to determine whether to issue a Certificate of Consistency stating that the Development Proposal complies with the provisions of the HCD-FBC.
- c. If the HCDRG finds that the application is in all respects consistent with the HCD-FBC, it shall issue a Definitive Certificate of Consistency for the Development Proposal within three (3) days of its meeting and

refer the application back to the Building Commissioner for issuance of the building permit. Within fourteen (14) days of receipt of the Definitive Certificate of Consistency from the HCDRG, the Building Commissioner shall complete his review of the application. The Building Commissioner shall not deny issuance of the requested building permit for a Development Proposal based on a failure to comply with the provisions of the HCD-FBC if the HCDRG has issued a Definitive Certificate of Consistency for that Development Proposal.

- d. If the HCDRG issued a Preliminary Certificate of Consistency for the Development Proposal within the twelve (12) months preceding the application for the Definitive Certificate of Consistency, the HCDRG review shall be based upon the consistency of the Development Proposal with the preliminary application. If the HCDRG determines that the submittal for the Definitive Certificate of Consistency has not changed any element of the Development Proposal that was determined to be consistent with the HCD-FBC in the preliminary review, the HCDRG shall issue the Definitive Certificate of Consistency.
- e. If the HCDRG finds that the application is not in all respects consistent with the HCD-FBC, it shall refuse to issue the Definitive Certificate of Consistency and, within three (3) days of its meeting, shall refer the application back to the Building Commissioner with a recommendation not to issue the requested building permit based on that lack of consistency. Within fourteen (14) days of receipt of the HCDRG's negative recommendation, the Building Commissioner shall complete his review of the application. The Building Commissioner shall deny issuance of the requested building permit for a Development Proposal based on a failure to comply with the provisions of the HCD-FBC if the HCDRG makes a negative recommendation on that Development Proposal.
- f. Any person aggrieved by the Building Commissioner's grant or denial or a building permit pursuant to Section 10.3.5(8)(c) or (e) may seek review of that decision by the Board of Appeals pursuant to the provisions of Section 11.2.2(2) of the Zoning Ordinance and G.L. c. 40A, §§ 8 and 15.
- g. A Definitive Certificate of Consistency shall lapse after 12 months if an applicant does not secure a building permit. Extensions for good cause may be provided by the HCDRG upon written request of the applicant.

## **9. *Material Change Orders***

After the HCDRG has issued a Definitive Certificate of Consistency, any deviation in the Development Proposal from the plans submitted to the HCDRG shall be considered to be a Material Change Order.

- a. Material Change Orders shall be submitted to the HCDRG through the Building Commissioner for review and approval, and shall include sufficient information to determine compliance with the HCD-FBC.

- b. Within three (3) days after receipt of a complete application for a Material Change Order, the Building Commissioner shall refer the application to the HCDRG.
- c. The HCDRG shall meet within ten (10) days after the building commissioner's date of referral of the referred application to determine whether to approve a Material Change Order stating that the Development Proposal, as modified, still complies with the provisions of the HCD-FBC.
- d. If the HCDRG finds that the application includes sufficient information to determine consistency with the HCD-FBC, and that it is in all respects consistent with the HCD-FBC, it shall issue an Updated Definitive Certificate of Consistency reflecting the Material Change Order within three (3) days of its meeting.
- e. If the HCDRG finds that the Material Change Order no longer keeps the Development Project consistent with the HCD-FBC, or if insufficient information is available to determine consistency with the HCD-FBC, it shall refuse to issue the Revised Definitive Certificate of Consistency, within three (3) days of its meeting, shall refer the application back to the Building Commissioner with a list of sections of the HCD-FBC for which the Development Proposal is not consistent and/or a list of sections of the HCD-FBC for which consistency cannot be determined.
- f. Within 7 days of receiving a determination on an application for a Material Change Order (either a Revised Definitive Certificate of Consistency or a determination that the HCDRG will not issue an Updated Definitive Certificate of Consistency) from the HCDRG, the Building Commissioner shall forward this determination to the parties that submitted the application for the Material Change Order.
- g. Upon issuance of a Revised Definitive Certificate of Consistency, the Building Commissioner may modify building permits and/or issue new building permits for a project consistent with the Updated Definitive Certificate of Consistency.

**10. *Hamilton Canal District Special Permit***

- a. In those limited cases where, due to unforeseen circumstances or new information or technologies not available when the HCD-FBC was first adopted, an applicant believes that the provisions of the HCD-FBC, strictly interpreted, would prevent an innovative, high-quality development, that applicant may apply for a Hamilton Canal District Special Permit (HCD Special Permit) from the Planning Board pursuant to the provisions of Section 11.3 of the Zoning Ordinance and G.L. c. 40A, § 9, as supplemented by the provisions of this Section 10.3.5(10). The applicant shall also file three copies of this application with the HCDRG concurrently with its submittal to the Planning Board. The HCDRG shall meet and make a recommendation regarding the HCD Special Permit application to the Planning Board within thirty (30) days of the date of filing with the Planning Board. The Planning

Board shall not hold a hearing or render any decision on an appeal for HCD Special Permit until the HCDRG's recommendation has been received and considered, provided that if no such recommendation is received within this thirty (30)-day period, the Planning Board may hold a hearing and render its decision without such recommendation. The HCD Special Permit procedure shall not be available for changes in permitted uses in the Hamilton Canal District.

- b. The Planning Board shall evaluate an application for a HCD Special Permit according to the following four (4) criteria:
  - i. The unforeseen circumstances or new information or technologies not available when the HCD-FBC was first adopted specific to the Development Proposal, as identified and, demonstrated by the applicant.
  - ii. The general Special Permit criteria set forth in Section 11.3.2 of the Zoning Ordinance.
  - iii. Consistency of the Development Proposal with the provisions of the HCD Master Plan generally and with respect to the subject property.
  - iv. Consistency of the Development Proposal with the intent of the Hamilton Canal District as outlined in Section 10.3.1.
- c. The Planning Board shall grant a HCD Special Permit only upon its written determination that
  - i. all criteria set forth in Section 10.3.5(10)(b), above, have been satisfied and the specific manner in which this has been accomplished;
  - ii. the adverse effects of the Development Proposal will not outweigh its beneficial impacts to the City or the neighborhood in view of the particular characteristics of the subject property and of the proposal in relation to that subject property; and
  - iii. the Proposed Development would not otherwise be proposed in the absence of identified unforeseen circumstances or specific information or technology not available when the HCD-FBC was first adopted.

## **11. Variances**

Any person seeking one or more variances from the provisions of the HCD-FBC with respect to a Development Proposal shall submit an application to the Board of Appeals pursuant to the provisions of Section 11.2.2(3) of the Zoning Ordinance and G.L. c. 40A, § 10, and shall file a copy of the application with HCDRG concurrently with its submittal to the Board of Appeals. The HCDRG shall meet and make a recommendation regarding the variance application to the Board of Appeals within thirty (30) days of the date of filing. The Board of Appeals shall not hold a hearing or render any decision on an appeal for variance(s) until the HCDRG's recommendation

has been received and considered, provided that if no such recommendation is received within this thirty (30)-day period, the Board of Appeals may hold a hearing and render its decision without such recommendation.

## **12. Administration and Enforcement**

The Building Commissioner shall administer and enforce the provisions of the HCD-FBC in accordance with the provisions of this Section 10.3.5 and Section 11.1 of the Zoning Ordinance, provided that prior to taking any action to enforce compliance with the provisions of the HCD-FBC, the Building Commissioner shall notify the HCDRG regarding such intended action not less than seven (7) days prior thereto and consider any recommendation regarding enforcement made by the HCDRG prior to the taking of such action.

