

**CITY OF LOWELL
PETITION**

TO THE
CITY COUNCIL

RESIDENTS OF BELVIDERE
(BRIAN MEADE JR)
OPPOSITION TO MASSDOT'S
PLAN TO RECONFIGURE RT38
INTERSECTION AT OAKLANDS
SQUARE.

In City Council

DECEMBER 18, 2018

Read and

Clerk

December 12, 2018

To the City Council and City Manager,

The residents of Belvidere present this petition to you in opposition to MassDOT's plan to reconfigure the RT 38 intersection at Oaklands Square. Of particular concern is eliminating vehicular access to Laurel St when approaching from Rogers St southbound and Boylston St northbound.

This action will unnecessarily redirect traffic up Fairmount St to Sycamore and Birch Streets for resident motorists attempting to reach Laurel, Wentworth, Parkview, Holyrood Ave, and beyond. This planned inconvenience is upsetting to both drivers and homeowners alike. Further, the Store 38 parking lot will turn into a dangerous and inappropriate cut-through, putting patrons and neighborhood kids in harm's way.

We agree that traffic calming and wayfinding improvements are long overdue in this area - but not in this fashion. The unintended consequences of this well-intentioned intersection reconfiguration are unacceptable, particularly in conjunction with this council's decision to ban thru traffic on Maryl Drive. We've yet to encounter a single resident who supports the MassDOT plan and only a handful of residents knew of the plan prior to last week. Please take any and all action necessary to stop this portion of the RT 38 intersection plan from happening.

Thank you,
Brian Meade Jr
Nitin Patel- Store 38 Owner

Cc.

State Representative David Nangle
NMCOG Executive Director Beverly Woods
MassDOT Secretary of Transportation Stephanie Pollack

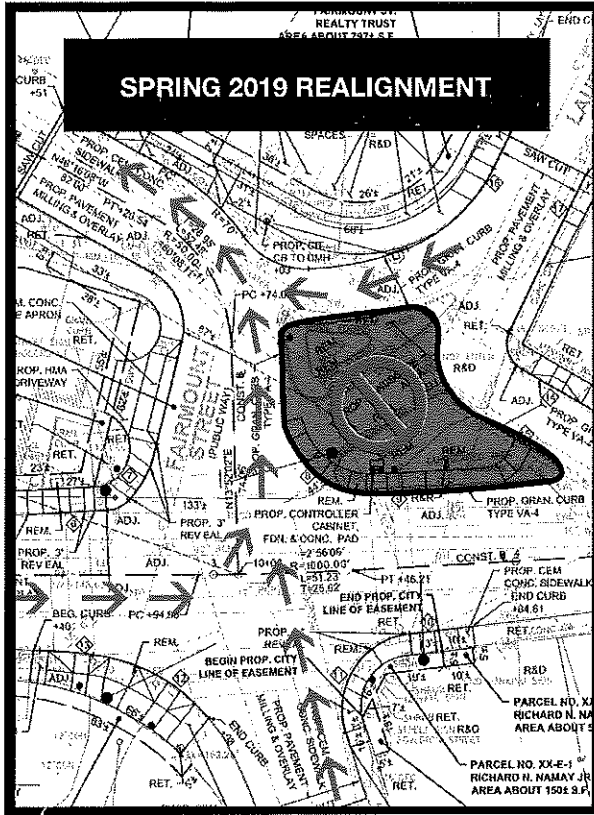

2018 DEC 13 AM 8:55

Keep Laurel Street Accessible!

MassDOT plans to eliminate access to Laurel St from Rogers St (southbound) and Boylston St in spring 2019. This will divert traffic to Fairmount, Sycamore, and Birch St for motorists trying to reach Laurel, Wentworth, Parkview, Holyrood Ave, and beyond. The Store 38 parking lot will turn into a dangerous and inappropriate cut through putting patrons and neighborhood kids in harm's way.

This decision will:

- Worsen traffic on Fairmount St, Sycamore St, and Birch St, particularly in conjunction with the recent decision to close Maryl Drive access to non-residents.
- Cause drivers to cut through the Store 38 parking lot, putting patrons and pedestrians in danger.
- Make an already hazardous intersection that is heavily used by children walking to and from Shedd Park even more dangerous.

We, the undersigned, request that the City of Lowell preserve access to Laurel Street before moving ahead with plans to realign the Rogers/Boylston intersection.

Keep Laurel Street Accessible!

MassDOT plans to eliminate access to Laurel St from Rogers St (southbound) and Boylston St in spring 2019. This will divert traffic to Fairmount, Sycamore, and Birch St for motorists trying to reach Laurel, Wentworth, Parkview, Holyrood Ave, and beyond. The Store 38 parking lot will turn into a dangerous and inappropriate cut through putting patrons and neighborhood kids in harm's way.

This decision will:

- Worsen traffic on Fairmount St, Sycamore St, and Birch St, particularly in conjunction with the recent decision to close Maryl Drive access to non-residents.
- Cause drivers to cut through the Store 38 parking lot, putting patrons and pedestrians in danger.
- Make an already hazardous intersection that is heavily used by children walking to and from Shedd Park even more dangerous.

We, the undersigned, request that the City of Lowell preserve access to Laurel Street before moving ahead with plans to realign the Rogers/Boylston intersection.
