

Nicolás H. Bosonetto, P.E.
City Engineer

Date: January 24, 2018
TO: Kevin J. Murphy, City Manager 
VIA: Tom Bellegarde, Assistant City Manager/DPW Commissioner
FROM: Nicolás H. Bosonetto, P.E., City Engineer

SUBJECT: 1/17/18 Councilor Mercier – Request Installation of (2) handicap parking signs in front of the East End club at 15 W. 4th. Street.

The City Engineer's office spoke to an employee of the East End Club who requested installation of three handicap signs in front of the club to assure sufficient parking is available during functions for elderly and handicap patrons.

Three handicap spaces have been included in the 60-day trials in today's agenda. The spaces have been located to assure sufficient clearance is available at the entrance ramp to the club.
