RE: Council Motion of 11.14 6/26/18 C. Mercier

***Req. City Mgr. have DPW Commissioner Apply For Domino's Pizza Grant of \$5,000 To Aid In Road Repairs***

---

At the Commissioner's request, the Department of Public Works researched how to apply for a Domino's Pizza Grant for up to \$5,000 to help local municipalities with pothole repairs. This campaign asks individuals to go to [www.pavingforpizza.com](http://www.pavingforpizza.com) and to nominate their town. Upon entering our City's zip code, we were asked to enter an email address. Only one nomination per email address is allowed.

Awarded communities are notified that they will receive the funds to assist with repairs. We believe this is a great opportunity that should be pursued via City social media platforms and word of mouth.

The DPW strongly recommends promoting this opportunity and hopes we drive enough traffic to the above mentioned website to make Lowell an awarded community.

Feel welcome to contact me with any further questions.
