RE: Council Motion of 9.4 7/11/17 C. Belanger

Req. City Mgr. Have Proper Department Cleanup Gateways Throughout The City In Preparation For The Lowell Folk Festival

The City of Lowell Department of Public Works has begun the necessary work to clean the gateways to the City ahead of the Lowell Folk Festival. The Street Department has dispatched the street sweepers and several members of the road crew to address any necessary weed whacking and tree trimming. We have a licensed contractor addressing the weed control spraying along the main roadways. The DPW Parks Division has increased the area that is patrolled by the Downtown Sweeper within the Folk Festival footprint.

Additional and specific requests may be directed to the DPW Administrative Offices in order to prepare the City for this summer's event. We will dispatch crews accordingly.

Feel welcome to contact me with any further questions you may have on this matter.
