

Review of Utility Company Request for New Conduit/Pole Location

Applicant Information

Project Address

Utility
(Select one) Electric

Varnum Ave, 50 and 330 feet northwest of
Fowler Rd

Reason National Grid needs an additional pole to mount a smart device and comm. equipment on it to monitor the electrical circuits in the area. The existing poles don't meet the requirements, therefore the monitor needs to be mounted to a new pole without other equipment on it.

Date Submitted 5/22/2023

Review done by Joseph Cady
