CC: Lisa Golden, Director of Health and Human Services

DATE: March 14, 2023

Subject: Motion Response: 2/21/2023 C. Robinson Req City Mgr meet with the School Dept To see how we can Provide Support and Partnership for the LPS “Full Service Community Schools”.

Full service community schools are sites that are considered low performing schools. The school department is looking to supplement offerings at those locations with after school and out of school time programming. The schools included are the Butler, Greenhalge, Sullivan, McAvinnue, STEM, Bartlett, Stoklosa, Moody, and LHS. The Recreation Department currently offers night programs at the Bartlett and Stoklosa and partners on summer school programs with all of these locations for an extended day and extended summer program for all of the summer school participants who are interested in a more “full day” experience. We have reached out to the School Department person running the program for the School department to see about expanding or revising our current offerings based on their needs and funding.
