**To:** Geary, Michael  
**Subject:** Motions

- Request City Manager to contact Massachusetts Department of Transportation to cut back the grass and trees along the VFW Highway from the Dracut to Lowell Line and street sweep some of the intersections. Areas included are

### **Dracut line to Bridge St.**

Overgrowth on the hill across from the Waste Water treatment plant coming into the VFW

Overgrowth on the rotary interfering with safely entering the rotary

Overgrowth in and around the Rotary

### **Bridge St. to Aiken Ave**

Overgrowth along the sides of the highway (on the river side as well as the opposite side) and cutting the middle

### **Aiken Ave to University Ave**

### **University Ave to Tyngsboro Line**

Mostly scrub trees are growing in the middle of the highway – most problematic is in the area of VFW / Riverside Ave / White Street