### **10.3.6 Reserved.**

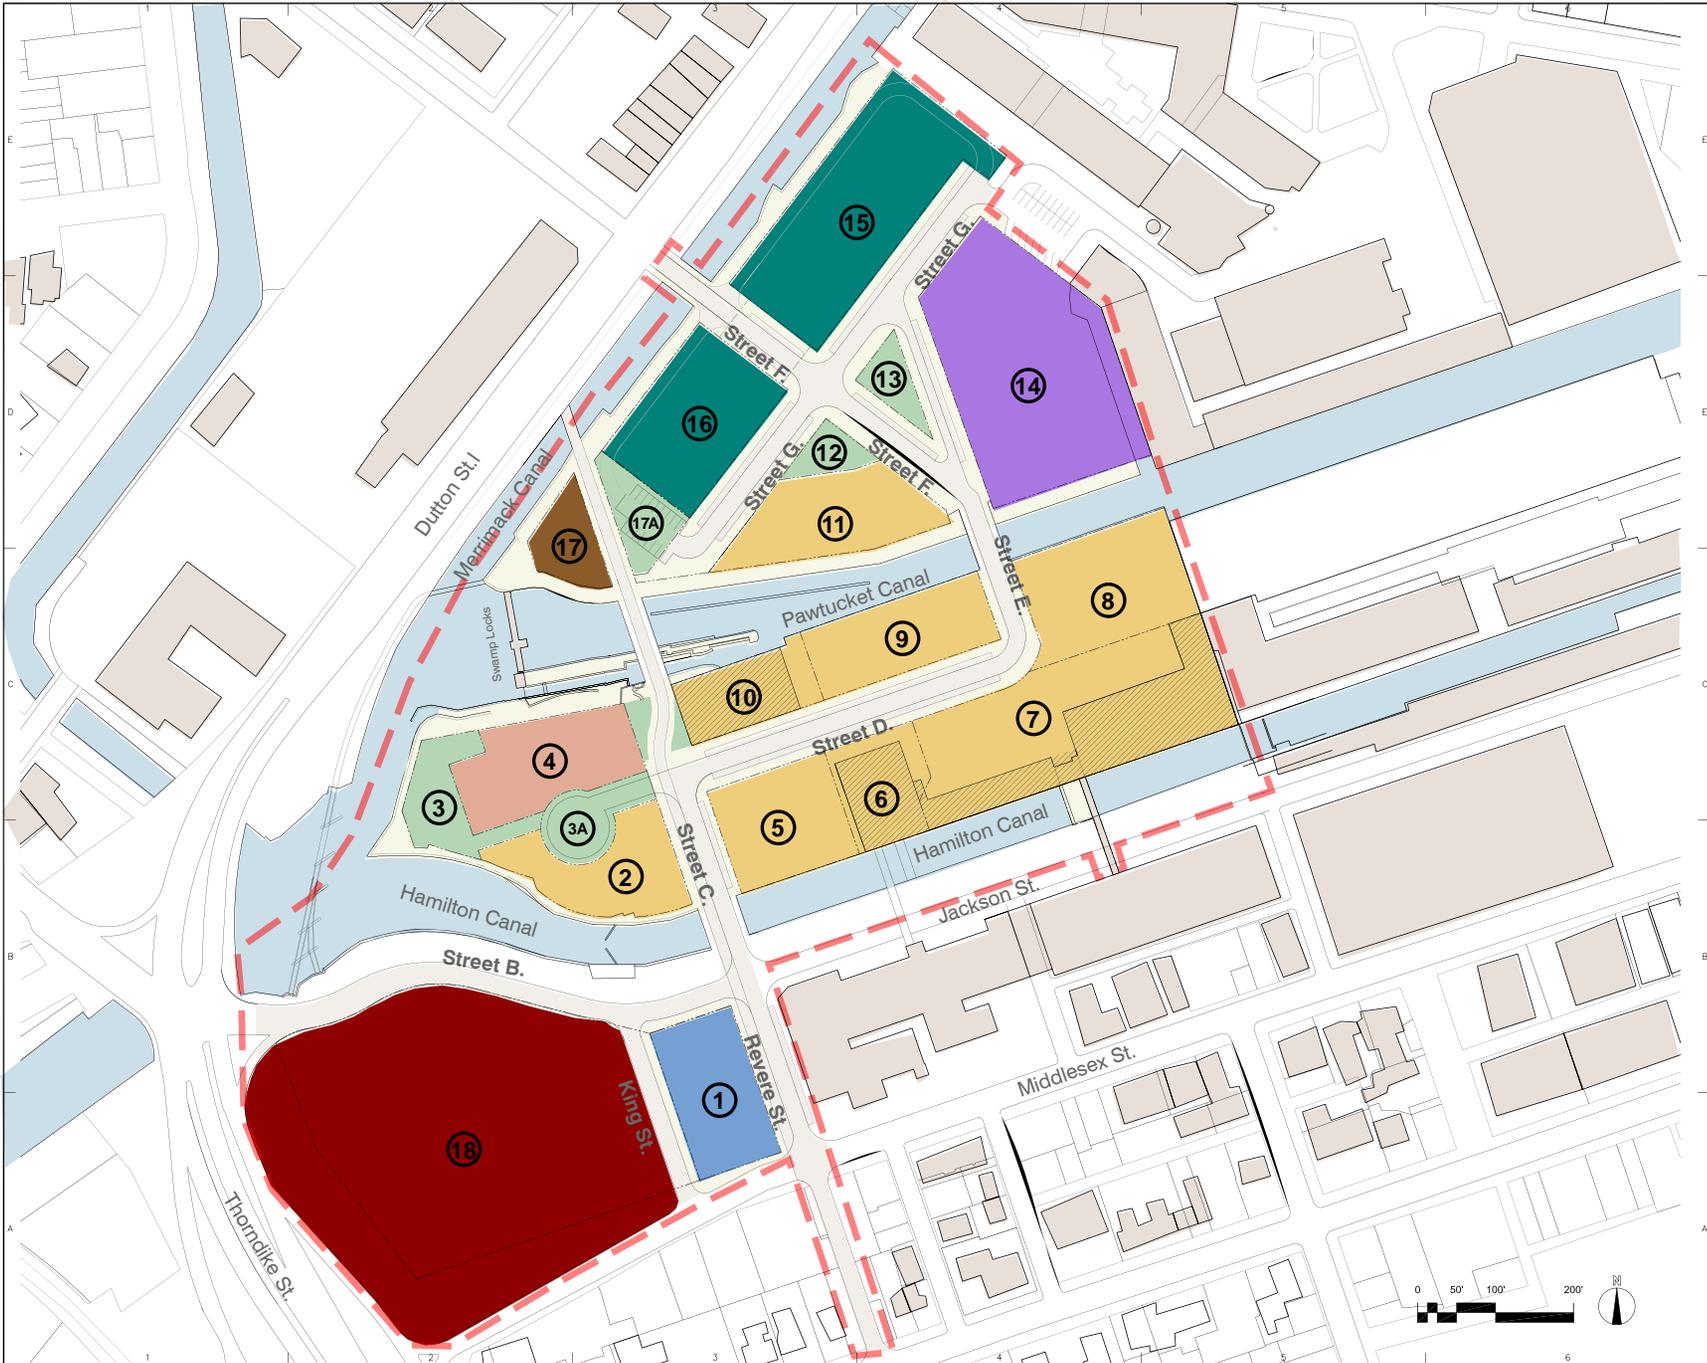

### **10.3.7 Regulating Plan**

The Regulating Plan determines which development standards apply to which Parcels within the Hamilton Canal District. The Regulating Plan operates with three parts:

The first portion of the three-part Regulating Plan is the Zoning Map and BFS Regulating Plan. Each Development Parcel within the HCD is placed within a “zoning district” and provided with a “Building Form Standard.” The zoning districts are identified within Section 10.3.3 and their Dimensional Standards are summarized in Section 10.3.8(2) of the HCD-FBC. Parcels identified on the Zoning Map and BFS Regulating Plan are subject to the Building Form Standards in Section 10.3.8(3) of the HCD-FBC. Development Proposals throughout the Hamilton Canal District shall also meet the conditions of the Functional Design Standards in Section 10.3.11 of the HCD-FBC. The Zoning Map and BFS Regulating Plan is included herein. The Zoning Districts on the Zoning Map and BFS Regulating Plan also appear on the city’s official zoning map.

The second portion of the three-part Regulating Plan is the Street Standards Regulating Plan. This portion of the Regulating Plan identifies streets within the HCD, and is located within Section A5-1 of Appendix A of the Subdivision standards.

The third part of the three-part Regulating Plan is the Open Space Standards Regulating Plan. The HCD-FBC identifies Open Space standards that regulate the public Open Space, private Open Space, public Canal Walks and park resources. This portion of the Regulating Plan is located within Section A6-1 of Appendix A of the Subdivision standards.

### **10.3.8 Building Form Standards**

#### ***1. Introduction to the Building Form Standards***

Building Form Standards govern the development of Parcels within the zoning districts of the Hamilton Canal District. Building Form Standards codify the HCD requirements in a graphical format that clearly establishes the allowed minimum and maximum coverage and Height, as well as elements that are required to create an attractive public space adjacent to the buildings. All provisions of the Building Form Standards are mandatory; they have been adopted as part of the Zoning Ordinance.

