### PETITION

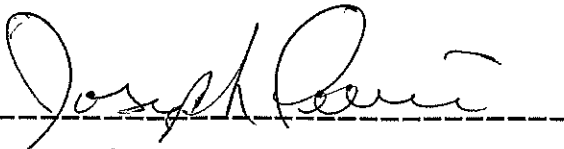

This is a Petition to rescind (3) off-street parking spots that are located along the frontage of property located at 23 Dix Street, Lowell and 911 & 933 Gorham Street, Lowell

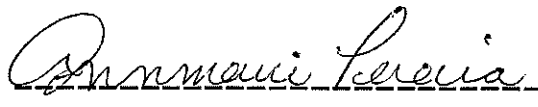

My husband and I purchased this property back on June 1, 2021 off of Diana Tran.

This multi-use property with the Neighborhood Business Zoned and Light Industrial.

Asking that I have an opportunity to state my case in front of Tuesday's City Council meeting, 10/26/21

In order to utilize this property to suit my business needs, these (3) parking space can no longer be accommodated along the frontage to enter the property.
