January 9, 2019

Dear Acting Superintendent Durkin and Members of the Lowell School Committee,

The J.G. Pyne Arts Magnet School was notified today that we have been chosen as a recipient of a Lowe's Toolbox for Education grant in the sum of \$5,000.

We are writing to respectfully request your consideration and approval for Pyne Arts to accept this grant award for the purpose of fulfilling the project outlined in the grant, which is the creation of an outdoor classroom space at Pyne Arts. The funds are to be utilized to purchase 5 round metal picnic tables to begin the outdoor classroom project this spring. We intend for all students to access this space, including those who attend the special education summer school, year-round at Pyne Arts.

Your consideration of this request is greatly appreciated.

Sincerely,

Wendy Crocker-Roberge, Principal
J.G. Pyne Arts Magnet School