The dimensional table in Section 10.3.8(2) summarizes the Parcel sizes, Parcel Coverage, Setbacks, Build-To Lines, Height, Encroachments and Projections that are regulated by the Building Form Standards.

## 2. Dimensional Standards

This table summarizes the regulations in the Building Form Standards and does not supplant those regulations. Dimensions for BTL, Height range, Height, Projections and Encroachments are shown in feet. Notes below the table are indicated in the table as 'n. #'.

Dimensional Standards in HCD Zoning Districts												
District On Map	District Name	Minimum Parcel Size (n. 11)	Parcel Coverage		Streetside Build-To Lines		Other Build-To Lines		Height		Maximum Projections	Maximum Encroachments
			Min	Max	Min-Max	Min % Street Wall and Height Range	Min-Max	Min % Street Wall and Height Range	Min.	Max.		
HCD-A	Core	0.3 acres	55%	100%	0 – 4 (n. 2)	22% to 75% at 55-70 (n. 1)	Varies (n. 1)	Varies (n. 1)	55	70	6 (n. 3)	4 (n. 4)
HCD-B	Signature	0.5 acres	55%	75%	0 - 4	65% at 55-70	0 - n/a (n. 9)	Varies (n. 1)	55	170	6	4
HCD-C	Park	1.0 acre	45%	80%	0 - 4	65% at 30-60	Varies (n. 8)	Varies (n. 8)	30	60	none allowed	4
HCD-D	Canal Point	0.2 acres	75%	100%	0 – n/a	n/a	0 – n/a	n/a	20	40	n/a	4 (n. 5)
HCD-E	Revere Street	0.5 acres	55%	100%	0 - 4 (n. 6)	30% at 55-85(n. 7)	n/a	30% (n. 6)	55	85	6	3
HCD-F	Courthouse	1.0 acre	25%	85%	0 – n/a	n/a	0 - n/a	n/a	90	180	none allowed	none allowed
HCD-G	Gateway	0.6 acres	55%	85%	0 – 4	65% at 55-70 (n. 10)	24-28	65% at 55-70	55	70	4	4

### Notes to the Dimensional Standards Table:

- n. 1. See BFS
- n. 2. Historic walls are allowed to remain in current location or be rebuilt, allowing 0-25 min/max on Parcel 6.
- n. 3. No Projections allowed off Historic walls.
- n. 4. No Encroachments allowed off Historic walls.
- n. 5. Encroachments allowed on east side only, along Street Type 1C
- n. 6. 20 foot maximum BTL on South Side.
- n. 7. 55% Street Wall Percentage on north side.
- n. 8. 0 -4 on South Side, 15 feet minimum from Canal on east and northeast side. 40 feet maximum Height from ground by Canal on east and northeast.
- n. 9. 12 foot minimum BTL on N side between the east corner and the edge of the cul-de-sac circle.
- n. 10. SE Street Wall at 45% to 60% instead of 65%, per BFS. Street sites for Gateway District are SE and SW as well as NE side of Parcel 1
- n. 11. There are no minimum Floor Area Ratio requirements within any of the HCD zoning districts. A minimum of 25 feet of frontage is required for development on any Parcel.

**3. Building Form Standards**

# Hamilton Canal District

## Parcel 1 (Zoning District HCD-E: HCD Revere Street District)

### Zoning District Description:

This zoning district on the southeast corner of Jackson and Revere Street is well suited to a building that will effect a transition between the historic mill buildings to the east and the courthouse to the west. This district is designed to promote economic development of the Jackson and Middlesex Street areas.

### Parcel Description:

This parcel is the only parcel in Zone HCD-E.  
Parcel Size: 0.5 acre

## Standards for Parcel 1

### A: Site Configuration

Site Configuration for Parcel 1						
Side	Build To Line* (feet)		Street Wall*		Maximum Setback*	
	Minimum	Maximum	Minimum street wall %*	Height range	Up to x%	Up to x feet
N	5	9	55%	55' -- 85'	45%	50
E	0	4	30%	55' -- 85'	70%	50
S	7	20	30%	55' -- 85'	70%	50
W	0	4	30%	55' -- 85'	70%	50

\*See definitions for an understanding of Build To Line, Street Wall % and Maximum Setback

Parcel Coverage: 55% minimum -- 90% maximum

### B: Building Configuration

*Floors:* 10' minimum clear first floor height

*Encroachment:* Allowed at 10' minimum above the sidewalk level and is allowed extend out 3' maximum

*Projections:* Allowed at 10' minimum above the sidewalk level and is allowed to extend out 6' maximum into setback area; and extend 3' maximum beyond property line.

*Maximum Height:* 85'

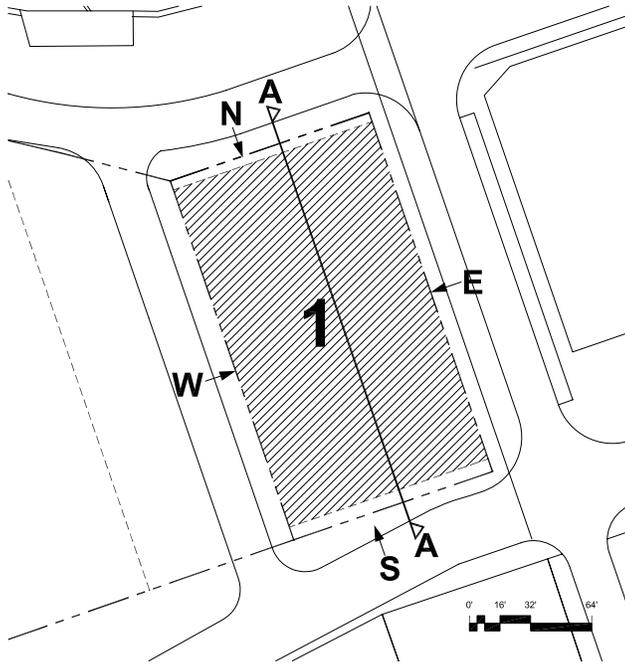

### C: Other Requirements

- Any vehicular access to below-grade parking must be provided along the North side of the parcel.

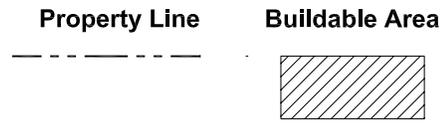

### D: Uses – See Also Allowed Uses Table at 10.3.10(4)

Allowed Uses in the HCD-E: HCD Revere Street District:	
See notes under Section 10.3.10(4)

N3	12	n/a	n/a	55' -- 70'	n/a	n/a
E	0	4	65%	55' -- 70'	35%	20
S	10	20	50%	55' -- 70'	50%	20

\*See definitions for an understanding of Build To Line, Street Wall % and Maximum Setback

Parcel Coverage: 55% minimum -- 100% maximum

### B: Building Configuration

Floors: 10' minimum clear first floor

Projections: Not allowed

Projections: Allowed at 10' minimum above the street level and allowed to extend out 6' max within setback areas.

Encroachment: Allowed at 10' minimum above the street level and allowed to extend out 4' maximum. Encroachments on south side are not allowed.

Maximum Height: 70'

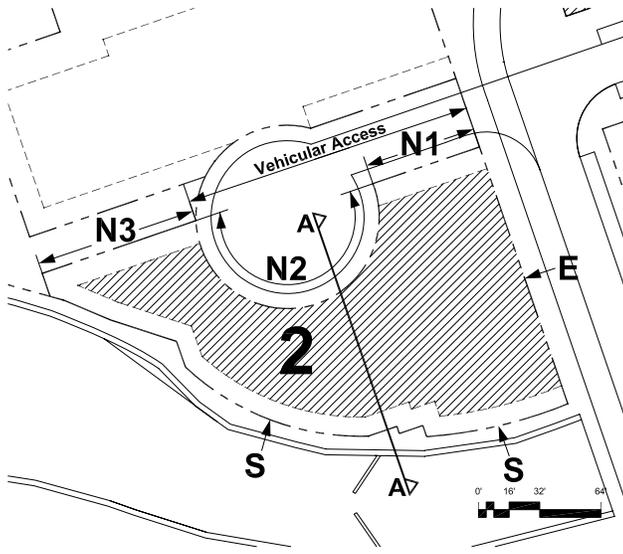

### C: Other Requirements

- 1.) Any vehicular access to below-grade parking must be provided along the North side of the parcel, within the frontage defined on plan.
- 2.) Southern façade must generally follow the bend of the Hamilton canal.

