

## 12/3/2020 Lowell COVID testing site summary

- Tests
  - 450 Scheduled appointments
  - 402 test given
    - Approximately 40 driver up test for those without appointments
    - So 68 people registered and didn't get tested
- We had 6 hours of testing with 12 testing blocks(1000, 1030,1100,1130,1200,1230,1300,1330,1400,1430,1500,1530)
- We started to time the length of wait. Other than cars with 4 or more people there was no waiting of note.
- 54 patients tested positive
  - 13.42% positive
  - We ESTIMATE that 25% of the positive patients tested positive in the weeks before this test.
- The results where back for most people Friday night around 1800.
- By 1330 on Saturday all positive patients has been notified or at least attempted to be contacted.
