SUBJECT: 6/12/2018 Motion 9.2 C. Cirillo - Req. City Mgr. Instruct Proper Department to Provide Trash Barrels at Various Locations along Jackson Street especially the segment between Marston and Canal Streets

I am writing in response to the above motion made by Councilor Cirillo. DPW has investigated this request.

To improve collection of trash on Jackson Street, DPW/Streets Division has performed the following: relocation of one spare trash barrel from Middlesex Street to Jackson Street mid-way between Marston Street and Canal Street and also has provided a second additional trash barrel at the corner of Jackson and Canal Streets. See following illustration and pictures on page 2.

We trust that these measures will address any trash issues on Jackson Street.

Please feel free to contact me if you have any questions regarding this motion response.

Thank you