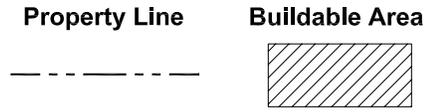

### D: Uses – See Also Allowed Uses Table at 10.3.10(4)

Allowed Uses in the HCD-A: HCD Core District:	
See notes under Section 10.3.10(4)	
Lower Level (See note #1)	P, R, IRE, RRC, UTP, OL

\*See definitions for an understanding of Build To Line, Street Wall % and Maximum Setback  
 \*\*N1 minimum setback starts 12' below the Northeast corner and extends perpendicular to the East street wall. N1 maximum setback must not be more than 10' more than the minimum.  
 \*\*\*See height requirements below

Parcel Coverage: 55% minimum -- 75% maximum

#### B: Building Configuration

**Height:** Building mass must step down from 160' maximum or from 170' if the top floor is no more than 20% of the building footprint. These steps must happen from the West side of the parcel down to the East side of the parcel in 3 steps. Each building step may not be more than 4 full stories and no less than 2 full stories in height.

- Step one must be setback 20'-40' from the East street wall
- Step two must be setback 60'-80' from the East street wall
- Step three must be setback a minimum of 120' from the East street wall

Any portion of the N1 façade must be 55'-70' in height for a minimum length of 120' beginning at the Northeast corner. Any façade above the 70' must be setback a minimum of 8'.

**Floors:** 10' minimum clear first floor

**Projections:** Allowed at 10' minimum above the street level and is allowed to extend out 6' max within setback areas

**Encroachment:** Allowed at 10' minimum above the street level and is allowed to extend out 4' max beyond property line.

**Maximum Height:** 170'

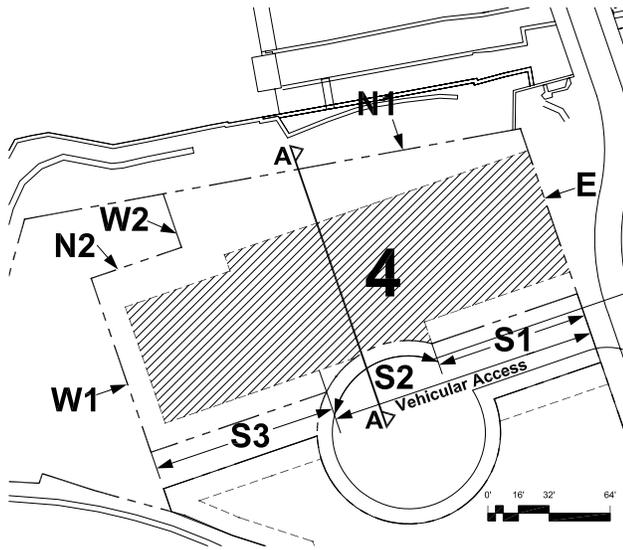

#### C: Other Requirements

- 1.) Any vehicular access to below-grade parking must be provided along the South side of the parcel within the frontage defined on the plan.
- 2.) Vehicular access must be provided at grade on northern edge of parcel at a minimum of 12'.

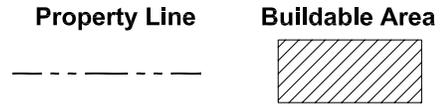

#### D: Uses – See Also Allowed Uses Table at 10.3.10(4)

Allowed Uses in the HCD-B: HCD: Signature District:	
See notes under Section 10.3.10(4)

### A: Site Configuration

Site Configuration for Parcel 9						
Side	Build To Line* (feet)		Street Wall		Maximum Setback*	
	Minimum	Maximum	Minimum street wall %*	Height range	Up to x%	Up to x feet
N	10	n/a	n/a	< 70'	n/a	30
E	0	4	65%	55' -- 70'	35%	15
S	0	4	65%	55' -- 70'	35%	15
W	10	n/a	n/a	55' -- 70'	n/a	n/a

\*See definitions for an understanding of Build To Line, Street Wall % and Maximum Setback

Parcel Coverage: 55% minimum -- 100% Maximum

### B: Building Configuration

Floors: 10' minimum clear first floor height

Projections: Allowed at 10' minimum above the sidewalk level and is allowed to extend out 6' maximum

Encroachment: Allowed at 10' minimum above the sidewalk level and is allowed to extend out 4' maximum

Maximum Height: 70'

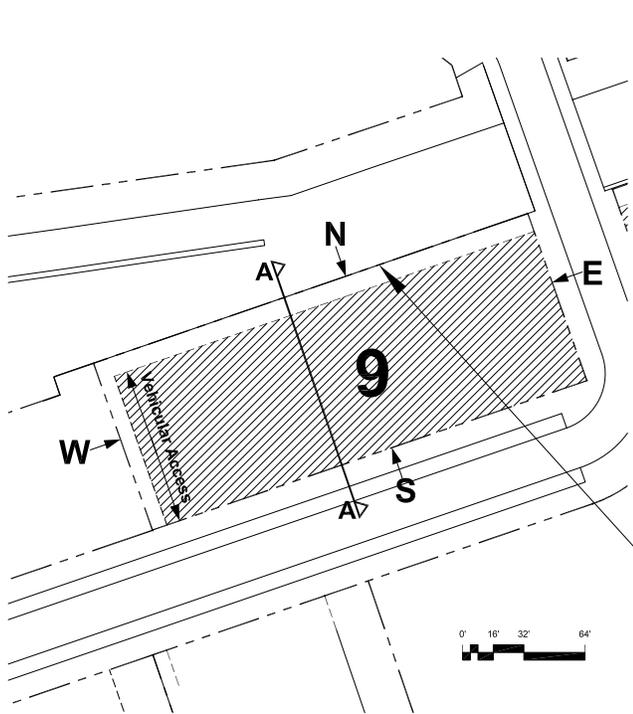

### C: Other Requirements

- 1.) Building entries must be located along new street alignments
- 2.) Canal remnant wall to be preserved and stabilized
- 3.) Any vehicular access must be provided along the West side of the parcel within the frontage defined on the plan.

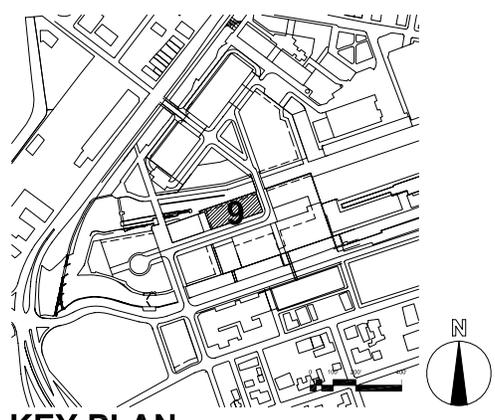

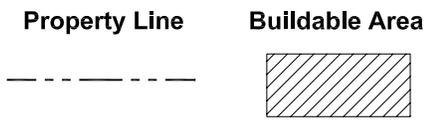

### D: Uses – See Also Allowed Uses Table at 10.3.10(4)

Allowed Uses in the HCD-A: HCD Core District:	
See notes under Section 10.3.10(4)	
Lower Level (See note #1)	P, R, IRE, RRC, UTP, OL
Canal Level	R, IRE, RRC, P (See note #2), UTP, OL

## Parcel 10 (Zoning District HCD-A: HCD Core District)

### Zoning District Description:

This is the central zoning district of the HCD with mixed-use mid-rise buildings. This district is designed to promote preservation of Historic buildings and remnant walls and to reflect historic scale of buildings, with the development of a contemporary mill yard.

### Parcel Description:

This parcel is one of eight building parcels in Zone HCD-A.  
Parcel Size: 0.34 acre.

