MEMORANDUM

TO: Thomas A. Golden, Jr., City Manager

FROM: Ellen M. Brideau ^{MAA}, Chief Assessor

CC: Conor Baldwin, Chief Financial Officer

DATE: August 15, 2022

SUBJECT: MOTION RESPONSE: 7/26/22 – C. Gitschier –
Req. City Mgr. Have The Proper City Department Provide the City Council With A List Of All Properties That Are Tax Exempt; The Properties Assessed Value, The Owner Of The Property And The Location Of Each Property

The attached list represents all properties within the City of Lowell that are classified as tax exempt as outlined in MA G.L. c. 59, §5.

The Board of Assessors are required to complete an annual review of all exempt properties. The chart below outlines the different property ownership types that may qualify for the exemption and the filing requirements to maintain a tax exempt status.

Type	Clause	Initial application	Annual filing
United States property	1	None	None
Commonwealth property	2	None	None
Charitable organizations	3	Form 1-B-3 or 128	3ABC
Veterans' organizations	5, SA, SB, SC	None*	3ABC
Fraternal societies	7	None (personal property)* Form 1-B-3 or 128 (real property)	None (personal property) 3ABC (real property)
Religious organizations	10, 11	None*	None

* There is no specific application form to file initially, but if a tax bill is issued for a fiscal year that exemption is claimed, a timely filed abatement application must be filed.

Public Property: Real and personal property owned by the United States is exempt, unless Congress has expressly authorized its taxation. Property owned by the Commonwealth of Massachusetts, its political subdivisions and public authorities, and held for public purposes, is also exempt.

If government owned property is leased, occupied or used for business or non-public purposes, it can be taxed, but to the lessee, occupant or user, not the government owner.

Charitable Organizations: A charitable organization is a corporation, or trust, established for literary, benevolent, charitable, or temperance purposes. The organization must be organized for charitable purposes and must actually operate as a public charity. Non-profit status is not sufficient, nor is exempt status for state or federal tax purposes. A charitable organization's dominant purposes and activities must benefit an indefinite class of the public. Organizations that primarily benefit a limited group or only their members are not charities.

Veterans Organizations: Real and personal property owned by, or held in trust for, an incorporated veterans' organization is exempt if the organization:

- Actually occupies and uses the property, and
- Devotes its net income from the property for charitable purposes.

Fraternal Organizations: A fraternal organization operates under the lodge system, or for the exclusive benefit of its members, and provides life, sick, accident or other benefits for members or their families. The organization's real property is exempt only if the organization qualifies as a charitable organization and the property is occupied for charitable purposes. Only that portion of the space devoted to charitable purposes qualifies.

Religious Organizations: All personal property owned by, or held in trust for use by, a religious organization for religious or charitable purposes is exempt.

- **House of Worship:** A church or house of religious worship owned by, or held in trust for the use of, any religious organization and used and occupied for religious services or instruction is exempt. The exemption also applies to parking lots and halls used for religious classes and other church activities. The exemption is not affected by incidental or occasional use by an organization exempt from federal taxes under Section 501(c)(3) of the Internal Revenue Code for other purposes, but any portion regularly leased or occupied for other purposes is taxable. The exemption also applies to a portion of the property where the dominant purpose of that property is religious worship or instruction, or purposes connected with it.
- **Parsonage:** A parsonage owned by, or held in irrevocable trust for the exclusive benefit of, a religious organization and used and occupied as a residence for clergy regularly conducting services for the organization is exempt.
