

October 24, 2019

Requesting City Council provide an immediate solution for the safety of all City Hall employees as well as other patrons regarding the dangers of crossing on Merrimack Street in front of City Hall. Multiple city employees have been hit by vehicles and we are experiencing daily close calls. Vehicles are also passing the city bus which stops at the crosswalk in front of City Hall and causing a jeopardizing situation to all who are trying to safely cross. Below is a list of city employees in favor of a solution to this very unsafe situation.
