Re: Council Response

9/26/17 8.10 Councilor Mercier – Request the City Manager have proper department post (2) “No Parking Here to Corner” signs up at the corner of Bowers and Fletcher Street, on both sides of Bower Street. In Addition please address the speeding issue on Fletcher Street by placing radar speed display device on the street.

On October 3, 2017 members from the Lowell Police Department Sign Shop installed “No Parking Here to Corner” signs on both sides of Bower Street and the corner of Fletcher Street and Bower Street. These signs seem to have had the desired affect since installation and have discouraged people from parking. The Lowell Police Department speed board was also placed on Fletcher Street for two weeks to prevent speeding. Sector Officers will continue to monitor the area.
