RE: C. Rourke/C. Robinson – Request City Manager Have Lands & Buildings
Department Replace The Dugout Roofs At Campbell and Cote Fields

The DPW Lands & Building Division has reviewed this request. A roof never existed at dugout at Cote Field. It previously existed at the dugout at Campbell Field but was removed in 2021 due to the condition of the roof. DPW will install dugout roofs at both of these locations this spring. The Deputy Commissioner of Lands & Building estimates that it will take one week at each location for installation and approximately \$7,000 in materials.