## Standards for Parcel 10

### A: Site Configuration

Site Configuration for Parcel 10						
Side	BTL* (feet)		Street Wall		Maximum Setback*	
	Minimum	Maximum	Minimum street wall %*	Height range	Up to x%	Up to x feet
N	0	10	75%	55' -- 70'	25%	10

S	0	4	75%	55' -- 70'	25%	10
W	0	4	75%	55' -- 70'	25%	10
*See definitions for an understanding of Build To Line, Street Wall % and Maximum Setback						

Parcel Coverage: 55% minimum -- 100% Maximum

### B: Building Configuration

Floors: Not allowed  
Projections: Not allowed  
Encroachment: Not allowed  
Maximum Height: 70'

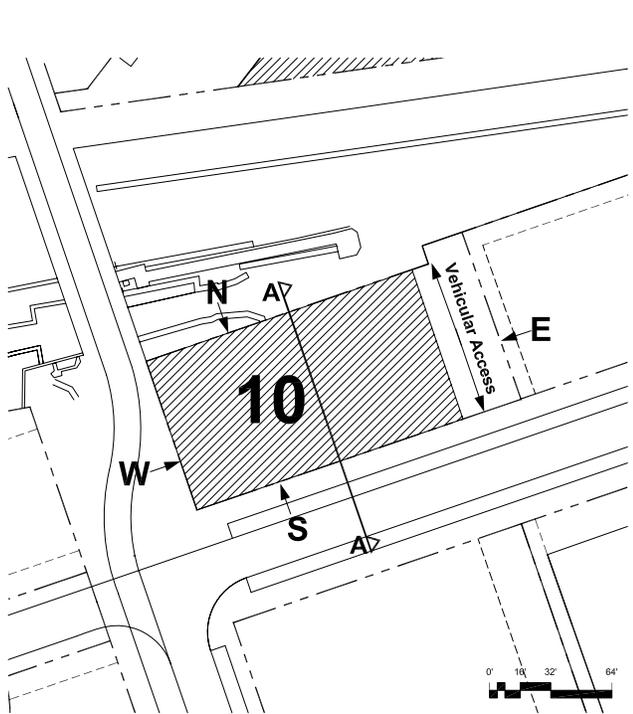

### C: Other Requirements

- 1.) Building entries must be located along new streets.
- 2.) Restore existing historic exterior walls if structurally sound, minus the one and two story additions.
- 3.) The building is allowed to step back once and exceed the historic height if it steps back at a ratio of 1' for every 2' in height for a total maximum building height of 70'.
- 4.) Any vehicular access must be provided along the east side of the parcel within the frontage defined on the plan.

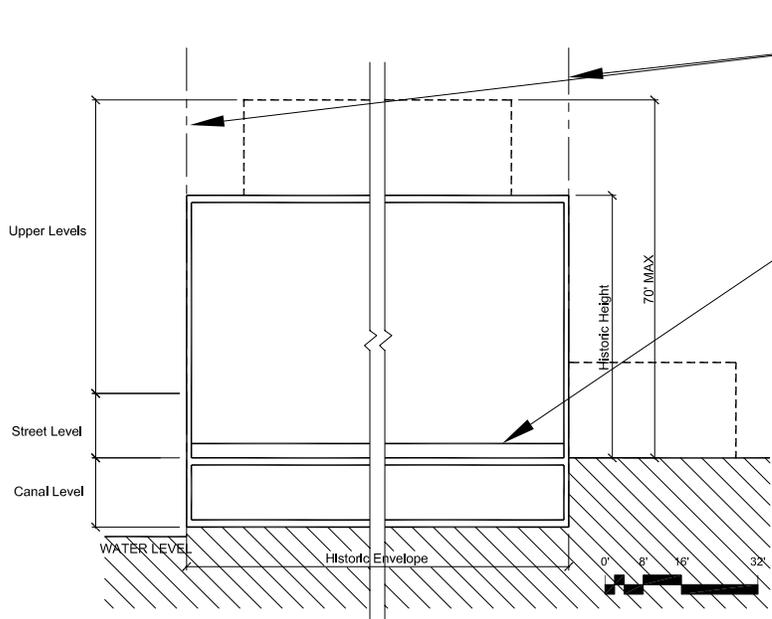

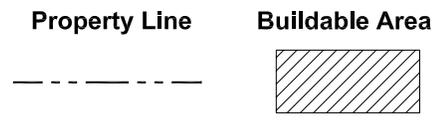

### D: Uses – See Also Allowed Uses Table at 10.3.10(4)

Allowed Uses in the HCD-A: HCD Core District:

## Parcel 14 (Zoning District HCD-C: HCD Park District)

### Zoning District Description:

This zoning district is suited for development of structured parking with retail lining primary streets. This district is designed to provide parking if required but allow other appropriate uses consistent with the HCD Master Plan.

### Parcel Description:

This is the only parcel in Zone HCD-C.  
Parcel Size: 1.48 acre.

## Standards for Parcel 14

### A: Site Configuration

Site Configuration for Parcel 14

### B: Building Configuration

Floors: NA

Projections: Not allowed beyond setback

Encroachment: Allowed at 10' minimum above the street level and is allowed to extend out 4' maximum

Maximum Height: 60' (see requirement 6)

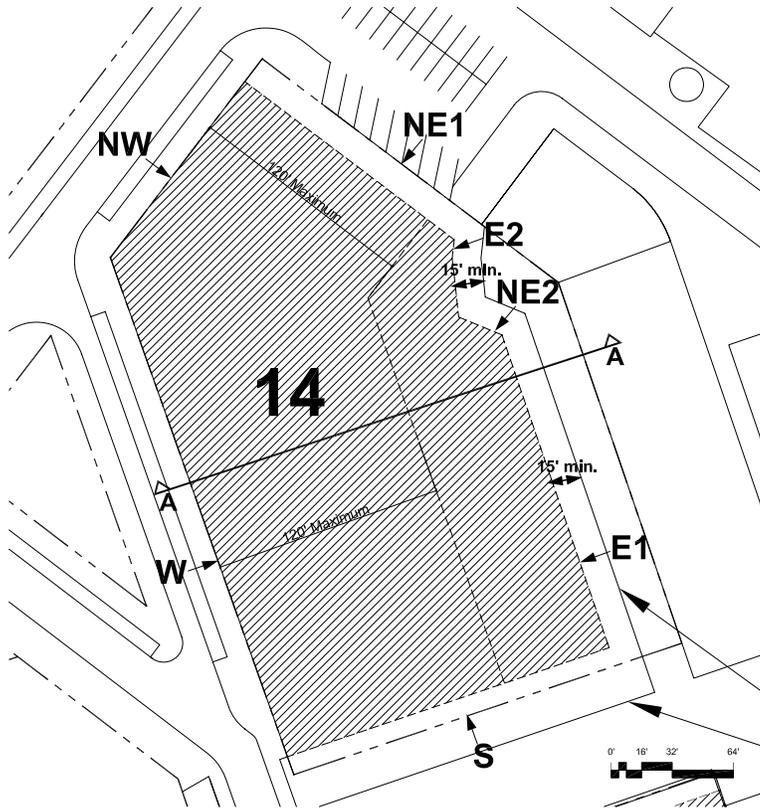

### C: Other Requirements

- 1.) If West and Northwest elevations are higher than 40' (measured from existing canal wall) then the building is not allowed to be more than 120' deep. (see site configuration standards)
- 2.) Overhead bridge cannot be more than 20' wide and must be set back from the edge of the building a minimum of 10'
- 3.) Any vehicular access must be provided along the West or Northwest sides of the site
- 4.) Eastern façade to be a "green wall" if the building is a parking structure
- 5.) "Green roof" required on roof created by the Eastern wall setback if the building is a parking structure (see site elevation standard)
- 6.) Height not allowed to be greater than 40' above the existing canal wall where building is more than 120' from Northwest and West parcel line.

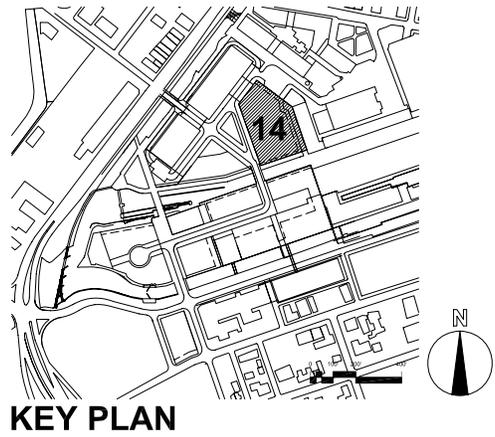

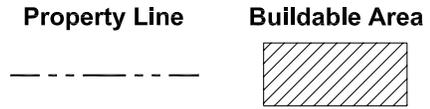

### D: Uses – See Also Allowed Uses Table at 10.3.10(4)

## Parcel 15 (Zoning District HCD-G: HCD Gateway District)

### Zoning District Description:

This district is designed to promote downtown economic development. The district can accommodate commercial, research, retail and/or residential uses in buildings linked together and adjacent to adequate nearby structured parking.

### Parcel Description:

This is one of two parcels in Zone HCD-G.  
Parcel Size: 1.17 acres.

