FEBRUARY 4, 2026 AT 6:00PM IN THE MAYOR'S RECEPTION ROOM
CITY HALL 375 MERRIMACK ST, 2ND FLOOR**

Lowell Tobacco Control Report

January of 2026

Prepared by: Cesar Pungirum, M.M., J.D.
Program Director

Lowell

Inspections

We've conducted 24 inspections this month, so far. The primary focus of this round of inspections is to educate retailers about blunt wraps and cigar packaging and pricing restrictions. Although these restrictions have been in place for years, distributors continue to push these products to local retail stores.

Tobacco Permit Renewal Process

The following establishments finally submitted their tobacco permit applications before the end of December/25:

H & B Grocery Store
165 High Street

Family Dollar
21 Nottingham St

Compliance Checks

Compliance checks have been scheduled for the last week of this month.

American Lung Association: New Report on the State of Tobacco Control Gives Massachusetts Mixed Grades, Including an F for Funding for State Tobacco Prevention Programs

Office of the Attorney General: AG's Office Secures Guilty Plea from Chicopee Man for Tobacco Tax Evasion Scheme

New Report: Massachusetts Must Continue Efforts to Reduce Tobacco Use Amid Federal Cuts

American Lung Association's "State of Tobacco Control" report releases Massachusetts grades for tobacco control policies, outlines steps to reduce burden of tobacco

BOSTON, AZ,MA | January 27, 2026

According to the [American Lung Association's 24th annual "State of Tobacco Control" report](https://www.lung.org/research/sotc) (<https://www.lung.org/research/sotc>), released today, Massachusetts's grades show that the state must step up efforts to reduce tobacco use to protect communities. Massachusetts's action on tobacco control and prevention is especially critical due to the dramatic rollback of federal tobacco prevention efforts in 2025.

Tobacco use remains the nation's leading cause of preventable death and disease, claiming the lives of more than 9,300 state residents each year. The report urges Massachusetts lawmakers to focus on increasing funding for tobacco prevention and quit smoking programs to curb tobacco use.

Val.Gleason@Lung.org
(<mailto:Val.Gleason@Lung.org>)

The “State of Tobacco Control” report grades states and the District of Columbia in five areas that have been proven to prevent and reduce tobacco use and save lives. In the 2026 report, Massachusetts received the following grades:

1. Funding for State Tobacco Prevention Programs – Grade F
2. Strength of Smokefree Workplace Laws – Grade A
3. Level of State Tobacco Taxes – Grade B
4. Coverage and Access to Services to Quit Tobacco – Grade C
5. Ending the Sale of All Flavored Tobacco Products – Grade A

In 2025, the tobacco control and prevention landscape fundamentally changed when the administration took a series of actions that weakened enforcement and jeopardized public health efforts across the country. These included the virtual elimination of the U.S. Centers for Disease Control and Prevention’s (CDC) Office on Smoking and Health, major staffing cuts to the U.S. Food and Drug Administration’s (FDA) Center for Tobacco Products and delaying Congressionally appropriated funding for nearly six months. As a result, tobacco control and quitline programs in all 50 states and the District of Columbia were left at risk of shutting down, with some states drastically reducing lifesaving services.

“It is devastating to see the federal government largely abandon its tobacco control efforts. Walking away from the incredible progress the nation has made on reducing tobacco use over the past 50 years is unacceptable,” said Daniel Fitzgerald, Director of Advocacy at the American Lung Association in Massachusetts. “Now more than ever, states need to ramp up their tobacco prevention efforts even more to protect residents from disease and addiction caused by tobacco use.

“While Massachusetts continues to be a national leader in tobacco control efforts, the report finds that 2026 will be critical to keep that momentum going. Policymakers must increase funding for tobacco prevention and cessation programs to CDC recommended level, raise the tobacco tax by at least \$1.00 per pack and tax non-cigarette

tobacco products at comparable rates and prevent rollbacks to smokefree laws and tobacco-prevention funding,” said Fitzgerald.

Despite receiving \$551,300,000 from tobacco settlement payments and tobacco taxes, Massachusetts only funds tobacco control efforts at 19.5% of the CDC’s recommended level. The Lung Association urges Governor Healey and the legislature to significantly increase funding for tobacco prevention and cessation programs to ensure the state maintains its leadership and protects the health of its residents.

Federal Grades Overview

The 2026 “State of Tobacco Control” report grades the federal government in five areas:

- Federal Regulation of Tobacco Products – Grade D
- Federal Coverage of Quit Smoking Treatments – Grade D
- Level of Federal Tobacco Taxes – Grade F
- Federal Mass Media Campaigns to Prevent and Reduce Tobacco Use – Grade I*
- Federal Funding for Tobacco Prevention and Control – Grade: B

**The federal government gets an I for Incomplete in this category due to data not being able to be obtained about the duration, reach and frequency of the Real Cost campaign in 2025.*

In the “State of Tobacco Control” report, the American Lung Association calls on the federal government to fully restore critical tobacco control programs, including CDC’s Office on Smoking and Health. Federal leadership is essential. In the current absence of federal leadership, the organization is calling on state legislatures to advance strong, fact-based tobacco control policies that protect communities and reduce tobacco use.

