RE: *Response to Motion Regarding Elementary Recess Equipment*

The following report is in response to a motion by Dominik Lay:

Request the superintendent ensures that all elementary schools have proper equipment for recreational use during recess

Elementary principals were queried regarding the type of recess play equipment they had on site and whether it was sufficient for student use at this time.

All principals report having recess equipment available for use at this time. Two principals indicated that the amount of available equipment was not yet sufficient and that orders have been submitted or are being submitted for additional equipment at this time. Central office clerical personnel supported the Reilly School with submitting its purchase order for new equipment due to a vacancy with the school clerical staff position at this time that was holding up the purchase order. The typical turnaround time for purchase orders from this vendor is short, and we anticipate all elementary schools to have a full selection of available equipment as soon as the deliveries are made.

Response to Motion 6.2- September 1, 2023