## Standards for Parcel 15

### A: Site Configuration

Site Configuration for Parcel 15						
Side	Build To Line* (feet)		Street Wall		Maximum Setback*	
	Minimum	Maximum	Minimum street wall %*	Height range	Up to x%	Up to x feet
NE	30	34	65%	55' -- 70'	35%	15
SE	0	4	45%	55' -- 70'	55%	60
SW	0	4	65%	55' -- 70'	35%	15
NW	24	28	65%	55' -- 70'	35%	15

\*See definitions for an understanding of Build To Line, Street Wall % and Maximum Setback

Parcel Coverage: 55% minimum -- 85% maximum

### B: Building Configuration

*Floors:* 10' minimum clear first floor height

*Projections:* Allowed at 10' minimum above the sidewalk level and is allowed to extend out 4' maximum

*Encroachment:* Allowed at 10' minimum above the sidewalk level and is allowed to extend out 4' maximum

*Maximum Height:* 70'

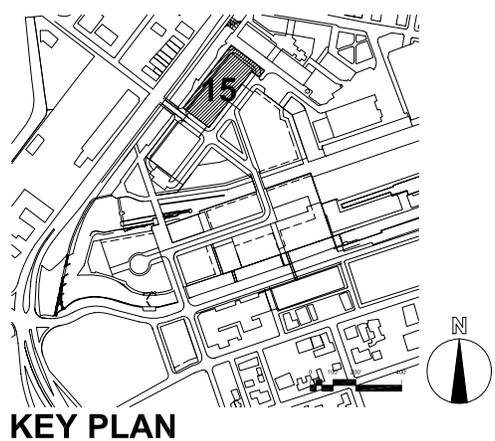

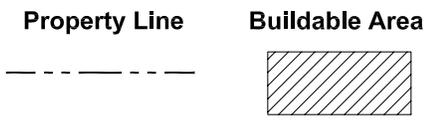

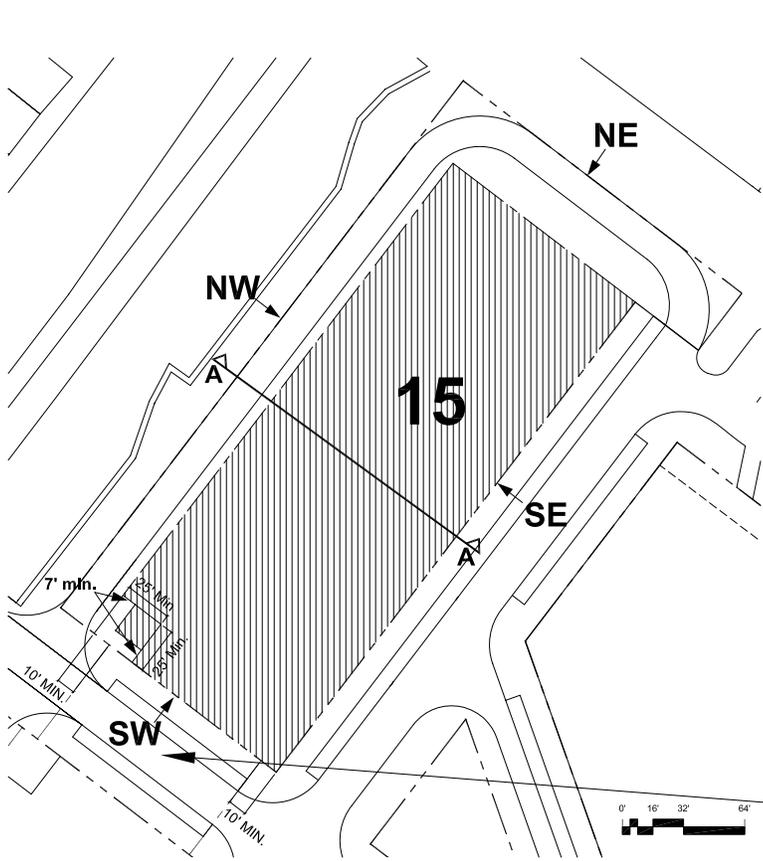

### C: Other Requirements

- 1.) Overhead bridges allowed to connect to Parcel 16 at the third floor and above.
- 2.) Overhead bridges cannot be more than 20' wide and must be set back from the edge of the building a minimum of 10'.
- 3.) There must be a re-entrant corner in the West corner that is set back 25' minimum from the corner in each direction. With a minimum reveal of 7'. 50% of the area in the setback is allowed to be filled with built form.
- 4.) Access roads to be built to standards established in appendix A of the Subdivision Regulations.
- 5.) Any vehicular access must be provided along the Southeast side of the parcel within the frontage defined on the plan.
- 6.) Any loading access must be provided along the Northwest side.
- 7.) See R.O.W. street regulation plan for land use on Northwest & Northeast side of the parcel.

### D: Uses – See Also Allowed Uses Table at 10.3.10(4)

### 10.3.10 Use Regulations

Uses allowed in the district are in the following categories. Where a category is identified as allowed in a Section 10.3.10(4), all uses within that category listed below are allowed. Uses identified with an "SP" in the list below will only be allowed with special permit from the Board of Appeals issued under the regulations of Section 11.3 of the Zoning Ordinance, and only if they are within a use category allowed in a Section 10.3.10(4). All uses within a use category not listed as allowed in Section 10.3.10(4) are not allowed in that location. Allowed uses may be mixed within a building or Development Parcel in the Hamilton Canal District.

#### 1. Uses Allowed in the Hamilton Canal District

Uses in the Hamilton Canal District are regulated according to six broad categories listed below. Buildings may be constructed or converted to the uses within each category if that category is allowed in the applicable zoning district and Building Form Standard:

<b>1. RESIDENTIAL USES</b>
Three (3) or more dwelling units on one lot (in any combination of attached or semi-detached dwelling units, multi-family structures, or as a part of a mixed-use project with other uses allowed in the district, including townhouse developments)
Three (3) or more dwelling units in a building with a legal non-residential use on the ground floor
Senior Congregate Housing, including, but not limited to, assisted living facilities
Tourist home, Bed & Breakfast Inn (SP)
Boarding or Lodging house, single-room occupancy, fraternity (SP)
Dormitory
Hotel
Live/Work and/or Live/Sell space

<b>2. INSTITUTIONAL, RECREATIONAL &amp; EDUCATIONAL USES</b>
Use of land or structures for exempt religious purpose
Use of land or structures for exempt educational purposes on land owned or leased by the Commonwealth or any of its agencies, subdivisions or bodies politic or by a religious sect or denomination or by a nonprofit educational corporation
Nonexempt educational use of land or structures, including, but not limited to, trade, professional or other schools conducted as a gainful business
Licensed child care facility
Library or museum open to the public or connected with a permitted educational use and not conducted as a gainful business
Commercial recreational facility, indoor and/or outdoor
Community center, settlement house, humane society, or other similar facility operated by an educational, non-profit, public, or religious institution or organization not conducted as a gainful business
Club or lodge, private
Licensed hospital or other licensed establishment for the care of sick, aged, disabled or convalescent persons
Other health care facility
Institutional use not listed in any other use category

<b><u>3. RETAIL, RESTAURANT, AND CONSUMER SERVICE USES</u></b>
Retail operation
Service Business
Restaurant, including take-out restaurant
Bar, saloon, or other establishment where alcoholic beverages are sold and consumed, but which is not licensed to prepare or serve food, with or without an entertainment license
Veterinary establishment, kennel or pet shops or similar establishments
Funeral or undertaking establishment.
Massage Therapy establishments (SP)
Body Art establishments (SP)
Art/Craft Studio
Open air retail, restaurant and service
Sales place for flowers, garden supplies, agricultural produce conducted partly or wholly outdoors, commercial green house or nursery not exempt pursuant to G.L. c. 40A, s. 3

<b><u>4. STRUCTURED PARKING</u></b>
Parking structures other than those provided as an accessory use to the principal use being conducted on the lot, owned and or operated by a public, private or non-profit entity
A private parking structure used for the parking of passenger cars of residents of other lots located within 1500 feet or their guests

<b><u>5. UTILITIES, TELECOMMUNICATIONS, AND PUBLIC SERVICE USES</u></b>
Public utility or service facilities
Municipal facility, other than those set forth below
Municipal service facilities operated by the City of Lowell Department of Public Works, Lowell Water Utility, or Lowell Wastewater Utility, limited to those necessary to support the development of the HCD, and subject to the Functional Design Standards
Radio or television studio
Radio or television transmission stations
Telecommunications facilities (SP subject to Section 7.6 of the Zoning Ordinance)

<b><u>6. OFFICE AND LABORATORY USES</u></b>
Business or professional office
Medical or dental center or clinic, including laboratories incidental thereto
Telephone Answering Service/Call Center
Laboratories or research facilities, provided any manufacturing is incidental to the operation of the facility, does not exceed fifty percent of the gross floor area of the building and is not injurious to the surrounding area by nature of dust, noise, smoke and odors
Scientific Uses which are necessary in connection with scientific research, scientific development or related production activities
High Technology Manufacturing, Assembly, and/or Processing

