Hi Michael,

Can you check that the City received this Grant of Location request to install 3 sections of 12 inch coated steel gas main traversing Marshall Ave, West Forrest St and Chelmsford St, Lowell, MA.

I know that I sent it over back in June, but it may not have been received in it's official capacity as I don't have any documentation that there was a hearing. I only have some back and forth emails regarding York Road and whether it was a public road.

Thanks Michael.
