

## Review of Utility Company Request for New Conduit/Pole Location

Applicant Information

Project Address

Utility  
(Select one) Electric

Varnum Ave, 120 west of Riverside Ave.

Reason National Grid needs an additional pole to mount a smart device on it to monitor the electrical circuits in the area. The existing poles don't meet the requirements, therefore the monitor needs to be mounted to a new pole without other equipment on it.

Date Submitted 5/10/2023

Review done by Joseph Cady

Sidewalk Material No Sidewalk

**Note: Sidewalk material to be replaced in kind (Concrete in full panels only)**
