3. SPECIAL ORDER OF BUSINESS

Mayor Leahy read to the public that this meeting was being held remotely in accordance with the Governor of Massachusetts’ March 12, 2020 order suspending certain provisions of the Open Meeting Law G.L.C. 30A, Section 20.

3.2. 2020-2021 District Wide Strategic Plan and FY21 Level Service Line Item Budget

The following people registered and spoke about the FY21 Level Service Line Item Budget:

- Fred McOsker
- Luz Vasudevan
- Janise Rosario
- Jennifer Balala
- Gen Parasole

Superintendent Boyd addressed the Committee and stated the following:

“You will notice that the agenda item before you is not written as a recommendation. I am looking forward to the Committee’s questions, guidance and advice, but this budget book should not be viewed as my recommended budget for FY21 or even my proposed budget for FY21. I am actually not recommending that the Committee take any formal action other than to receive the budget book as a
report of progress to enable continued transparent discussion and responsible fiscal planning in light of the many economic uncertainties brought about by COVID-19. We are just two months from the transition from one fiscal year to another, so having this line item budget in front of the committee tonight and using it as a basis for continued thoughtful discussion is an important step in providing complete transparency to the community as we work to meet the demands of the budget calendar. However, as the Mayor has emphasized repeatedly since we began these discussions, there remains a significant number of critical variables for which we do not have the certainty we would normally expect. There are still far too many unknowns for the Committee to responsibly adopt any type of FY21 budget at this time. The budget outlined within the book that was made public on Friday was built in a way that enables us as a district to continue to move forward with the required budgeting calendar while still remaining flexible to the evolving context we find ourselves in. It is designed based on just one of many plausible scenarios of what revenue might look like for LPS in FY21 – a scenario in which the district receives only 50% of the increase from the Governor’s January proposal.

Although it is highly unlikely, it is still possible that the funding contemplated for school districts in the Governor’s pre-COVID budget will remain intact. Unfortunately, there are several indications – mostly unofficial ones – that will not be the case. As Finance Chair Martin stated during our subcommittee meeting, it is quite possible that we may receive even less revenue than the $6.7 million of new money required for the line item budget in front of you tonight. One way or another we will likely need to adjust – and potentially in significant ways – as the revenue picture becomes more clear. At this point, the only guidance we have received from DESE is to be prudent, but avoid creating chaos in the community. We believe the conversation tonight reasonably strikes that balance.

A few points to keep in mind before Ms. Turner walks the Committee through this draft budget book.

1. We are expecting the grant application window to open for the K-12 provision of the federal CARES ACT this week or next. Depending on the size and stipulations of the grant, it could significantly alter our known revenue despite the larger scale uncertainties. We will keep the Committee apprised when we receive that official information.

2. All of the contracts the district currently has with its bargaining units will expire on June 30. Those conversations and negotiations remain active and this line item budget does not account for any perceived or forecasted outcomes to those negotiations. To remain consistent with past discussions, within this budget book, all of the contractually required salary increases which took place or are required to take place this fiscal year for both affiliated and non-affiliated personnel are consolidated within one line item of $5.4 million. That line should be viewed as a fixed cost increase. In future versions of the budget book, that $5.4 million will be distributed among the relevant employee salary lines.

3. There is a detailed accounting breakdown of the school based budgets within the budget book and a response to the Committee’s request for a further narrative analysis of the rationale for each item within the $2 million of increases to school budgets will be provided next week.
4. There are two outstanding motions related to job descriptions which I know the Committee is interested in receiving prior to adoption of the FY21 budget, one from Committee Member Doherty and one from Committee Member Dillon. Responses to both will be provided at the next scheduled Committee meeting on the 20th. Again, no action is being recommended tonight.

5. Of some urgency for the district is the timetable before us for utilizing the FY20 cost savings resulting from the closure, largely the savings from our pre-COVID budget forecasts for transportation and substitutes – savings which are essential to purchasing much needed mobile devices for our students for next year. Ms. Turner will speak to the timeline and the options before the Committee, and the Committee should keep in mind that we may need to schedule a special session next week to encumber those funds. We are aware that there are some percolating statewide discussions regarding some type of legislative waiver allowing funds to be carried forward into the next fiscal year, but we don’t currently anticipate that waiver being available to the Committee.

6. And lastly, this draft budget - as will be the case with any budget that is brought before the Committee in the future - is part of a coherent approach to funding our 28 schools and our districtwide strategic plan which defines our systemic commitment to equity and places the needs of our students at the center of every decision. This is the key part that is often lost in budgeting, which is why you see one combined item for both the strategic plan and budget in tonight’s agenda. Connecting our budget to a coherent approach – namely the strategic plan – maximizes the chance that our investments are both efficient and effective. Efficient in the sense that it is easier as an organization to recognize when expenditures are somehow duplicative and effective in that by leveraging our collective organizational strength, we are better positioned to move all of our goals forward on behalf of Lowell’s 14,500 students.

The budget outlined in tonight’s budget book does that while adhering to a speculative scenario of 50% less new money coming into the district; an extraordinary budgetary challenge that was met in part by reducing administrative headcount in central office without requiring any furloughs or layoffs and shifting those dollars to school budgets, and also again, leveraging the operational savings realized during the closure. With that I will turn the microphone over to Ms. Turner and look forward to the Committee’s continued input as we navigate these unchartered waters.”
