

The City of Lowell and the Division of Planning and Development invite you to the third

# City Building Workshop

Continue to help shape the future near the Hamilton Canal District.

## VISION SESSION 3

Senior Center  
278 Broadway Street  
Thursday, June 25, 2009  
6:00PM - 8:00PM

*Refreshments will be provided.*

Proposed view of the Hamilton Canal District

Translation services will be offered to Khmer-, Spanish-, and Portuguese-speaking participants.

At Vision Session II participants from the four neighborhoods surrounding the Hamilton Canal District “mapped” their recommendations and ideas by pinpointing where change or improvements could have the biggest impact.

On June 25, you’ll have the opportunity to see areas of common interest, view the maps, and to compare how each neighborhood approached the major issues:

- Safer and more walkable links to and from the Hamilton Canal District and between neighborhoods
- Improving access to and from the Gallagher Terminal
- Revitalized public spaces and parks
- Opportunities for partnerships

We’ll show a combined map that includes all the major suggestions and the initiatives, and discuss how implementation might begin. That - plus your feedback - will be the basis for the set of final recommendations that will go to the City leadership.

**WE VERY MUCH HOPE TO SEE YOU AND YOUR NEIGHBORS ON JUNE 25!**
