To Whom It May Concern,

I am requesting a handicap sign in front of our residence at 800 Broadway Street. We, my partner Matthew Gould and I, own unit 6 and I usually park on street in front of the residence. Our condo is across from the UMass Wilder Faculty parking lot. Parking can be difficult when school is in session.

I have a handicap parking permit due to my mobility issues. Recently, I was also diagnosed with pancreatic neuroendocrine cancer. I am going to need treatment and surgery. I am hoping the City Council can approve a handicap sign in front of our residence so the students would be less likely to park there.

Thank you for your time.

Sincerely,

Tanya Kenney
