

**DISPOSAL OF SEWAGE SLUDGE
FROM LOWELL REGIONAL WASTEWATER UTILITY'S FACILITY**

Furnish all labor, material, and equipment necessary for the removal, and vehicle transport of all sludge produced by the Owner (historically, 24,000 wet tons per year at 25% solids). Dewatered sludge cake will be brought to either the Primary Disposal Facility or the Backup Disposal Facility identified in this proposal, with the same pricing being applicable to both primary and backup options. Bid pricing submitted below shall apply for the duration of the Contract. Contract will be awarded based on total price from year one (1) to year three (3), with an option for a negotiated time up to two (2) years.

THREE-YEAR CONTRACT
(January 1, 2015 ~ December 31, 2017)

Year	Yearly Wet Tons	Price (\$/Wet Ton)	Yearly Price in Figures (\$)	Yearly Price in Words (\$)
2015	25,000			
2016	25,000			
2017	25,000			

\$ _____
TOTAL PRICE IN FIGURES (\$)

_____ TOTAL PRICE IN WORDS (\$)

TWO-YEAR OPTION (MUTUALLY AGREEABLE)
(January 1, 2018 ~ December 31, 2019)

Option Year	Yearly Wet Tons	Price (\$/Wet Ton)	Yearly Price in Figures (\$)	Yearly Price in Words (\$)
2018	25,000			
2019	25,000
