Assistant City Manager

March 21, 2023

Mayor Sokhary Chau
And
Members of the Lowell City Council

Reference: Motion Response – 3/7/2023 – C. Scott – Req. The City Mgr. Provide An Update On The Restroom Parity Issue At Lowell High And How It Is Being Addressed Dear Mayor Chau and Members of the Lowell City Council.

Motion Response – 1/31/2023 – C. Scott - Req. City Mgr. Work To Review Plan Designs For Lowell High School With Perkins Eastman To Make Sure All Amenities Are Built To Scale For The Student/Staff Population Size.

I write in response to the above referenced motions from the City Council regarding the issue of the parity of restroom facilities at the Lowell High School project. My Administration has worked with the project team, including our architect and owner's project manager ("OPM") to come up with the most cost effective manner to address the issue, as well as determine the means and methods for including this work within the project scope.

I am pleased to report that we have been able to come up with a solution that will address the issue and I have asked both Perkins Eastman and Skanska to be present at the next City Council meeting to address the Council and answer any questions or concerns related to the design.

Please do not hesitate to let me know if there are any questions.

Sincerely,

Thomas A. Golden, Jr.
City Manager
