RE: Motion by Councillor Robinson  
**“Request the City Manager have the proper department work with residents on Beaulieu Street area of Centralville to create a winter operation agreement”**

---

The City of Lowell’s Street Division will work with the residents of Beaulieu Street to make sure snow removal on this street is removed by a front-end loader at the end of the street. This plan will allow the residents adequate parking and allow the residents at the end of Beaulieu to get out of their driveways after a snow storm.

We will remove the snow at the end of Beaulieu Street the next day after the snow storm is completed.

We will continue to work with the residents on this street that are impacted by the winter snow issues.

If you have any questions or concerns, please contact me.

Thank you.
