Lowell, MA 01852

Dear Mr. Geary,

Hello, we are an 8th grade class at Dr. Wang Middle School. We are writing a letter because our Generation Citizen class is researching how the government takes action to address issues at the state and local level. We are mainly focusing on the issue of adding more bike lanes in the city of Lowell and specifically on the north side of the Merrimack River. We would like to be put on an agenda for an upcoming City Council meeting so we can send a delegate of students so we can talk about our concern with the lack of bike lanes.

Please feel free to contact us at: kclark@lowell.k12.ma.us 978-937-7683

Sincerely,

8th grade students from Rm. 129

Shane Gannon
Lionelis Rodriguez
Kaylee Shirley

Mrs. Clark
