Subject: Thank You!

December 22, 2020

Ms. Joanne Keegan,
Board of Health Chair,
Board Members of
The Lowell Health Department
341 Pine Street
Lowell, MA 01851

Dear Chairperson Ms. Keegan and Board of Health Members,

I wanted to take this opportunity to say Thank You All for your recommendations to Mayor Leahy, Superintendent Boyd, Mr. Hall and the Lowell School Committee Members regarding in person learning. With the increase of positive Covid numbers within the City of Lowell I feel that this was the best and only decision to be made.

I appreciated the opportunity to speak to you all at one of your recent board meetings and I understand that these decisions aren't easy to make, but I also know in my heart that we are all vulnerable to this awful disease and the best way to help stop the spread is to keep us apart. I know it will be difficult for some of our families but I also know that the faculty and staff of the City of Lowell are amazing and we will make it through this awful pandemic.!

Thank you again! Merry Christmas and Have a Happy and Healthy New Year.

Sincerely,

Maureen Soucy
