ADDENDUM #1
IFB #15-59
Centrifuge Rental

The number of this Addendum, Addendum No. 1, must be entered in the space provided on the Bid Form.

CLARIFY:

On page 01201-5 of the technical specifications, item 3.02 D states that "LRWWU will assess liquidated damages of \$2,000/day if the temporary dewatering equipment is unavailable for more than four (4) consecutive days or an aggregate of thirty (30) days over the duration of the contract, once a threshold is met the Vendor will be assessed all prior unavailable days additionally." We are requesting to remove the wording "once a threshold is met the Vendor will be assessed all prior unavailable days additionally." It is understood that equipment will have a certain amount of downtime and asking for liquidated damages above that amount of downtime is reasonable however including that initial downtime does not.

Answer – The initial downtime is not included.

In the above mentioned statement it says "over the duration of the contract". Can you confirm if the "Contract" is the 15 month duration or if it includes all extensions. We are trying to evaluate the how long the aggregate of 30 days will apply.

Answer –The contract shall be: March 1, 2015 to May 31, 2016. The option to extend for six (6) additional months June 1, 2016 to November 30, 2016, would only apply if executed.

Sincerely
