

Video Clip Update

To: Members of the Lowell School Committee

From: Jeannine M. Durkin, Acting Superintendent

Date: September 26, 2018

This report is in response to the following motion made by School Committee Member Andre Descoteaux, at the June 20, 2018 School Committee Meeting:

“Ask the Superintendent to have the TV Studio produce several (more than four) short thirty second video clips that feature what the students and staff of the Lowell Public Schools are doing on a daily basis; both in school and after school.”

Requests have been made of all school Principals to provide the Superintendent with brief video clips to be compiled with the support of students and staff from the Lowell High School Television Studio when deemed appropriate. Principals will certify that photo and video releases are on record for any students pictured in a photo or in a video prior to publication.

The videos will be shared with the School Committee and posted on the Lowell Public School website highlighting district and school-wide efforts. The video shared this evening is an example of our collection of photos to date.