**2. Accessory Uses Allowed in the Hamilton Canal District**

The following accessory uses are allowed in the Hamilton Canal District:

The renting of rooms or the furnishing of table board by a resident owner to not more than two (2) nontransient roomers or boarders
Provision of a garage for occupants, employees, customers, or visitors, subject to Building Form Standards
Temporary building or use incidental to a building development
Home occupation per section 4.3.3 of the Zoning Ordinance
Home occupation per section 4.3.4 of the Zoning Ordinance (SP)
Common accessory facilities to exclusively serve the residents of an on-site multi-family residential building or complex of buildings, including but not limited to: a management/maintenance office, exercise facility, common meeting area or computer room
Green Walls
Rooftop Rainwater Retention Facilities
Rooftop Clean Energy Generation Facilities
Building support functions, subject to the Functional Design Standards

### 3. Uses Not Allowed in the Hamilton Canal District

The following uses are not allowed in the Hamilton Canal District. Such a use cannot be varied or authorized by the Board of Appeals. An applicant desiring to conduct such a use of activity not authorized will need to apply for amendment to the zoning code in the manner provided for by MGL Chapter 40A.

Any use or activity not specifically listed in the preceding tables as an allowed or accessory use
Any use or activity that is listed in a preceding broad use category table, if that category of use is not referenced as allowed within the BFS and/or zoning district that corresponds to a development site
One detached dwelling unit on a lot occupied by not more than one family
Two attached or detached dwelling units on a lot
Trailer
Motel
Cemetery
Drive-in or drive-through establishment, including restaurant, beverage service establishment, refreshment stand, bank, retail or consumer service establishment, where motorist does not have to leave his car
Adult entertainment establishment
Place for exhibition, lettering or sale of gravestones
Open air or drive-in theater or other open air place of entertainment or athletics conducted for profit
Open lot storage of new building materials, machinery and new metals, junk, scrap metal, rags, waste paper and similar materials, used lumber or other building material, coal, coke, sand, or other similar material
Automotive Sales, service station, repair garage, auto body shop, paint shop or car washing establishment, except an accessory car washing establishment within an enclosed garage
Lot for stowing towed vehicles
Surface parking lots (except parking identified in Appendix A of the subdivision standards, and temporary parking that may be allowed by Section 10.3.12 (2))
Distribution center, delivery center, delivery warehouse
Self-storage facility, except as accessory to on-site residential uses
Steam laundry or dry cleaning plant (except dry cleaning drop-off facility, an allowed retail use)
Food and beverage manufacturing, bottling or processing and commissary
Commercial storage warehouse, cold storage plant, or storage building
Wholesale business, including storage associated with said business
Manufacturing, assembly, reconditioning and processing plant (except as otherwise permitted)
RR freight terminals, shops and yards (except for uses accessory to the operation of the heritage trolley system)
Rendering or preparation of grease tallow, fats and oils, manufacture of shortening, table and other food oils but not including garbage, dead animals, offal or refuse reductions
Stone cutting, shaping and finishing, (except for art and craft uses as a part of an art studio)
Recycling facility, (except accessory on-site storage of materials to be recycled)
Dismantling or wrecking of used motor vehicles and/or storage and sale of the parts
Truck or bus terminal, yard or building for storage or servicing of trailers, trucks, shipping containers, or buses and parking lot for trucks.
Processing of sand and gravel and the manufacture of bituminous concrete.
Open lot storage of junk, scrap, rags, paper, junked vehicles and other similar salvage articles
Manufacture, processing, assembly or other industrial operations, including stockyard, petroleum refining, smelting incineration of garbage, cement, lime or gypsum manufacture, explosives or fireworks manufacture
Contractor Garage
Portable Storage Unit or Shipping Container larger than 120 sf

#### 4. Use Regulations Within HCD Zoning Districts

Uses are allowed in the HCD zoning districts as shown in the following table:

Use Standards for HCD Zoning districts					
District On Map	District Name	Allowed Uses			
		Lower Level (See #1)	Canal Level	Street Level	Upper Levels
HCD-A	Core	P, R, IRE, RRC, UTP, OL	R, IRE, RRC, P (See #2), UTP, OL	R, IRE, RRC, UTP, OL	R, IRE, RRC, UTP, OL

HCD-G	Gateway	P, R, IRE, RRC, UTP, OL	n/a	R, IRE, RRC, UTP, OL	R, IRE, RRC, UTP, OL

#### Notes to the Use Standards Table:

1. Lower levels are levels below street grade, except that lower levels that border Canals are considered 'canal level' uses, and are not 'lower level' uses
2. Structured Parking as a use shall be set back at least 20 feet from a building walls closest to Canals, except in the case of Historic rehabilitation along the south side of the Pawtucket Canal
3. See 10.3.11(4)

#### Key to Allowed Uses (See 10.3.10(1)):

R=Residential

IRE=Institutional, Recreational and Educational

RRC=Retail, Restaurant and Consumer Services

P=Structured Parking

UTP=Utilities, Telecommunications and Public Service

OL=Office and Laboratory

### **10.3.11 Functional Design Standards**

This section includes standards related to the orientation and configuration of buildings as they are viewed from streets and public spaces. The purpose of the standards is to promote high quality, pedestrian-oriented sustainable development that adapts to changing conditions over time without dictating architectural style.

1. Access: Where the provision of access to building entries is necessary to meet requirements of the Americans with Disabilities Act or other state or federal regulations ensuring access for the disabled and such provision requires an exception to other standards (such as Build-to-Line), such exception is allowed only to serve those access facilities.
2. Loading/Service Areas: The location of loading and/or service areas, where required, is defined in the standards for each Parcel. Loading/Service Areas, except within the millyard (Parcels 7 and 8), shall be screened from all streets. Loading/Service Areas within building footprints shall be provided with garage doors, which shall be kept closed when such areas are not in use. Garage doors and other screening elements shall have an architectural character consistent with that of the building.
3. Parking Garage Entries: The location of parking garage entries, where required, is defined in the standards for each Parcel. With the exception of development allowed on Parcel 14, parking garage entries shall be provided with garage doors, which shall be kept closed outside of normal business hours. Garage doors and other screening elements shall completely cover the opening, but need not be opaque.
4. Parking Location: Permissible locations for surface and structured parking, and screening of parking are defined in the Building Form Standards for each Parcel. Parking garages shall not have exposed structured parking (except for garage entries) at the ground floor level along any street.
5. Fenestration: Any Building Façade along a street or Open Space shall have openings and glazing that together constitute not less than 25% of the Building Façade. Historic walls restored within the HCD need not meet this standard. Also see Section 10.3.11 (14a). To meet the Fenestration requirements of the FDS, only the areas of glazing within windows and doors as a percentage of the overall square footage of each Building Façade will be measured.
6. Rooftop Equipment: Rooftop equipment shall be screened from view, shall be set back from roof edges a minimum of 10 (ten) feet, and shall conform to city's Noise Ordinance.
7. Mechanical Penthouses: Shall not cover more than 30% of a rooftop, shall not be more than 15 feet in Height, shall be set back a minimum of 10 (ten) feet from roof edges, and shall have an architectural screening.
8. Utility Equipment: Subject to the requirements of the relevant codes and the requirements and approval of the city and the various utility companies, all utility installations shall be incorporated within buildings, placed underground, or otherwise screened from view. This includes but is not

limited to gas and electric meters, transformers, traffic control equipment, and pump station buildings.

9. **Trash Handling and Recycling:** All refuse containers are subject to the provisions of Chapter 270 of the Code of Ordinances of the City of Lowell. Refuse containers in the Hamilton Canal District shall be located inside of the primary structure which they serve. No trash handling areas or dumpsters shall be allowed outside of building. Refuse containers may be moved outside within four hours of scheduled pick-up times, and shall be returned to their inside storage location within four hours after being emptied. Any trash pick-up areas shall be enclosed or screened from public view. Each building shall provide on-site facilities for recycling storage. Each building shall provide for private removal of trash and recycling on a schedule that ensures that refuse and recycling containers do not require outdoor storage.

10. **Snow Removal:** The property owner is responsible for snow removal for all privately owned roadways and Open Spaces that are publicly accessible.

