Petition For Removal of the 15 minutes Limit Parking sign

I am writing to request removal of the 15-minute limit parking sign situated along Merrimack Street in front of Brothers Pizza restaurant at 688 Merrimack ST in Lowell. The sign has caused a lot of friction between small business owners including myself next to Brother Pizza restaurant. Brothers Pizza owners have been claiming that the parking space where the sign is installed belongs to them and denying our customers the parking space. Brothers Pizza owners have gone to the extent of putting papers with "Do not Park here" writing on windows of my client's cars, when they park in the said space. This behavior has resulted in some of my prominent clients refusing to come to my Business. I must mention that prior to installing the said sign, all the business owners next to Brothers Pizza maintained a tranquil environment with parking spaces available to all customers of the businesses next to the said restaurant. It is my hope that your offices will resolve this matter by removing the said parking limit sign and save our business from losing customers further, which may lead to us closing down our business.
