

**Lowell Community Health Center and  
Lowell Public Schools School-Based Health Center  
*Trends and Opportunities in Adolescent Health***

To: School Committee Members

From: Jeannine M. Durkin, Superintendent of Schools

Date: June 13, 2019

---

The attached report provides recommendations that were brought forward to the Lowell Public School's Health and Wellness Policy Committee from of the Lowell Community Health Center's School-Based Health Center at Lowell High School which offers students primary medical care on-site during school hours. The report provides information on teen reproductive health for the committee's consideration.