11. **Signs:** Signs are subject to the approval of the Lowell Historic Board, but shall not require any special permit. Furthermore, the following signs are prohibited in the Hamilton Canal District:

- a. Any sign which, by reason of its size, location, content, coloring or manner of illumination, constitutes a traffic hazard or a detriment to traffic safety in the opinion of the Building Commissioner by obstructing the vision of drivers, or detracting from the visibility of any traffic sign or control device on public streets and roads.
- b. Any sign which obstructs free ingress to or egress from a required door, window, fire escape or other required exitway or which obstructs a window, door or other opening for providing light or air or interferes with proper function of the building.
- c. Any sign or sign structure which is structurally unsafe; or constitutes a hazard to safety or health by reason of inadequate maintenance, dilapidation or abandonment; or is not kept in good repair; or is capable of causing electrical shocks to persons likely to come in contact with it.
- d. Signs making use of words such as STOP, LOOK, DANGER, etc., or any phrases, symbols, or characters, in such a manner as to interfere with, mislead, or confuse traffic.
- e. Any sign now or hereafter existing which no longer advertises a bona fide business conducted or product sold. Such signs shall be removed at owner's expense.
- f. Any sign affixed to a fence, utility pole or structure, or tree, shrub, rock or other natural objects.

12. **Illumination.** Permanent lighting provided on private Parcels within the HCD shall be installed in a manner that will prevent direct light from shining onto adjacent property or the night sky. String lights used in connection with commercial premises for commercial purposes, other than temporary holiday decorations, are not allowed.

13. **Security:** Exterior grates covering windows and entries are not allowed in the Hamilton Canal District.

14. Ground Floor Treatments:
- a. Transparency: For all ground floor nonresidential uses located along streets, Canal Walks, and other public spaces, at least 40 percent of the wall area between 3 and 7 feet in height shall consist of windows, glass doors or other transparent (clear or slightly tinted) building surfaces. Historic walls restored within the HCD need not meet this standard.
  - b. Primary Building Access: Primary pedestrian building entrances shall be located on the face of the building along the street except where entries may be located directly onto an Open Space Parcel. Buildings fronting on a Primary Street as well as a Secondary Street shall have a primary building access off a Primary Street or Open Space Parcel. Buildings fronting on Canal Walks or other public spaces may have additional pedestrian entrances on the buildings fronting these spaces. Primary building entries may incorporate entranceway cover Encroachments. Such Encroachments are allowed to exceed the Encroachment provisions in the Dimensional Standards and BFS. Such Encroachments may be below the standard 10 foot height above ground level, but no lower than 7 feet, and allowed to extend over the entire sidewalk perpendicular to the entry door for a length of up to 20 feet.
  - c. Retail Access: Each retail use with exterior ground level visibility along a street or other public space shall have a direct public entry from the street or public space.
  - d. Residential Privacy: Buildings with ground floor residential uses shall use at least one of the following methods to provide privacy for residents:
    - i. raising the floor level between 24 and 36 inches above the sidewalk grade (which shall be allowed for all residential uses otherwise at street grade); and/or,
    - ii. providing a landscape buffer between the building façade and adjacent pedestrian or vehicular ways.
  - e. Residential Entries: A building or portion of a building with first-floor residential use along a street may be set back up to 10 feet beyond the Build-To Line if the following conditions are met:
    - i. The entire area between the building and the Build-To Line that would otherwise be required is occupied by stoops, stairways to unit entries, landscaping and/or decorative fencing; and,
    - ii. Residential units along a street have a front entry spaced at a distance of less than 25 feet along a sidewalk.
  - f. Pedestrian Experience on Primary Streets: Any portion of a building built at a Build-To Line along a Primary Street shall encompass at least one of the following:
    - i. Retail storefronts (with uses allowed under 10.3.10(1) item #3, with entrances no more than every 100 feet; or,
    - ii. Residential units and/or lobbies (with uses allowed under 10.3.10(1) item #1) with individual or common entry doors no more than every 50 feet; or,

- iii. Permanent or revolving public art installation attached to the building, behind windows within the building or within the public right of way adjacent to the building; or,
- iv. Office or institutional uses where at least 65% of the wall area between 3 and 7 feet in height consists of windows, glass doors or other transparent (clear or slightly tinted) building surfaces providing an unobstructed visual connection from outside to the inside of the building; or,
- v. Architectural variation at the first floor through changes in materials or treatments at intervals at or below 50 feet along the length of the sidewalk.

15. Setback Areas: Any area of a Parcel not otherwise occupied by a building that is located between a Parcel line along a Primary Street and the façade of a building on that Parcel shall be dedicated to one or more of the following purposes:

- a. Open air restaurant or other open air retail uses
- b. Formal landscaped courtyard areas open for access and use by the public, with trees, gardens (including community gardens and/or sculpture gardens), courtyards and/or planters, walls or fences (no greater than 3 feet in height), including paved walkways, subject to the following restrictions: 1) Landscaped areas inaccessible for walking shall not be greater than 75% of the Setback Area; 2) No more than 50% of the ground shall be covered by mulch or asphalt; 3) Areas with greater than 30% landscaped only as lawn with no other landscape features are not allowed; and 4) Trees not on the planting list provided in Appendix A of the Subdivision Standards shall not be allowed.
- c. Private landscaped courtyard areas behind fences or walls that reflect the architectural character and materials of the building on the Parcel, up to seven feet in height with openings spaced at least every 40 feet for public views and/or private access into the courtyard.
- d. Patios with moveable seating
- e. Active recreational uses including but not limited to playgrounds
- f. A sign indicating the use and/or tenants in the building, provided that the sign is scaled to be visible for pedestrians and/or traffic moving at slow speeds may also be located within Setback Areas.

Any portion of a Setback Area where ambient street lighting does not provide illumination to a level adequate for the area to be seen from the adjacent Primary Street, shall include supplemental lighting at a level that is comparable to the light level along the adjacent sidewalk, without violating the provisions of 10.3.11(12).

Parking of any motorized vehicles shall not be allowed in the Setback Areas, with the exception of short-term parking associated with drop-off areas and/or Loading/Service Areas.

16. Multiple Buildings on a Parcel: Where a Parcel has more than one building, the space between the buildings shall comply with all of the provisions of Section 10.3.11(15).

17. Streets and Open Space Parcels: All land identified on the Street Standards Regulating Plan and the Open Space Standards Regulating Plan within Appendix A of the Subdivision Standards shall be developed according to the provisions therein.

18. Accessory Buildings: Accessory buildings are allowed within Open Spaces and within the Setback Areas of buildable Parcels. Accessory buildings are limited to 10% of the total Parcel Coverage, but do not count towards the maximum Parcel Coverage. Retail, restaurant and Consumer Service uses are allowed within Accessory Buildings.

19. Rooftop Rainwater Retention Facilities & Rooftop Clean Energy Facilities: Rooftop Rainwater Retention Facilities and Rooftop Clean Energy Facilities shall be exempt from the dimensional limits of 10.3.11(6) and 10.3.11(7).

### **10.3.12 Other Applicable Regulations**

1. Temporary Building or Use: The commissioner of buildings shall grant a permit for a temporary building or use incidental to a building development, which does not comply with the provisions of the HCD-FBC, where reasonably required for such development. Such permit may be issued for an initial period of not more than two (2) years. Permits may be renewed by the commissioner of buildings for successive periods of not more than two (2) years each.

2. Temporary Parking Facilities: No Parcel in the Hamilton Canal District identified on the Regulating Plan as a site for construction of a building shall be used for surface parking, except for use as temporary parking facilities for construction vehicles and vehicles of construction workers related to the development of other Parcels within the Hamilton Canal District or if owned, operated, and managed by the City of Lowell. Temporary parking facilities will not be subject to the protection of pre-existing non-conforming uses that are allowed by Section 4 of the code, unless such facilities are owned by the City of Lowell. [Ord. 5-25-10]

3. Wetlands: This regulation shall not limit the review of development under the Wetlands Regulations of Section Chapter 280 of the Code of Ordinances for the City of Lowell.

4. Parking: Consistent with the regulatory standard for urban development within the core of Lowell's downtown, and due to the proximity of publicly accessible parking facilities, Development Proposals, and other projects within the HCD will not be required to provide on-site parking, but may provide on-site parking where it is permitted by the HCD-FBC.

5. Telecommunications Facilities: Where allowed, Telecommunication Facilities shall be subject to Section 7.6 of the Zoning Ordinance including all required Special Permits.

### **10.3.13 Severability**

If any provision of the HCD-FBC is found to be invalid by a court of competent jurisdiction, the remainder of the HCD-FBC shall not be affected but shall remain in full force. The invalidity of any provision of the HCD-FBC shall not affect the validity of the remainder of the Zoning Ordinance.