To learn more about this year’s “State of Tobacco Control” grades and take action, visit [Lung.org/sotc](https://www.lung.org/sotc).
(<https://www.lung.org/research/sotc>)

State grades in “State of Tobacco Control” reflect actions taken by elected officials and do not reflect on the hard work of state tobacco control programs or advocates.

Kennedy.Sims@mass.gov

SPRINGFIELD — The Massachusetts Attorney General's Office (AGO) today announced that Jaffar Syed, 52, of Chicopee, pled guilty in Hampden Superior Court to Tax Evasion (1 count) and Filing a False Tax Return (2 Counts) related to a scheme to evade excise taxes associated with the importation and sale of tobacco products. Syed was sentenced to 18 months in the House of Correction, suspended for three years, on the Tax Evasion charge, and three years probation on the False Tax Return charges.

The AGO

[indicted](#)

/news/agawam-man-charged-in-tobacco-tax-evasion-scheme?_gl=1%2A1xuw9g7%2A_ga%2AMTE5NTQ5NTYzOC4xNjkzMjM2ODc2%2A_ga_MCLPEGW7WM%2Acz1

Syed in April 2024 after a joint investigation with the Massachusetts State Police (MSP) and the Department of Revenue's Criminal Investigations Bureau revealed that Syed had purchased bulk amounts of smokeless tobacco, smoking tobacco, and cigars from a wholesale distributor in Pennsylvania and then sold those products through his company, Shaws Whole Sale LLC, to retailers primarily in and around Hampden County.

In addition to failing to pay the applicable excise taxes on the imported tobacco products, Shaws Whole Sale filed two tax returns in 2018 that falsely reported \$0 tax liability. The investigation revealed that Syed evaded more than \$100,000 in taxes from March 2018 through January 2019.

This matter was prosecuted by Assistant Attorney General Benjamin Woolf of the AGO's White Collar and Public Integrity Division, with assistance from Senior Financial Investigator Eugene Griffin of the AGO's Gaming Enforcement Division, the AGO's Digital Evidence Lab, MSP, and the Department of Revenue's Criminal Investigations Bureau.

The AGO's White Collar and Public Integrity Division investigates and prosecutes serious criminal misconduct involving crimes against public agencies, corrupt public employees and public entities, crimes that have a harmful effect on public confidence in our government and other trust institutions, and financial crimes.

ORI by section of the city, 2025

Below: Showing totals of ORI by section on the city. It's the same data point as to the left.

Acre	49
Back Central	151
Belvidere	11
Centralville	28
Downtown	135
Highlands	19
Lower Belvidere	10
Lower Highlands	17
Pawtucketville	8
Sacred Heart	12
South Lowell	2

The following data points are from 911 calls in Lowell between 1/1/2011 and 12/31/2025

Between 2011-2025 the city of Lowell witnessed 7,748 Opioid Related Incident (ORI) 911 calls. The following report will for through that EMS data.

2011 2025 ORI Monthly Total of Patients needing Narcan

Left: Annual total for ORI through the Lowell 911 system. In 2011 there were 190, in 2025 there were 443.

Right: Annual total of ORI calls AND the patient required Narcan. This is a subset of the data above. In 2011 43 patients needed Narcan, in 2017 that number was 468

2011 2025 ORI Monthly Total of Patients needing Narcan

% of First Dose of Narcan Provided by Bystander

Left: In 2016 10% of 911 calls that the patients needed Narcan, a bystander delivered that Narcan. In 2025 that number was up to 41%

Years before 2016 left off due to low annual totals.

- Quick data points: July and June (11% of the total) had the most ORI, January (6.5%) the fewest.
- We had residents from more than 210 different communities have an ORI in Lowell.
- Each day of the week had been 13% (Monday) and 16% (Friday) of the total. No one had had an overwhelming total.
- 5AM had the fewest ORI with 111 (1%) of the total. 1-9PM had between 6% and 7%, with 5PM having the most with 521 (7%) of the total. Saturday between 5PM and 5:59 PM had 92 ORI, the most of any single hour of any single day.
- South Lowell had 90 (1%) and Downtown had 2,057 or 27% of the total.
- 29% were female with an average age of 37.5. 71% were male with their average age of 40.
- 94% of all ORI patients were transported to the hospital.

The following data is from PrideStar Trinity EMS electronic Patient Care Reports. This data is from calls in all 9 communities PrideStar Trinity EMS provides service for. Only data from December 2025 opioid related calls are included.

PrideStar Trinity EMS Inc. provides EMS services for the following communities in MA: Boxford, Chelmsford, Dracut, Dunstable, Groveland, Haverhill, Hudson, Lowell, and Marlborough.

Only opiate overdoses that PrideStar Trinity EMS responded to are included. If someone from one of the communities listed above overdosed in another community not listed, it will not be represented in this data set.

System wide, PrideStar Trinity EMS treated 30 patients with an opioid related issue in December 2025.
