To Whom it May Concern,

I am the owner of 67-69 Loring Street. My house is set in the back of 71 Loring Street. I do not have a side walk only a drive way. The only place I have to put out the garbage is in front of the telephone pole or in front of 71 Loring St. I continually have issues with not having it picked up. In the winter we get plowed in every storm. There are two handicap people residing in this house. If there is an emergency we can not get out. I am requesting a handicap sign to be posted at the end of the driveway.

Thank You
Linda Gilbert
