I'm a writing you because I'm a Citizen
in a motorized wheel chair I live at
River Place in Lowell I cross the street
in back of Lowell High to get to down
town the handicap cross walk for
people with feet. traffic have to
step down to cross you use the crosswalk
which is dangerous for him and for people
in motorized chairs. ~~We need~~ ramp to
get down. The ramp is there but
not even two feet to cross more like
five feet away. The cars feel like
there's a sign but people are not at the
crosswalk and Jay walking.
Can you please address this because
it's been well over a year. Thank you
